The Victim Liaisons work closely with victims of crime and the attorneys in order to ensure justice for the victims of crime. Regular duties include keeping victims informed of the legal process, scheduling witness interviews, calculating and documenting restitution, monitoring compliance with post-conviction orders of protection and restitution. The attorneys and investigators are served by dedicated confidential support staff which manages the day to day operation of the office, which includes managing payroll, accounts payable, preparation of legislation, preparation of personnel documents, grant reporting, and budget preparation. In addition, the front office support staff maintains the office case tracking system, coordinates the day to day duties and responsibilities of the sitting Grand Juries, coordinates the city and county court calendars, together with maintaining all records with the various local justice courts.

The District Attorney’s Office was awarded renewal of the GIVE (Gun Involved Violence Elimination) grant. Said grant funds provide for the salary and fringe benefits for one (1) additional full-time prosecutor and one (1) full-time Special Investigator (Confidential). The primary focus of this grant is to reduce gun-related crime in a targeted area within the County. All task force members will operate as a planning group and work together to develop and implement a strategy for reducing gun-related crime. Monthly task force meetings will be held to collaborate with other GIVE partners in an effort to reduce shootings, homicides and firearm-related violent crime. In an effort to achieve the goal of reducing gun-related crimes, the dedicated GIVE prosecutor will be available to provide legal and/or prosecutorial advice and assistance to law enforcement agencies during the investigatory or pre-arrest stage of a gun-involved investigation and can be available to be present at gun-related crime scenes. In addition to the assistance to law enforcement agencies, the dedicated GIVE prosecutor will provide prosecution services at preliminary hearings, grand jury proceedings, pre-trial hearings; as well as any trials that relate to gun-related crimes. The Special Investigator (Confidential) position, funded under the GIVE grant, will be dedicated to assist in the investigation of gun-related crimes. The Special Investigator will work exclusively with the GIVE prosecutor and law enforcement agencies in an effort to support targeted firearm and violent crime reduction efforts related to gun violence.

The District Attorney’s Office was awarded renewal of the Parole Re-Entry grant from the New York State Division of Criminal Justice Services. The Rensselaer County District Attorney is the Chair of the County Re-entry Task Force. The Re-entry Task Force monitors and coordinates services and compliance efforts of high-risk offenders released on parole to supervision in the County. The program is modeled after similar programs in larger jurisdictions and has become the standard of how such programs should run state-wide. The program has been in effect for several years and has reduced the recidivism rate by a significant percentage while contributing greatly to the reduced jail population in the Rensselaer County Correctional Facility. This grant allows for the salary and partial fringe for one (1) Parole Re-Entry Coordinator. The grant also allows for contractual services with local agencies to provide support services for reintegration, as well as funding for travel, telephone and office supplies. The primary focus of this grant is to help with the reintegration process of parolees returning to Rensselaer County.

The District Attorney’s Office applied for and was granted two (2) newly created grant awards from the New York State Division of Criminal Justice Services under the VAWA (Violence Against Women) program. The grant awards the salary for one (1) additional Victim Liaison who will work closely with the victims of crimes and their families, and the attorneys, in order to ensure justice for the victims of domestic violence and sexual assault crimes. Regular duties include keeping victims informed of the legal process, scheduling witness interviews, calculating and documenting restitution, monitoring compliance with post-conviction orders of protection and restitution and the collection and entry of Integrated Court data. The grant also awards the salary of one (1) additional Assistant District Attorney who will be assigned to prosecute domestic violence and sexual assault cases. This new position will allow for specialization of prosecutorial resources and ease management continuity. The VAWA Prosecutor will be responsible for outreach and training with a broad range of community partners including the Rensselaer County Sexual Assault and Response Team, Rensselaer County Sexual Assault Nurse Examiner’s Office and local law enforcement agencies. The primary focus of these grants is to work together to provide services to victims of domestic violence and sexual assault in Rensselaer County.
PROGRAM OBJECTIVES:

The office must maintain an emphasis on attracting and retaining qualified, dedicated professionals to carry out the core mission of the office. The Office continues to seek revenue sources from State and Federal agencies, including New York State Division of Criminal Justice Services and the United States Justice Department. These programs are tremendous enhancements of the core mission of the office and its fundamental role as the primary prosecutorial agency in the County. These programs require expertise in both implementation and management of the revenue stream. The office will continue to seek out these resources without compromising the fundamental mission of the District Attorney.

PROGRAM STATISTICS:

In 2014, a total of 5,242 cases were opened; 3,986 misdemeanors and 1,256 felonies. As of July 15, 2015, the District Attorney’s office has opened a total of 2,965 cases; 2,268 misdemeanors and 697 felonies. The projected number of misdemeanors for 2015 is 4,187, which is 201 more cases than 2014, an increase of five percent (5%), and the number of felony cases opened is estimated to be 1,286, an increase of 30 cases over 2014 or approximately two percent (2%).

MANDATES:

The County is mandated to fund a District Attorney’s Office. All grants associated with this office are not considered mandated services.

REVENUE APPLICABLE TO THIS PROGRAM: $240,540

R3030 30301 State Aid – District Attorney $ 72,189
R3389 33891 ATP03 DA – Aid to Prosecution 31,650
R3389 33899 GIVE2 State Aid – GIVE Grant 86,701
R3390 33902 RTF06 State Aid – Parole Re-Entry 50,000

SUMMARY OF BUDGET OFFICER’S ACTIONS:

Resolution G/262/15 authorized the acceptance of a grant award from the New York State Division of Criminal Justice Services for the Aid to Prosecution program (ATP03) in the amount of $63,300 for the period of April 1, 2015 through September 30, 2016.

Resolution G/309/15 authorized the acceptance of a grant award from the New York State Division of Criminal Justice Services for the Gun Involved Violence Elimination program (GIVE2) in the total amount of $173,401 for the period of July 1, 2015 through June 30, 2016.

Resolution G/310/15 authorized the acceptance of a grant award from the New York State Division of Criminal Justice Services for a Parole Re-Entry program (RTF06) in the total amount of $100,000 for the period of July 1, 2015 through June 30, 2016.

Resolution G/38/15 authorized the acceptance of two (2) grant awards from the New York State Division of Criminal Justice Services for the STOP Violence Against Women program (VAW01) in the total amounts of $35,600 and $66,750 for the period January 1, 2015 through December 31, 2015. Since this grant expires at the end of 2015, allocations for 2016 have not been appropriated.

Rensselaer County and the United Public Service Employees Union (UPSEU) settled the terms of their agreement for a successor collective bargaining agreement covering the period January 1, 2014 through December 31, 2017. Based upon the provisions of this agreement, all bargaining unit positions are budgeted with a 2.3% increase over 2015 year-end salary levels. Management confidential positions, except for the District Attorney, have also been budgeted with a 2.3% salary increase over 2015 year-end levels. The department would like to upgrade a current Case Tracking Clerk I (grade 6) to a Case Tracking Clerk II (grade 9). The Case Tracking II position is more involved than the Case Tracking I position. It requires creating and maintaining all case files in the District Attorney’s office. Work is performed with general supervision allowing for independent judgment in the routine tracking of cases in the CaseTraq System. At the December 18, 2014 Civil Service Commission meeting, the position of First Assistant District Attorney was reclassified to the position of Chief Assistant District Attorney (ADA). The Chief ADA must have several years of experience as a prosecutor, as they are expected to prosecute the most serious cases in the County. They are also expected to perform administrative and management duties. The Chief ADA stands in when the District Attorney is unreachable.

The District Attorney’s 2016 budget request for the Chief ADA is for approximately $2,900 above the contractual increase.

Contractual funding is provided based upon historical analysis, anticipated need and the department’s request.

DEPARTMENTAL FUNCTIONS:

The Rensselaer County District Attorney’s Office continues to receive funding from the New York State Office of Victim Services, f/n/a New York State Crime Victims Board to maintain our Victims Assistance Program. The Victims Assistance Program is housed at the District Attorney’s Office. The program currently employs three (3) full-time staff members: a Victim Assistance Program Director, and two (2) Victim Liaisons (Town and City/County). The program provides essential services to victims of crime in Rensselaer County. Program staff works closely with prosecutors in the office to coordinate victim involvement and notification and to facilitate the efficient disposition of all criminal matters prosecuted in the Criminal Courts throughout the County. Program staff provides information, referrals, court accompaniment, short-term counseling, personal advocacy, support, and follow-up to victims and witnesses.

PROGRAM OBJECTIVES:

This Victims Assistance Program of the District Attorney's Office continues to assist the attorneys as the liaison between the office, the court and the victims of crimes within Rensselaer County. The staff will assist the attorneys in the preparation of trial, completion of victim compensation claims, follow-up telephone contact, and providing information in regards to counseling services, emergency housing, money and transportation.

