VA to Take Applications for New Family Caregiver Program VA Implementing Enhancements to Existing Services for Veterans and Their Caregivers

Van Transportation...

- * **Don't drive** and need to get to the VA Medical Center or the Troy VA Clinic!?
- * We offer complimentary van transportation to and from the VAMC and Clinic for **most morning** medical appointments.

For more details call
270-2760.

WASHINGTON - Today, the Department of Veterans Affairs (VA) published the interim final rule for implementing the Family Caregiver Program of the Caregivers and Veterans Omnibus Health Services Act 2010. This new rule will provide additional support to eligible post-9/11 Veterans who elect to receive their care in a home setting from a primary Family Caregiver.

"We at VA know that every day is a challenge for our most seriously injured Veterans and their Family Caregivers," said VA Secretary Eric K. Shinseki. "I know many Veterans and their Family Caregivers have been waiting anxiously for this day and I urge them to get their applications in as soon as possible so they can receive the additional support they have earned."

On May 9, staff in VA's Office of Care Management and Social Work will open the application process for eligible post-9/11 Veterans and Servicemembers to designate their Family Caregivers. Additional services for primary Family Caregivers of eligible post-9/11 Veterans and Servicemembers include a stipend, mental health services, and access to health care insurance, if they are not already entitled to care or services under a health care plan. Comprehensive Caregiver training and medical support are other key components of this program.

The program builds on the foundation of Caregiver support now provided at VA and reflects what families and clinicians have long known; that Family Caregivers in a home environment can enhance the health and well-being of Veterans under VA care.

Starting May 9th, Veterans may download a copy of the Family Caregiver program application (VA CG 10-10) at www.caregiver.va.gov. The application enables the Veteran to designate a primary Family Caregiver and secondary Family Caregivers if needed. Caregiver Support Coordinators are stationed at every VA medical center and via phone at 1-877-222 VETS (8387) to assist Veterans and their Family Caregivers with the application process.

"Providing support to Family Caregivers who sacrifice so much to allow Veterans to remain at home surrounded by their loved ones, is very important to us at VA. We offer a range of Caregiver support services including training, counseling and respite care to ensure that our caregivers have the tools and support they need to continue in their care giving role," said Deborah Amdur, VA's Chief Consultant for Care Management and Social Work. "We appreciate the patience, support and assistance we have received from Veterans, Veterans Service Organizations, and the greater Caregiver community in shaping this program to our wounded warriors and their dedicated Family Caregivers."

Caregivers for Veterans of all eras are eligible for respite care, education and training on what it means to be a caregiver, how to best meet the Veteran's care needs, and the importance of self-care when in a care giving role. The full range of VA services already provided to

Caregivers will continue, and local Caregiver Support Coordinators at each VA medical center are available to assist Family Caregivers in identifying benefits and services they may be eligible for. The Caregiver Support Coordinators are well versed in VA programs and also have information about other local public, private and non-profit agency support services that are available to support Veterans and their Family Caregivers at home.

VA programs for Veterans and their Family Caregivers include:

- **In-Home and Community Based Care:** This includes skilled home health care, homemaker home health aide services, community adult day health care and Home Based Primary Care.
- **Respite Care:** Designed to relieve the Family Caregiver from the constant challenge of caring for a chronically ill or disabled Veteran at home, respite services can include in-home care, a short stay in one of VA's community living centers or an environment designed for adult day health care.
- **Caregiver education and training programs:** VA currently provides multiple training opportunities which include pre-discharge care instruction and specialized caregiver programs in multiple severe traumas such as Traumatic Brain Injury (TBI), Spinal Cord Injury/Disorders, and Blind Rehabilitation. VA has a Family Caregiver assistance healthy living center on My HealtheVet, www.myhealth.va.gov <<http://www.myhealth.va.gov>>, as well as caregiver information on the VA's main Web page health site; both Websites include information on VA and community resources and Caregiver health and wellness.
- **Caregiver support groups and other services:** Family Caregiver support groups, offered in a face to face setting or on the telephone, provide emotional and peer support, and information. Family Caregiver services include family counseling, spiritual and pastoral care, family leisure and recreational activities and temporary lodging in Fisher Houses.
- **Other services:** VA provides durable medical equipment and prosthetic and sensory aides to improve function, financial assistance with home modification to improve access and mobility, and transportation assistance for some Veterans to and from medical appointments.

A Message from Our Director.....

Healing Trip to Vietnam:

Many Vietnam Veterans, about 90%; still carry a burden of guilt or sorrow; or both, about their time in Vietnam. Many veterans' saw the loss of friends and comrades on the battle field. A lot were injured and scarred, not just physically but emotionally also. Even after 40 years it is still difficult to deal with since there has not been any closure. The purpose of this trip is 'HEALING'. Trips like this one have been done in the past. Veterans' and their families say that the experience was peaceful and gratifying. They were able to relieve themselves of some of their "demons" and bring closure to a long heartache.

This trip is open to ALL veterans' and family members. However, we are limited to the amount of guests we can bring. If you have any questions, please call Bob Reiter at 733-5827 or Sam Rounds at 209-1822. We are currently selling 50/50 tickets to help with the cost for some veterans' who can not afford the trip. The fundraising will be on going, and we already have the O'Neil American Legion Post Auxiliary doing a breakfast in support. The cost for the trip is about \$150.00 a day for 21 days, which is a total of \$3,200.00; which pays for all hotels, ground and air transpiration (in Vietnam) and most meals. It also pays for any fees, but NOT for beverages or airfare to or from Vietnam.

We would also like to build a 'COMPASSION HOUSE', for a very poor family. This would be for a family of 6 people who live in the rural area just South of Da Nang. It will be built of bricks by the size of 5m + 10m with a metal roof (storm proof). The cost is about \$2,500.00. The head of the house hold is a mother, HUYNH THI HIEN, single (husband passed from Agent Orange). She is a 54 year old farmer and has her mother, both her in-laws and two mentally ill children, ages 26 and 29. The family lives on less than \$2.00 a day. The current home is built of bamboo walls, earthen floor and a grass roof with NO furniture at all except the "Family's" alter.

Please support us by hosting an event, buying tickets and/ or sending donations to "VIETNAM VETERANS' HEALING TRIP" at Post Office Box 152, Troy, New York 12181.

Yours in Patriotism, Bob

Upcoming Events:
