

The Veterans of Stephentown proudly present...

**20 award-winning Vietnam War photos
from the Tet Offensive by John Olson**

**Large-format prints of these historic images created for the
2018 exhibit, *The Marines And Tet: The Battle That Changed
The Vietnam War*, at The Newseum in Washington, DC**

*"His photo of the unconscious Marine lying on the tank surrounded by his
wounded brothers-in-arms now stands among the iconic images of the Vietnam
War. Both painterly and heart-wrenching, it was a raw artifact of a hellish 26-day
battle that contributed to turning the American public against the war."*