PROGRAM STATISTICS:

2015 Statistics:
- 55 victims provided with compensation claims information per month;
- 55 new cases opened per month;
- 115 victim provided with information and referrals per month; and
- 120 follow-up contacts per month.

REVENUE APPLICABLE TO THIS PROGRAM:

R3031 30311 OVS02  DA – Office of Victim Services $148,390

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Resolution G/413/15 authorized the acceptance of second year funding from the New York State Office of Crime Victim Services for the Victims Assistance Program in the amount of $197,853 for the period of October 1, 2015 through September 30, 2016.

A position upgrade, from grade 11 to grade 12, is being requested because the Town Court Victim Liaison essentially performs the same job duties as a Victim Liaison, which is a grade 12, only in different areas of the County. The minimum qualifications, as well as knowledge, skills and abilities required are exactly the same for both positions. The salary of the Victim Assistance Program Director is funded with the 2.3% contractual increase over the year-end 2015 level. An on-call stipend has been requested for the Victim Assistance Program Director. The department would like to upgrade a current Victim Liaison (grade 12) to a Victim Liaison II. The work involves providing services to victims of crime in the City of Troy, City of Rensselaer and the rest of Rensselaer County. The work is performed with limited supervision, allowing for independent judgment in the routine daily operation. This position will act as the unit supervisor in the absence of the director and will train new and current employees.

Contractual funding for the program has been approved through September 30, 2016, and is based upon the grant award.

A1170 PUBLIC DEFENDER

DEPARTMENTAL FUNCTIONS:

The Public Defender is responsible for representing indigents in Rensselaer County Courts by order of the Court and with the consent of the client. An indigent is defined as a person who is financially unable to retain private counsel. Formerly concerned solely with criminal matters, as of January 1976 the Public Defender’s Office has by law also assumed responsibility for representation in Family Court in cases involving support, custody, neglect and family offenses. The Public Defender’s Office has additionally been given the responsibility representing clients in special concept courts, including Integrated Court, Drug Court and Domestic Violence Court.

Courts referring indigent clients to the Public Defender are County Court, Family Court, Rensselaer City Court, Troy Police Court, all Rensselaer County Justice Courts and Supreme Court.

Beginning in 2006, the Public Defender assumed responsibility for handling parole revocation hearings and administrative appeals in parole cases.

Beginning in 2009, the Public Defender's Office assumed resentencings under the Rockefeller Drug Law Reform Act.

MANDATES:

The County shall fund this office, which will represent all persons charged with a crime in the County who cannot afford to retain private counsel.

REVENUE APPLICABLE TO THIS PROGRAM:

R1265 12651 Public Defender Fees $12,500

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Resolution G/52/14 authorized the acceptance of a grant award from the New York State Office of Indigent Legal Services in the total amount of $554,159.23 for the period of June 1, 2013 through May 31, 2016. These grant monies were split into three (3) equal distributions. Each $184,719.74 was budgeted for separately within the following programs codes: CFA11, CFA12 and CFA13.

Resolution G/91/13 authorized the acceptance of a grant award from the New York State Office of Indigent Legal Services, to assist in improving the quality of indigent legal services provided pursuant to Article 18-B of the County Law of the State of New York, in the total amount of $272,073 for the period of June 1, 2012 through May 31, 2015. These grant monies were split into three (3) equal distributions. Each $90,691 was budgeted for separately within the following program codes: ILS01, ILS22 and ILS23. Resolution G/299/15 authorized the extension of this grant to May 31, 2016. Remaining funds are budgeted within program code ILS24. If any monies remain at the end of 2015, they may be brought forward into 2016 by legislative resolutions.

Resolution G/226/14 authorized the acceptance of a grant award from the New York State Office of Indigent Legal Services in the total amount of $272,073 for the period of June 1, 2013 through May 31, 2016. These grant monies were split into three (3) equal distributions. Each $90,691 was budgeted for separately within the following program codes: ILS31, ILS32 and ILS33.

Resolution G/438/14 authorized the acceptance of a grant award from the New York State Office of Indigent Legal Services in the total amount of $272,073 for the period of January 1, 2014 through December 31, 2016. These grant monies were split into three (3) equal distributions. Each $90,691 was budgeted for separately within the following program codes: ILS41, ILS42 and ILS43.

Personnel Services is funded at a level consistent with the provisions of the 2014-2017 UPSEU collective bargaining agreement, which provides for a 2.3% salary increase. These provisions have been extended to management confidential employees. The department has requested a position upgrade, from grade 7 to grade 8, for the two Secretary to Assistant Public Defenders. Over the course of the past year and a half, the implementation of the Counsel at First Appearance grant as well as other OILS grants has increased the work load for all members of the Public Defender’s secretarial staff. Due to the proposed retirement, in November 2015, of a secretary, there are sufficient funds within these line items to cover the proposed upgrades to these positions. Any new employee hired for the impeding vacancy will be hired at the reduced (15% less) union level, which will also help offset the upgrades.

Contractual codes are budgeted to meet anticipated needs.

DEPARTMENTAL FUNCTIONS:

This program was created by Legislative Resolution G/117/97 in order to assist the County in containing the escalating costs of hiring Family Court assigned legal counsel.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Resolution G/91/13 authorized the acceptance of a grant award from the New York State Office of Indigent Legal Services, to assist in improving the quality of indigent legal services provided pursuant to Article 18-B of the County Law of the State of New York, in the total amount of $272,073 for the period of June 1, 2012 through May 31, 2015. These grant monies were split into three (3) equal distributions. Each $90,691 was budgeted for separately within the following program codes: ILS01, ILS22 and ILS23. Resolution G/299/15 authorized the extension of this grant to May 31, 2016. Remaining funds are budgeted within program code ILS24.

Resolution G/226/14 authorized the acceptance of a grant award from the New York State Office of Indigent Legal Services in the total amount of $272,073 for the period of June 1, 2013 through May 31, 2016. These grant monies were split into three (3) equal distributions. Each $90,691 was budgeted for separately within the following program codes: ILS31, ILS32 and ILS33.

The department has requested a position upgrade, from grade 7 to grade 8, for the Secretary to Assistant Public Defender. Over the course of the past year and a half, the implementation of the Counsel at First Appearance grant as well as other OILS grants has increased the workload for all members of the Public Defender’s secretarial staff. The provisions of the 2014-2017 UPSEU collective bargaining agreement have been extended to the two Assistant Public Defenders. Their salaries have been increased by 2.3% over 2015 year-end levels.

Contractual expense allocations reflect projected requirements.

DEPARTMENTAL FUNCTIONS:

The Rensselaer County Office of the Conflict Defender was created in 2004 to serve in the place and instead of the Public Defender whenever the Public Defender is disqualified from acting to discharge his or her duties in a particular case. The Conflict Defender operates and functions separately and distinctly from the Office of the Public Defender.

PROGRAM OBJECTIVES:

The department has two primary objectives. First, it is constitutionally and statutorily mandated to provide competent legal representation to indigent persons in the Criminal Courts and Family Court. As such, the Office of Conflict Defender has responsibilities to its clients, which are identical to those of the Public Defender with respect to the clients whom that office serves. Second, it is designed to achieve cost savings by eliminating the need to compensate private attorneys on an hourly basis for such services.

MANDATES:

This department was created to address the mandate of representing indigent defendants and reduce the escalating costs associated with the Public Administrator and 18-B Counsel.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Resolution G/52/14 authorized the acceptance of a grant award from the New York State Office of Indigent Legal Services in the total amount of $554,159.23 for the period of June 1, 2013 through May 31, 2016. These grant monies were split into three (3) equal distributions. Each $184,719.74 was budgeted for separately within the following programs codes: CFA11, CFA12 and CFA13.

Resolution G/91/13 authorized the acceptance of a grant award from the New York State Office of Indigent Legal Services, to assist in improving the quality of indigent legal services provided pursuant to Article 18-B of the County Law of the State of New York, in the total amount of $272,073 for the period of June 1, 2012 through May 31, 2015. These grant monies were split into three (3) equal distributions. Each $90,691 was budgeted for separately within the following program codes: ILS01, ILS22 and ILS23. Resolution G/299/15 authorized the extension of this grant to May 31, 2016. Remaining funds are budgeted within program code ILS24.

Resolution G/226/14 authorized the acceptance of a grant award from the New York State Office of Indigent Legal Services in the total amount of $272,073 for the period of June 1, 2013 through May 31, 2016. These grant monies were split into three (3) equal distributions. Each $90,691 was budgeted for separately within the following program codes: ILS31, ILS32 and ILS33.

Resolution G/438/14 authorized the acceptance of a grant award from the New York State Office of Indigent Legal Services in the total amount of $272,073 for the period of January 1, 2014 through December 31, 2016. These grant monies were split into three (3) equal distributions. Each $90,691 will be budgeted for separately within the following program codes: ILS41, ILS42 and ILS43.

Personnel Services line items, except for the Conflict Defender, reflect the 2.3% salary increase over the 2015 levels as provided by the UPSEU collective bargaining agreement, which has been extended to management confidential employees. The Conflict Defender has requested an increase of approximately $2,500 more than the contract raise. This increase is being approved to correct a salary disparity between the Conflict Defender and the highest paid Assistant Conflict Defenders. The Conflict Defender does assume the extra duties of being the Department Head.

Contractual expenses are funded to meet anticipated requirements for 2016.

DEPARTMENTAL FUNCTIONS:

In accordance with federal and state law, indigent persons charged with criminal offenses potentially subject to incarceration and other such persons involved in certain types of civil litigation are entitled to legal representation at public expense. The primary source of such representation in Rensselaer County at the pre-trial and trial stages of such proceedings is the Public Defender. Since January 1, 2004, whenever the Public Defender has a conflict of interest, the secondary source of such representation is the Conflict Defender. Since June 13, 2011, whenever the Conflict Defender has a conflict of interest, the next source of such representation in Family Court cases is the Special Family Court Counsel. Still, many cases remain in which none of the three offices can represent such an individual. In those cases, the Court will assign a private attorney to represent the affected individual, usually at a statutory rate of $75.00 per hour. Those criminal defendants who are convicted of crimes have a right to be represented on appeal. Some of those defendants are represented by the Special Appellate Counsel. Others including co-defendants, are assigned private counsel who are paid at the same statutory rate. Those pre-trial, trial and appellate claims are paid by the County from the Public Administrator appropriation code pursuant to Section 722-b of the County Law and are monitored on a pro bono basis by the County Attorney.

MANDATES:

This program shall assign counsel to indigent defendants in cases where a conflict of interest exists with the Public Defender’s and Conflict Defender’s offices.

REVENUE APPLICABLE TO THIS PROGRAM: $208,418

SUMMARY OF BUDGET OFFICER'S ACTIONS:

The State of New York’s 2011-2012 budget altered the manner in which financial support was and will be given to the County’s Indigent Legal Services program. Under this new process, the financial support received in March 2010, for the County’s 2009 calendar year, is considered the base funding year. Thereafter, ninety percent (90%) of the base year was received in March 2011 for 2010, seventy-five percent (75%) of the base year was received in March 2012 for 2011, fifty percent (50%) of the base year was received in March 2013 for 2012, and twenty-five percent (25%) of the base year was received in March 2014 for 2013. In 2014, there was no longer State funding for this program. The disparity between the base year’s funding and the funding received in each year thereafter is supposed to be replaced by discretionary grant funding from the New York State Office of Indigent Legal Services (OILS). Thus each year, Rensselaer County must apply for and receive approval from OILS for additional funding in order to maintain the 2009 base year funding level. This new manner of funding does not cover all of the existing expenses. The discretionary grant funding is likely to be directed toward additional expenses, as it cannot supplant existing obligations.

Since January 1, 2005, the position of Special Appellate Counsel has been included within this code to handle the appeals by indigent persons, which would otherwise be assigned to private attorneys, except for those assigned by reason of a conflict of interest.

As of June 13, 2011, the positions of Special Family Court Counsel were included within this code in order to achieve savings through decreased assignments of private counsel to represent indigent parties within Family Court.

The salaries of the Special Family Court Counsels have been budgeted with a 2.3% increase over 2015 year-end levels.

A1185 MEDICAL EXAMINER

DEPARTMENTAL FUNCTIONS:

Pursuant to the provisions of Section 8.08 of the Rensselaer County Charter and Section 400 Article 17-A of the County Law of the State of New York, the Medical Examiner program is administered by the Department of Health. The general duties of the Office of the Medical Examiner are to investigate the death of every person dying within the county, or whose body is found within the county, which appears to be:

- A violent death, whether by criminal violence, suicide or casualty;
- A death caused by unlawful act or criminal neglect;
- A death occurring in a suspicious, unusual or unexplained manner;
- A death while unattended by a physician, so far as can be discovered, or where no physician able to certify the cause of death as provided in public health law and in form as prescribed by the commissioner of health can be found; or
- A death of a person confined in a public institution other than a hospital, infirmary or nursing home.

The Office of the Medical Examiner has a chief Medical Examiner who is certified as a forensic pathologist performing all necessary autopsies. The program has Medico-Legal Death Investigators (MLDI’s) that are on call twenty-four hours a day, seven days a week, three hundred sixty-five days a year, and work under the general direction of the Medical Examiner during an investigation. The MLDI’s perform documentation, arrange for transport of the deceased for autopsy, obtain medical records as indicated, contact primary care providers and family of the deceased, and secure the scene in conjunction with the law enforcement agency having jurisdiction. The MLDI’s respond to the scene of the death as quickly as possible.

PROGRAM OBJECTIVES:

It is the objective of the Office of the Medical Examiner to investigate any and all deaths that occur within the County of Rensselaer or to investigate the death of any body found within the county as prescribed by law, and in a timely manner. Individuals working within the office continue to obtain professional growth within the areas of investigation and newly identified diseases. The office continues to expand its collaborative efforts with all county departments and community agencies that have responsibility in the investigation of a death, such as the Department of Social Services, Mental Health, emergency medical services, fire departments, law enforcement agencies, and the District Attorney’s Office. This office also participates on the County’s Child Fatality Review Team and TRIAD (Senior Crime Victims Program).

PROGRAM STATISTICS:

In 2014, the Medical Examiner performed 72 full autopsies (including toxicology) and 26 external examinations. External examination is a partial autopsy with a review of medical records and completion of death certificate. A total of 1,343 calls were taken by the Medical Examiner’s office.

MANDATES:

The County is mandated to have a Medical Examiner to investigate all deaths that occur within the County.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Personnel Services funding is budgeted in accordance with the provisions of the 2014-2017 collective bargaining agreement between Rensselaer County and the United Public Service Employees Union (UPSEU). 2016 line items for bargaining unit positions reflect an increase of 2.3% over 2015 year-end salaries. The salary of the Medical Examiner remains unchanged.

Contractual appropriations include funding which would allow the department to contract with a replacement medical examiner, on an as needed basis, in the absence (due to illness, vacation, etc.) of the County’s Medical Examiner.

The 2016 budget for the Medical Examiner program continues to reflect the loss of Public Health State Aid Article 6 funding.

REVENUE APPLICABLE TO THIS PROGRAM:

R1230 12301 Treasurer's Fees $7,500

SUMMARY OF BUDGET OFFICER'S ACTIONS:

In previous fiscal years, Ledger and Payroll Services were budgeted within the Working Capital (M) Fund, primarily to provide a mechanism to allocate (chargeback) costs to departments that were eligible for State and Federal reimbursements. With declining State and Federal revenues, and the opportunity to capture this aid through other bookkeeping processes, this budget continues to account for these expenditures in the General (A) Fund. This change simplified accounting practices and eliminated the “double counting” of expenses. Revenues to be raised through taxes were unaffected by this change.

Personnel Services funding is budgeted in accordance with the provisions of the 2014-2017 collective bargaining agreement between Rensselaer County and the United Public Service Employees Union (UPSEU). 2016 line items reflect an increase of 2.3% over 2015 year-end salaries. This salary increase has been extended to all management confidential employees. The Bureau of Finance’s 2016 budget request for the Confidential Assistant to Chief Fiscal Officer is for an increase of approximately $2,000 more than the contract raise. This increase is merited based upon her job performance and will bring her compensation in line with other employees, who perform similar tasks. The Bureau of Finance continues to provide the Bureau of Tax Services with staff time for data entry and related tasks. The Clinical Billing Unit was created as a cost savings measure and to consolidate medical and other billing functions. The cost of a portion of this unit will be directly allocated to the Departments of Health and Mental Health.

Funding in “Other Equipment” is provided for a scanner and replacement of computer equipment.

Contractual expenses reflect expenditure history, anticipated need and the department’s request.

REAL PROPERTY TAX SERVICES

DEPARTMENTAL FUNCTIONS:

Real Property Tax Services agencies, also known as Bureau of Tax Services, exist in every county of the state. The services performed by these offices are legislated by statute pursuant to the New York State Legislature or by rule pursuant to the New York State Office of Real Property Services.

Functions performed by the Bureau, as set forth in Section 1532 of the New York State Real Property Tax Law (NYSRPTL), are as follows:

- Advise and assist local assessors in the preparation and maintenance of their assessment rolls, property record cards and inventory files, as well as additional documents relating to real property assessment and taxation.
- Assist and monitor reassessment projects being done within the county.
- Apportion the county tax levy and prepare the annual tax rate schedule for towns and cities in Rensselaer County. This office takes the adopted County Budget and apportions the amount to be raised by the tax levy in the various municipalities, as well as calculates the tax rates for the towns and cities, which is used to produce the current property tax bills.
- Coordinate the maintenance of the computer files for the various assessing jurisdictions. Produce assessment rolls, tax rolls and tax bills for the towns, villages and school districts. This office also is responsible for processing unpaid taxes for re-levy.
- Provide required training for local assessors and annual training for local Boards of Assessment Review (BAR) members.
- Prepare and submit schedule of real property taxes levied by the county legislature to the New York State Comptroller and statement of county tax apportionment, pursuant to Article 8 of the NYSRPTL, to the State Office of Real Property Services.

PROGRAM OBJECTIVES:

The Bureau of Real Property Tax Services, in accordance with Article 15 of the NYSRPTL, provides assistance, professional guidance and technical support to local real property officials, including but not limited to assessors, tax collectors, tax receivers, school tax officials and elected municipal officials.

In addition, this office researches and prepares necessary resolutions related to real property tax corrections and/or refunds throughout the county.

This office assists local assessors by helping to maintain a uniform level of assessment pursuant to Section 305 of the NYSRPTL.

MANDATES:

The County shall create and maintain a Real Property Tax Services Agency.

REVENUE APPLICABLE TO THIS PROGRAM: $588,267

R2210 22102 Tax Assessments, Schools $ 23,000
R2210 22103 Tax Services, Town & City 565,267

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Personnel Services reflects a budgeted increase of 2.3% over 2015 year-end salaries for all positions. “Plus Transfers, Other Codes” represents the chargeback for the sharing of staff with the Bureau of Finance ($10,500) and Bureau of Research and Information Services ($18,500). Due to increased duties (court orders, small claims tracking, Board of Assessment Review tracking, verification of omitted and prorated tax calculations, and the handling of corrections and balancing ), the request to promote a Real Property Technician to a Real Property Tax Services Aide is approved. The cost of the new position is completely offset with the elimination of the Temporary Services expense of $18,200.

Contractual codes are funded to meet anticipated needs and are based upon historical spending levels.

A1362 TAX ADVERTISING & EXPENSE

DEPARTMENTAL FUNCTIONS:

Attempt to communicate with delinquent taxpayers via mailed notices, published newspaper notices and phone calls.

Research parcels to verify ownership and to obtain records of liens, mortgages and judgments, etc.

Foreclosure proceedings commence when all other attempts to receive payment have been exhausted. Such process includes compiling foreclosure documents for the County Attorney, sending lien notifications to owners and other lien holders, organizing and managing the auction of foreclosed parcels, and conveying titles of auctioned parcels to the new owners.

PROGRAM OBJECTIVES:

To collect as many delinquent taxes as possible while making every effort to minimize the number of future property foreclosures.

The County receives approximately 4,000 delinquent tax accounts from the local collectors in April of each year. Each of these accounts is generally billed several times a year with appropriate notice of the amounts due.

Typically, the Bureau of Finance, prior to Rensselaer County taking title through an in-rem foreclosure action, collects more than ninety-eight percent (98%) of these accounts.

REVENUE APPLICABLE TO THIS PROGRAM: $63,000

R1235 12351 Tax advertising fees $43,000
R1235 12352 Tax search, in-rem properties 20,000

DEPARTMENTAL FUNCTIONS:

The Rensselaer County Clerk's Record Room Department is the primary recording center for all County land, court and miscellaneous records. The Record Room is the primary department for passport applications, pistol permit applications, amendments and transfers, and obtaining felony criminal record information. It serves as the central filing office for most court records including civil judgments, foreclosures, Supreme and County court cases, divorces, separation agreements, and notices of pendency. The Record Room is also the central registration center for veteran's discharges, Rensselaer County Notary Publics, and Commissioner of Deeds. The Clerk's office also provides passport photos and non-driver ID cards.

The Department of Motor Vehicles (DMV) provides original and renewal vehicle registrations, enhanced and regular drivers’ licenses and learner’s permits. DMV is responsible for issuing conditional and restricted licenses and registration of rental vehicles, livery, ambulances and buses. DMV is also a sponsor of the "Motor Voter" program.

The Record Room is open from 8:30 am - 5:00 pm every weekday and is open on Thursdays from 8:30 am - 7:00 pm. DMV is open from 8:30 am - 4:15 pm every weekday and is open on Thursdays from 8:30 am - 7:15 pm.

DMV operates three satellite offices for public convenience. The East Greenbush DMV satellite office is located at East Greenbush Town Hall and is open on Mondays from 9:00 am - 3:00 pm. The Schodack DMV satellite office is located at Schodack Town Hall and is open on Tuesdays from 9:00 am - 3:00 pm. The Hoosick Falls DMV Satellite office is located at the John J. Murphy Senior Center and is open on Wednesdays from 10:00 am - 2:00 pm.

PROGRAM OBJECTIVES:

The County Clerk’s Office Integrated Document Imaging Records Management System (IDIRMS) now has civil records and trade names for online search and retrieval that has significantly increased 2015 internet revenue. The pistol permit system is integrated into the IDIRMS. This has allowed for a quicker and more efficient single system application process. The Rensselaer County Clerk, through the IDIRMS, will begin e-recording of documents effective January 2016.

Close to a million pages of land, civil, and trade name records were scanned into the County IDIRMS in 2014-2015. As a result, over four million pages of records will be available for search and retrieval through the system and online through www.uslandrecords.com.

MANDATES:

The County Clerk shall perform all duties prescribed by law as register of the County.

REVENUE APPLICABLE TO THIS PROGRAM:

| R1255 12551 Clerk Fees | $2,983,000 |

Personnel Services funding is budgeted in accordance with the provisions of the 2014-2017 collective bargaining agreement between Rensselaer County and the United Public Service Employees Union (UPSEU). 2016 line items reflect an increase of 2.3% over 2015 year-end salaries. DEPARTMENTAL FUNCTIONS:

The Rensselaer County Civil Service Commission is responsible for administration of civil service laws and procedures for all political subdivisions and school districts within Rensselaer County, exclusive of the city of Troy. In order to provide for the employment of competent personnel to carry on the necessary operations of government, the Commission directs its efforts toward the recruitment of graduates of high schools, technical institutes, colleges and universities, in addition to striving to bring into the public service an adequate number of other personnel with diversified fields of experience. An active recruitment program is one of the most effective ways to ensure that the principles of merit and fitness are upheld. Announcements of competitive examinations are distributed to over 150 locations including surrounding counties and city civil service agencies, community based agencies, schools, colleges, local newspapers and appointing authorities. The Civil Service Commission fairly and properly reviews all applications to ensure a public trust of fairness and to assure that only qualified individuals are allowed to compete for employment. The detailed attention that the Civil Service Commission gives to eligible lists and related documents protects the civil service rights of all persons competing in competitive examinations.

To assure that the foregoing functions are lawfully performed and fairly implemented, the Civil Service Commission maintains an official roster record of employees of all the noted jurisdictions, which clearly and conclusively contains information on each personnel transaction to document the correct title, salary, and status of each employee and to confirm the legal propriety of any transaction through the certification process.

PROGRAM OBJECTIVES:

The objectives of the Commission are the recruitment, development and retention of a proficient work force and the efficient and effective serving of Rensselaer County government and the civil divisions under the jurisdiction of the Commission in accordance with merit and fitness.

PROGRAM STATISTICS:

The Civil Service Commission has merit system jurisdiction for approximately 4,500 classified employees. The County Civil Service Commission is currently responsible for all municipal employees in Rensselaer County with the exception of the City of Troy. During 2015, the Commission will administer approximately 60 examinations for over 1,100 candidates. It is anticipated that during 2016 a minimum of 55 examinations will be administered.

MANDATES:

The Commission is mandated to administer New York Civil Service Law and Rules for Rensselaer County, and its towns, villages, school districts and special districts.

DEPARTMENTAL FUNCTIONS:

The functions of the Bureau of Human Resources can be divided into four major categories: Personnel, Labor Relations, Benefits and Workers’ Compensation Administration.

The Bureau of Human Resources is charged with oversight and functioning as gatekeeper for personnel management functions for all departments within county government. As such, the department formulates and administers the county’s personnel policies through consultation with each department and negotiation with four (4) employee unions. The goal is to ensure uniformity and consistency in application of all policies and procedures. Human Resources is also responsible for the day-to-day administration of the Human Resources Management System (HRMS) portion of the PeopleSoft system; working in conjunction with the Bureaus of Budget, Finance, and Research and Information Services on major projects as needed. As a centralized personnel agency for all county departments, the Bureau provides a basic orientation to all new county employees, maintains the personnel files of all county employees, as well as information relative to former employees.

In addition, the Bureau develops and implements employee benefits programs, administers OSHA requirements, ensures compliance with a variety of federally mandated laws, such as affirmative action and equal opportunity, Family and Medical Leave Act and American’s with Disabilities Act, etc.

As the County is self-insured for purposes of workers’ compensation, the Bureau administers the plan in which not only the County, but also other municipal entities within the County can participate. This self-insured pool passes along considerably lowered cost in workers’ compensation to all participants.

PROGRAM OBJECTIVES:

Records updating; health benefits costs monitoring as trends lead to ever-increasing costs; offering multiple plans including HMOs; workers’ compensation administration activities to assure continued lower costs to the County and pool participants; HRMS management applications use; review and implementation of statutory compliance programs with the assistance of the County Attorney’s office; and provide daily assistance to the staff of the Rensselaer County Civil Service Commission toward a goal of compliance with New York State Civil Service Law and Rensselaer County Civil Service Rules.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Personnel Services reflects a budgeted increase of 2.3% over 2015 year-end salaries for all positions. “Transfers Out” reflects fifty percent (50%) of the salary of the Human Resources Coordinator’s salary to the Workers’ Compensation (S) Fund based on the duties performed.

Contractual codes are funded to meet anticipated needs and are based upon historical spending levels.

Each voter receives a yearly notice to verify his/her address, to inform the voter of the location of their current polling place, and to determine if they are still eligible to vote in Rensselaer County. All new registrant's signatures are scanned and digitized so that their signature appears in a poll book on Election Day. The Board also scans and maintains a fully digitized record of all voter registration forms and other correspondence.

The Board is also responsible for hiring, training and paying all election inspectors and for purchasing, maintaining and programming election machines for all of Rensselaer County.

The Board of Elections compiles and oversees the printing of ballots and prints absentee ballots and poll books for all Elections. In addition, the Board prints Enrollment Books for all active voters in 121 Election Districts.

The Board is also charged with carrying out all provisions of the Help America Vote Act (HAVA).

PROGRAM OBJECTIVES:

The major objective of the Board of Elections is to provide the opportunity for every resident of Rensselaer County, who meets all eligibility requirements, to register, enroll and vote in all elections offered in Rensselaer County. The Board also provides information to prospective candidates, provides forms and assistance for financial filings, receives petition and caucus nominations, rules on objections and determines validity of all nominating documents. Additionally, the Board of Elections sets up ballot configurations for all elections and programs voting machines throughout the county, canvasses all voting machines and certifies the final results.

MANDATES:

There shall be a Board of Elections in each County according to State Election Law.

REVENUE APPLICABLE TO THIS PROGRAM:

R2210 22104 Election Expense $1,242,464

The total cost for the Board of Elections shall be apportioned to the towns and cities of Rensselaer County in accordance with the following legislation. Section 4-136(3) of the Election Law provides that all expenses incurred under the election law by the Board of Elections of a county outside New York City shall be a charge against the County, and shall be apportioned among the cities and towns of the County. Further, County Law, SS361-A, states that apportionment of such expenses to the cities and towns is to be made on the basis of their assessed valuations.

SUMMARY OF BUDGET OFFICER’S ACTIONS:

In previous fiscal years, Bureau of Central Services, Automotive Maintenance, Central Printing and Mailing, Bureau of Research and Information Services, Ledger Services and Payroll Services were all budgeted within the Working Capital (M) Fund, primarily to provide a mechanism to allocate (chargeback) costs to departments that were eligible for State and Federal reimbursements. This cost center represented the appropriation side of the undistributed expense for these internal service functions. With declining State and Federal revenues, and the opportunity to capture this aid through other bookkeeping processes, the 2015 budget moved the remaining M Fund expenditures to the General (A) Fund. This change simplified accounting practices and eliminated the “double counting” of expenses. Revenues to be raised through taxes were unaffected by this change. As such, there continues to be no funding provided within this organization code.

This salary increase has also been extended to all management confidential employees.

Funding for anticipated court facilities “tenant work” to be performed by the County continues to be provided within a dedicated contractual budget line (04501). Any such necessary work should be fully reimbursable within the New York State Unified Court System’s Court Cleaning and Minor Repairs program, and has been accounted for within the department’s projected revenue.

Remaining equipment and contractual line items have been funded based upon historical analysis and anticipated need. The department’s telephone revenue code continues to account for chargebacks relating to the telephone system the Buildings Department has provided at the Family Court facility.

A1670 CENTRAL PRINTING AND MAILING

DEPARTMENTAL FUNCTIONS:

- In-house postal services including the distribution and delivery of mail for all County facilities at various locations within the City of Troy.
- Providing basic copying and general production services related to high volume copying needs of the various County departments.

PROGRAM STATISTICS:

The staff of Central Printing and Mailing typically processes approximately 400,000 pieces of mail annually.

REVENUE APPLICABLE TO THIS PROGRAM:

| R2801  | 28032 | Central Stores | $8,000 |

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Personnel Services funding is budgeted in accordance with the provisions of the 2014-2017 collective bargaining agreement between Rensselaer County and the United Public Service Employees Union (UPSEU). 2016 line items for bargaining unit positions reflect an increase of 2.3% over 2015 year-end salaries.

Since the elimination of the old Central Stores program, there still exists a demand by several departments to be able to purchase small amounts of paper (for printers, copiers, and fax machines) from a convenient on-site source. As such, this budget again includes dedicated appropriation (04501) and revenue (28032) codes to be used for that purpose. Other contractual appropriations are budgeted based upon historical analysis and projected requirements.

The Bureau of Research and Information Services (BRIS) serves the residents of Rensselaer County, County departments and agencies and political subdivisions within the County in the areas of: application(s) software development, application(s) software support, desktop computing, technology project management, information systems and network design, information processing, data storage, tax mapping services, Geographic Information Systems (GIS), and web design. Through recommendation, implementation, and the integration of technology into County operations, BRIS works to improve the overall efficiency and effectiveness of the individual departments, agencies, and local governments it works with and the County enterprise in total.

The Bureau of Research and Information Services is responsible for the development, implementation, integration, maintenance, and protection of all County computer operations, communications infrastructure, information systems applications, and data while ensuring compliance with all Federal and State mandated security requirements. Responsibilities of the department include, but are not limited to: maintenance and support of the County’s Financial Management System (FMS), Human Resources Management System (HRMS), the Sheriff’s Department’s Crime Mapping System, the Rensselaer County Megan’s Law Coalition Sex Offender Registry, the Delinquent Tax Financial Management System, Sewer District Billing System, Highway Department Cost Accounting System, Bureau of Tax Services Real Property System (RPS) Network, the Department of Probation’s Restitution Management and Caseload Tracking Systems, the Department of Health’s Division of Special Needs Preschool Management System and Tuberculosis Testing/Control Application, and the Bureau of Public Safety’s Computer Aided Dispatch (CAD), InfoRAD paging, Cellular 911, NY Alert, and Pictometry systems; the development and distribution of the Internet Map Server (IMS) application and the continued enhancement of the countywide GIS utilized by individuals and organizations both inside and outside of County government; providing custodial services for the data acquired, manipulated, compiled, and archived by County departments and agencies; project management activities; and the development, maintenance, and support of applications software essential to the operation of the service programs operated by Rensselaer County. BRIS is responsible for the maintenance and support of all County computer network infrastructure, servers, and desktop computers, including both hardware and software. The maintenance and support of the Rensselaer County tax maps used by assessors, residents, organizations, and governmental units inside and outside of the County, as well as E911 addressing, are also the responsibility of this office, as are maintenance of Internet and E-mail accessibility for County departments and maintenance and support of the County’s official web site.

The department’s overall objective is, by taking full advantage of available technology, improving the efficiency and effectiveness of County operations through the development, implementation, integration, operation, and maintenance of high quality computer networks and information management and processing systems. Departmental objectives also include ensuring that all computer networks, information management systems and their applications, and computer hardware and software function in the most efficient, secure, and safe environment possible. To that end, the Bureau of Research and Information Services continues to investigate alternative methods and technologies that will allow us to accomplish the task at hand and insure its long term viability in a fiscally responsible manner. As always, we will work to configure a stable and secure computing environment for the County, which will accommodate future needs and growth while minimizing acquisition, development, and operating costs.

Departmental goals in 2016 will focus on taking full advantage of advances made in programming techniques, computer operating system and hardware and infrastructure technology, the capabilities and functionality of implemented software applications, utilization of document imaging for records retention and retrieval, GIS and GPS (Global Positioning System), and the continuation of initiatives in the areas of public safety, law enforcement, public health and human services, as each relates to the services being provided to the departments, agencies, local governments, and residents of Rensselaer County. BRIS will work to increase collaborative efforts with County departments, local governments, the business community, and the general public for the planned integration of technology into the performance of daily activities that will facilitate a more effective delivery of services, a reduction in delivery costs, and the elimination of redundant activities, such as the use of outside consultants to perform tasks that we have the expertise to complete ourselves. Additionally, BRIS will continue to enhance its strategic technology and information security plans in an effort to provide a forward thinking technology direction for the County.

Bringing Rensselaer County into compliance with security requirements set forth in the Health Insurance Portability and Accountability Act (HIPAA) for the privacy and protection of personal health information and with the federally mandated security requirements for the protection of personal, private, and sensitive information will continue as a top priority in 2016, as failure to comply with said requirements and/or violations of the Privacy Rule would result in significant monetary penalties and/or criminal prosecution. Also continuing in 2016 will be the Continuity of Operations (COOP) initiative, which ensures County departments and agencies are able to continue operation of their essential functions under a broad range of circumstances, including all-hazard emergencies, natural, man-made and technological threats and national security emergencies. Other projects in 2016 will be reducing the County computing environment's physical footprint through implementation of virtual server and desktop technologies and the re-design and publishing of the County's web site.
A1680 BUREAU OF RESEARCH AND INFORMATION SERVICES

PROGRAM STATISTICS:

Statistics for the calendar year 2014 include:

- Rensselaer County’s reliance on computer technology continued to grow and expand to all of the County’s departments, whether located at the County Office Building, any of nine (9) remote sites, the five (5) Senior Centers, the Jail/Public Safety facility, Van Rensselaer Manor, or Flanigan Square.

- The County had over 800 desktop computers in service, accessing 375 print devices, and 955 Internet and E-mail users.

- Desktop and Networking staff of five (5) responded to over 4,000 calls for assistance. Help Desk calls continue to increase, up 6% from the number of calls responded to during 2013. The total number of calls responded to during 2014 increases to nearly 6,000 when including those addressed by our PeopleSoft Applications Support, Real Property System (RPS) Applications Support, Tax Mapping Services, and GIS personnel.

- Desktop technicians undertook various support activities when responding to the needs of the County’s almost 2,000 employees. Microcomputer support best practices recommend a 1:75 technician to desktop ratio, while our technicians operate on a ratio of approximately 1:400, or over five (5) times the recommended ratio.

- Network staff is responsible for ongoing maintenance and support of 110 servers (physical and virtual), 85 switches and routers, 25 switches/hubs housed across 12 different physical locations, thousands of feet of cabling and multiple networks at every location, as well as the design and implementation of new networks and extension of the existing network infrastructure.

- BRIS staff responded to 150 security advisories issued by the New York State Office of Cyber Security and Critical Infrastructure Coordination (CSCIC) in 2014.

- SPAM E-mail and spyware were the two biggest threats to our network infrastructure and systems. SPAM accounted for approximately 98% of E-mail received by the county. Our mechanisms for protection from viruses, worms, Trojan Horses, hackers, dialers, phishing, and hoaxes thwarted over 100,000 infection attempts – a 81% increase from the number of attempts in 2013.

- The GIS Internet Map Server (IMS) application was utilized by twelve (12) County departments: Highway, Health, Public Safety, County Clerk, Board of Elections, Sewer, Aging, Central Services, Finance, Sheriff, Tax Services and BRIS, for a total of over 40 users across those departments.

- Applications Development and Support staff continues to develop, maintain, and support the County’s web portal for the distribution of information to the general public. BRIS responded to over 1,000 requests for information received through the County’s web site.

REVENUE APPLICABLE TO THIS PROGRAM:

R2801 28029 DP-Sales $5,000

SUMMARY OF BUDGET OFFICER’S ACTIONS:

Personnel Services funding is budgeted in accordance with the provisions of the 2014-2017 collective bargaining agreement between Rensselaer County and the United Public Service Employees Union (UPSEU). 2016 line items for bargaining unit positions reflect an increase of 2.3% over 2015 year-end salaries. This salary increase has also been extended to all management confidential employees. The department’s salary request for the Confidential Administrative Assistant, for approximately $600 more than the contract raise, will bring her compensation in line with other employees who perform similar tasks, and also acknowledges additional duties being performed as part of BRIS’s continuing cooperative arrangement with Tax Services.

As per the department’s objectives, bringing Rensselaer County into compliance with security requirements set forth in the Health Insurance Portability and Accountability Act (HIPAA) for the privacy and protection of personal health information and with the Federally mandated security requirements for the protection of personal, private, and sensitive information will continue as a top priority in 2016, and as a result, budget resources of the Bureau of Research and Information Services are again heavily weighted toward those activities, specifically within the equipment, telecommunications, and maintenance accounts.

A1900 SPECIAL ITEMS

DEPARTMENTAL FUNCTIONS:
These codes are miscellaneous items as established by the New York State Department of Audit and Control, Uniform Systems of Accounts.

MANDATES:
The County distributes a portion of the gross sales tax collected to its cities and towns according to contracts with the cities and legislative resolution.

SUMMARY OF BUDGET OFFICER’S ACTIONS:
Expenses related to the County’s insurance contract are funded under A1910. The County has a premium-based insurance contract and all funds are distributed throughout the various reimbursable County departments, in order to maximize State and Federal aid, and the unallocated code A1910.

Dues are provided for the County’s assessment of the National Association of Counties and the New York State Association of Counties, plus payments for the County’s elected officials’ national and statewide organizations and the Regional Chamber of Commerce.

Judgment and Claims are for General Fund claims made against the County for current or prior years. Beginning in 2012, a distinct line item was created for the specific purpose of paying court ordered expenses for assigned special district attorneys.

In accordance with Environmental Conservation Law (ECL) 15-2103 and the Five County Agreement with the Hudson River Black Regulating District (HRBRRD), the County is obligated to fund a portion (14.09%) of the operation and maintenance costs of the Great Sacandaga Lake. The County’s next annual assessment, due in January 2016, is in the amount of $542,447.

Town/city expense is an appropriation expense that is charged back to municipalities.

The Office of the New York State Comptroller promulgated for 2008 a change in the accounting of sales tax as necessitated by the Governmental Accounting Standards Board (GASB). Under this ruling, sales tax distributions by counties to towns and cities must be displayed within this cost center. In addition, the County must account for the gross sales tax collected, as revenue, as opposed to the net retained revenue, as shown in prior years. Although this change inflates the overall size of the budget there is no net effect on General Fund tax levy.

A2490 COMMUNITY COLLEGES

DEPARTMENTAL FUNCTIONS:

This represents tuition for students attending New York State Community Colleges, if their tuition is other than Hudson Valley Community College (HVCC). State law allows students to attend any state community college with the tuition charged back to the municipality of the student. This code also contains funding for payment to HVCC for tuition for Rensselaer County employees attending approved job-related continuing education classes.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

The recommended appropriation is an estimate based upon a historical trending of the number of Rensselaer County students attending community colleges elsewhere and the anticipated levels of rates charged for their attendance. The appropriation also includes $45,000 for tuition of Rensselaer County employees enrolled in the County sponsored education program at HVCC.

A2495 CONTRIBUTION – HVCC

DEPARTMENTAL FUNCTIONS:

This cost center reflects the Rensselaer County contribution to Hudson Valley Community College (HVCC). Rensselaer County is sponsor of HVCC and is required by New York State to maintain a role in the financing of the college.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

In accordance with Resolution G/307/15, the County’s 2016 sponsor contribution has been increased by $200,000. The additional funding will assist the College in addressing its current financial difficulties. The additional support will also continue the process of equalizing Rensselaer County’s per resident contributions with the chargeback rate paid by other counties, as per directive of SUNY.

Rensselaer County also provides assistance to the College in the form of legal aid and other professional services and the County’s Employee Education Program.

A2989 HANDICAPPED PARKING EDUCATION

DEPARTMENTAL FUNCTIONS:

Section 1203-g of the Vehicle and Traffic Law requires the establishment of handicapped parking education programs in each county. Reserved parking for motorists with disabilities ensures safe and equal access to goods and services. Parking reserved for people with disabilities is not merely a convenience, it is a legal requirement.

It is the purpose of this department to promote and ensure a quality of life for disabled residents and visitors.

The Rensselaer County Director of Special Traffic Operations acts as a coordinator for handicapped parking education and advocacy. DEPARTMENTAL FUNCTIONS:

1. The Communications Center is the answering point for calls for emergency service; and

2. The Communications Center provides:
   a. Emergency medical procedures prior to the arrival of the first responders;
   b. Service to vocal/audio impaired citizens via Telecommunications Device for the Deaf (TDD);
   c. Services to non-English speaking callers, via language line procedures;
   d. Comprehensive and pro-active training for all Communication Officers; and
   e. Additional services as may be required.

PROGRAM OBJECTIVES:

The Communications Center is the heart and soul of the County 911 system. It consists of the Communications Officers and their equipment. The Communications Officers are responsible for the operation of the county's emergency radio network. They dispatch 43 fire departments, 19 ambulance services, NYS Police, Rensselaer County Sheriff's Department, City of Troy Police and several local police jurisdictions. In addition, the Communications Officers perform "Emergency Medical Dispatching", which is the process of instructing lifesaving medical procedures to untrained civilians at the scene of a medical emergency until the emergency medical providers arrive at the scene. Each of these objectives require a high level of skill and dedication, which is supported through many hours of in-service training, as well as continued education for changing protocols mandated by the Health Department, NYS Office of Fire Prevention and Control, NFPA, OSHA and many other regulatory agencies.

The county-wide 911 system includes telephone and emergency related communications equipment. This equipment, which is operated by Communications Officers, is utilized to answer emergency calls for help and related dispatching of the emergency service providers. The system was activated in December of 1995 and continues to change to meet the demands of our citizens.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Rensselaer County and the Civil Service Employees Association (CSEA) have been engaged in negotiations to arrive at a successor agreement to the collective bargaining agreement between the parties that expired on December 31, 2011. The parties did reach a tentative agreement, encompassed by a Memorandum of Agreement (MOA) dated October 1, 2015, which is subject to ratification by the union membership and approval by the Rensselaer County Legislature. Based upon the provisions of this tentative agreement, all bargaining unit positions are budgeted with a 2.30% increase over 2015 year-end salary levels. Due to budgetary constraints, two Communications Officer positions and one Senior Communications Officer position remain unfilled, and are placed in Personnel Service Savings for 2016.

Other Equipment is funded to purchase five (5) replacement monitors for use in the 911 Center. This expense was previously funded in A3010.

Certain contractual codes contain expenses from A3010. The remaining contractual codes are funded to meet anticipated needs and are based upon historical spending levels.

DEPARTMENTAL FUNCTIONS:

The Rensselaer County Sheriff's Department operates a Highway/Marine Patrol bureau on a 24-hour a day, 7 day a week, 365 day a year basis. The Highway/Marine Patrol assigns uniformed members to conduct active patrol functions throughout the County acting as both a deterrent to crime, as well as being able to respond to crimes in progress and routine service calls. The patrol force conducts routine investigations and is the first responder to calls that require an emergency response. It is responsible for enforcement of various laws of New York State including vehicle and traffic law, penal law, Family Court Act and criminal procedure law. Among the investigations that highway patrol handles are burglaries, robberies, homicides, assaults, criminal mischief, hunting accidents, missing persons, and many other crimes and violations.

PROGRAM OBJECTIVES:

The Rensselaer County Sheriff's Department maintains an active Highway Patrol Division, which will continue to be available to respond to calls for service and the answering of criminal complaints from the public. Additional objectives are to continue to work towards reducing the number of crimes committed in Rensselaer County and making Rensselaer County a safer place to live. One of the goals is to strengthen the working partnership between the Sheriff's Department and the community it serves.

The Sheriff is mandated by State Law to have a Civil Bureau. This department is responsible for the service and enforcement of court orders on civil matters. The Sheriff's Department is also the law enforcement agency designated to handle all Temporary Orders of Protection that are issue out of Rensselaer County Family Court.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Personnel Services funding is budgeted in accordance with the provisions of the 2014-2017 collective bargaining agreement between the County of Rensselaer and the Rensselaer County Deputy Sheriff’s Police Benevolent Association (PBA). 2016 line items reflect an increase of 2.3% over 2015 year-end salaries. This salary increase has been extended to all management confidential employees, with the exception of the Sheriff. The salary request for the Sheriff is equivalent to an annual one percent (1%) increase over the last eight years that it hasn’t been raised. This is considerably lower than union contract driven raises that County employees have received over the same time period. The “Transfers Out” line item refers to a chargeback to the Department of Social Services for two (2) Deputy Sheriff’s assigned to Flanigan Square. An additional Senior Account Clerk position will perform clerical functions including payroll and scheduling, as well as assisting in records management. It is essential to create this position at this level to have the ability to cross-train all the Sheriff’s Senior Account Clerks, which will provide the capability to rotate individuals in order to cover for vacations and other absences. To offset the request for this position, the Assistant for Public Relations/Public Affairs position in the Jail (A3150) will be eliminated.
A3110 SHERIFF (CONTINUED)

SUMMARY OF BUDGET OFFICER’S ACTIONS (CONTINUED):

In 2016, the “Furniture” budget reflects an appropriation for office chairs that may need to be replaced during the year. Three (3) fax machines are budgeted within the “Office Equipment” line item. The “Automobile” request to purchase two (2) patrol vehicles plus equipment has been approved. Funding in “Other Equipment” is provided for the replacement of three (3) radar units and four (4) laptops.

Contractual accounts have been funded, within fiscal constraints, based upon an analysis of prior and current year spending and projected requirements.

DEPARTMENTAL FUNCTIONS:

The primary mission of the Rensselaer County Department of Probation is to protect the community and promote its welfare and interest by focusing on offenders and the impact of their behavior on the community. The department is especially interested in protecting crime victims and helping them obtain restorative justice. The department provides and identifies services and programs that afford opportunities for offenders to become law-abiding citizens and collaborates with other agencies in developing crime and delinquency prevention programs, as well as reducing risk to the community through law enforcement strategies.

The Rensselaer County Department of Probation fulfills this mission through its Intake, Investigation, Supervision, Pre-Trial Release and Victim Restitution Programs. These services are provided for all courts in Rensselaer County. There are three divisions within the department: the Family Court Division, the Criminal Court Division and the Day Reporting Center.

The Family Court Division is divided into two units: the Intake/Diversion Unit and Family Court Investigation/Supervision Unit. The Intake/Diversion Unit provides assessment and pre-court supervision services for families, school districts and all police agencies of Rensselaer County. The Investigation/Supervision Unit serves the two Family Courts by providing investigation and supervision services, and contributes to and participates with the County’s interagency assessment services, baseline assessments and the Court Diversion Council. This division is dedicated to provide essential services to families in order to avoid progression into the Family Court system and to eliminate the necessity of costly residential placements. The department’s youth employment coordinator connects youth on probation with job opportunities funded through the Rensselaer County Department for Youth.

The Criminal Court Division is divided into two major program functions: Adult Investigation and Adult Supervision. The Criminal Court Division provides these services to all criminal courts of Rensselaer County: Rensselaer County Court, Integrated Court, Troy City Court, Rensselaer City Court and seventeen town courts located throughout the County. The Criminal Court Division is separated into six units: two Adult Investigation/Supervision Units, Probation Alcohol Treatment Program, Domestic Violence Prevention Unit, Sex Offender Supervision Unit, and the Alternatives to Incarceration Unit (Pre-Trial Release, Day Reporting Center and the Electronic Monitoring Program).

The Criminal Court Division also administers a number of specialized programs which are targeted at specific problem areas to provide alternatives to costly incarceration with intensive supervision and social control. Probation officers facilitate the evidence based cognitive skill program "Thinking for A Change", which meets weekly. Probationers work through lessons of cognitive self-change, social skills, and problem solving skills. Our department workforce development specialist provides ongoing programming, "Ready, Set, Work", which is designed to prepare offenders for the process of seeking, gaining, and maintaining employment. The Sex Offender Supervision Unit specializes in the supervision of offenders in the community by means of reduced caseloads, dedicated sex offender treatment, and intensified supervision and surveillance. The Probation Alcohol Treatment Program (PAT) conducts investigations and intensively supervises high risk drinking/driving offenders who have at least three prior drinking/driving convictions. This program is partially funded by fine monies and service fees collected from convicted offenders. Officers also monitor treatment groups for convicted offenders facilitated by local treatment agencies. The PAT Unit is also the designated monitor of all Ignition Interlock cases sentenced to probation under Leandra's Law. The department's 10 member Response Team was established in December 2009, and is comprised of specially trained armed probation officers. The ten officers represent both the Adult and Juvenile Units. The Response Team's duty is to assist unarmed probation officers in the field where high-risk environments may exist. Additionally, the Response Team is on call to assist police with the execution of violation of probation warrants. The Response Team also works in collaboration with the Sheriff's Department and other law enforcement agencies on special details. The Special Investigations Unit, which expedites pre-sentence reports for prison bound inmates, was established to ease overcrowding at the jail and to reduce significant costs associated with these incarcerations. The Domestic Violence Prevention Unit conducts investigations and intensively supervises offenders convicted of domestic violence related crimes. This unit also intensifies contact with the victims of domestic violence and helps provide for their enhanced safety. New to the department in 2011 was one dedicated caseload for probationers with mental health needs and alcohol and drug addictions. To coordinate treatment, support and supervision strategies for this special caseload, we partner with the County’s Department of Mental Health and other behavioral health agencies.

The Alternatives to Incarceration Unit focuses exclusively on jail overcrowding and release of eligible offenders with increased supervision practices. The Day Reporting Center, implemented in 1998 to reduce jail cost through daily community supervision, generates targeted evaluations and treatment through a contract with Treatment Alternatives for Safer Communities (TASC). The Pre-Trial Release Program screens, interviews and recommends eligible non-convicted inmates for release on recognizance with supervision by Probation in order to ensure their return to court. The Electronic Monitoring Program provides continuous monitoring of offenders released under our supervision. The Electronic Monitoring Program uses ankle bracelets, GPS and Sophietor Alcohol Units to perform its duties. Electronic monitoring equipment is also used with juveniles and sentenced probationers.
PROGRAM OBJECTIVES:

The Rensselaer County Department of Probation provides services which protect the community and promotes its welfare and interests by focusing on offenders, families, and the impact of their behavior on the community. The primary objectives of the Rensselaer County Department of Probation are:

- To solicit meaningful participation from victims and the community;
- To assist the courts in effective decision making by providing accurate and relevant information for sentencing;
- To develop partnerships with human services, treatment, and non-profit agencies to provide enhanced services to assess, diagnose, treat and supervise offenders;
- To establish cooperative partnerships between probation, law enforcement and other criminal and juvenile justice agencies that focus on public safety;
- To emphasize probation officer safety in the field through proper training of officers and by following policies that encourage partnerships with other law enforcement agencies;
- To develop and implement a continuum of sanctions and treatments which ensure public safety and holds offenders accountable for violations;
- To engage and develop prevention strategies that unite children and families with an all-encompassing approach, in order to ensure service delivery to the entire family;
- To assess juvenile and adult probationers using validated risk/needs assessments that will guide case planning and case monitoring strategies;
- To work collaboratively with other county departments to achieve cost savings and improved services; and
- To provide evidence-based programming to guide probationers and reduce recidivism.

In 2015, the Rensselaer County Department of Probation continued to execute numerous vital functions within the Criminal and Juvenile Justice Systems of Rensselaer County. These functions are directed to promoting public safety and providing cost effective alternatives to increasingly costly incarcerations and out-of-home juvenile placements, thus contributing to the effectiveness and responsiveness of these systems for the residents of Rensselaer County. An emphasis has been placed on building alliances within the community through numerous programs such as: Gun Involved Violence Elimination (GIVE) a collaborative effort with Troy PD, DOCS Community supervision, DEA, ATF, State and Federal Agencies, and NYS DCJS; Jail Utilization Committee; Human Services Cabinet; Children's Services Committee; and Capital Region Youth Justice Team; and through relationships with organizations including: Troy Police Department; Rensselaer County school districts; Rensselaer County Departments such as Social Services, Mental Health, Youth, Aging, and Employment and Training; Berkshire Farms; Unity House; Treatment Alternatives for Safer Communities (TASC); Hudson-Mohawk Recovery Center; and Commission on Economic Opportunity of the Capital Region.

The Probation Alcohol Treatment Program, part of the Rensselaer County STOP-DWI plan, has within its objectives the provision of intensive special supervision services for persons convicted of their third drinking/driving charge. The program uses an interagency approach, which combines supervision and alcohol treatment, in a collaborative team approach with the Hudson-Mohawk Recovery Center. The evidence-based cognitive behavior program “Thinking for a Change” has been incorporated. The goals of the program are to reduce recidivism by preventing re-arrests and convictions by program offenders, and reducing the incidence of highway accidents, personal injuries and fatalities. This is accomplished by immediate intervention to break the cycle of repetitive DWI behavior through intensive supervision and enforcement of mandated alcoholism treatment conditions so as to ensure a change in client behavior. Program staff also assists the client in establishing a sober support system. Evaluation of the program function in regard to the investigation and supervision of the multiple drinking/driving convicted offenders has been very favorable, so that the program has received continued funding in Rensselaer County's STOP-DWI plan since 1984. Rensselaer County Local Law allows for a $30 per month Probation Supervision fee on DWI offenders. The fees collected provide additional revenue for Probation Alcohol Treatment operations. The Rensselaer County Court has added an Alcohol Treatment Court to their schedule. Probation Officers assist with the supervision of these offenders as well.

The Probation Day Reporting Center offers Rensselaer County's Criminal Justice System one of the most innovative and effective alternatives to traditional incarceration. This dramatically reduces the cost of jail overcrowding for the taxpayer. A major function of the program is to identify persons lacking a non-alternative, who would continue for years in state prison, and to provide rigorous in-community programming as a substitute for costly incarceration.
During 2014, the Juvenile Intake Unit processed 454 Intakes: 299 Persons in Need of Supervision (PINS) and 155 Juvenile Delinquent (JD) complaints. The department was also able to divert 198 PINS and adjusted 42 JD cases from formal court involvement. There were 63 cases remaining open for services as of December 31, 2014.

The Juvenile Investigation Unit completed 115 Pre-Disposition and Home Study reports for the two Family Courts of Rensselaer County in 2014. The Family Court Supervision Unit received 83 new juvenile supervision cases. The Juvenile Supervision Unit presently supervises 75 cases identified as level one supervision, or high risk for residential placement. The Juvenile Unit continued with unified strategies, working collaboratively with the Department of Social Services, to reduce the number of costly juvenile residential placements. During 2014, the Department residually placed 36 youth: 20 PINS and 16 JD's.

During 2014, 689 Pre-Sentence Reports were ordered and 738 were completed for criminal court cases. Two Probation Officers are designated to complete expedited Pre-Sentence Investigations for prison bound inmates and those incarcerated in the Rensselaer County Jail.

With the assistance of the Department of Mental Health, a Probation Officer now supervises probationers with mental health and substance abuse dependency diagnosis. This caseload carries a maximum of 35 offenders. This officer works in conjunction with treatment providers to assist the probationer in achieving their best behavioral health and lifestyle and remaining arrest free. This officer also participates in county committees and review groups who deal with mental health issues.

Criminal Supervision received 168 new probation cases, which resulted in an overall caseload of 1,345 probationers under supervision.

During 2014-15, Probation continued its partnership with the Gun Involved Violence Elimination Grant (GIVE), in which officers participate in targeted details and warrant sweeps. They coordinated and conducted 438 evening residence checks, had 30 arrests, seized/recovered 5 firearms and executed 121 warrants. Probation’s role in this program has been to provide police with intelligence on those to be arrested and identifying probationers who have active warrants. The department was allocated GIVE funds to continue supporting a Field Intelligence Officer, whose duties include collecting and disseminating information, debriefing probationers, and coordinating GIVE details with the Troy Police Department.

The Rensselaer County Probation Alcohol Treatment program continues to provide a coordinated approach to repeat drunken driving offenders. It combines the effective approach of increased probation supervision for high-risk cases and co-facilitated treatment of offenders. All probation officers assigned to this unit regularly provide enhanced supervision by means of residence checks and community surveillance. There are presently 250 probationers being supervised for DWI convictions. The Probation Alcohol Treatment program collected a total of $46,003.00 in DWI fee monies.

During 2014, staff at our Pre-Trial Release Program provided daily, evening and weekend coverage at the Rensselaer County Jail. At the jail, probation officers screened 1,860 people, interviewed 993, and released 467 without electronic monitoring or other restrictions. These inmates were released after satisfying release eligibility criteria and having gained approval from judges in the County. A total of 158 were released with electronic monitoring. The number of jail days saved via Pre-Trial Release was 21,015, for a total savings of $1,786,275.00 ($85.00 per day/inmate). The Day Reporting Center staff assists the county and regional drug courts by monitoring offenders and reporting to the courts, and is also the point of contact for the Troy City Court's community service program.

The Alternatives to Incarceration Unit, through the Electronic Monitoring Program, provides standard radio frequency (RF) monitoring, remote alcohol testing and passive GPS monitoring, which has eliminated the need for 6,114 jail days in the first 6 months of 2015, for a total savings of $519,690.00 ($85.00 per day/inmate).

MANDATES:
This mandated department conducts court ordered investigations for Family Court, County Court, Police Court and various Justice of the Peace Courts. Persons placed on probation are supervised by this department.

**SUMMARY OF BUDGET OFFICER’S ACTIONS:**

Personnel Services funding is budgeted in accordance with the provisions of the 2014-2017 collective bargaining agreement between Rensselaer County and the United Public Service Employees Union (UPSEU). 2016 line items for bargaining unit positions reflect an increase of 2.3% over 2015 year-end salaries. This salary increase has also been extended to all management confidential employees.

Funds for the department’s computer replacement program have been allocated. The department’s request for funds to purchase a new vehicle as replacement for one currently in the County’s fleet has been reduced due to budgetary constraints.

The amount budgeted for “Participant Allowance Payments” is based upon anticipated revenue for the Probation Employee Program (PEP) to be received by the Youth Department. Contractual funding (04800) is again allocated for a contract with TASC, Inc. for screening evaluation and treatment. Remaining contractual expenses are budgeted, within budgetary constraints, based upon expenditure history and projected requirements.

DEPARTMENTAL FUNCTIONS:

The Rensselaer County Sheriff is responsible for the administration of the County Correctional Facility. The facility is the official designated facility for the housing of all prisoners assigned to the institution for various levels of incarceration. This includes but is not limited to those individuals, who are sentenced to county jail time (not to exceed one year), sentenced to state prison time and awaiting transport thereto, awaiting trial, grand jury action or disposition of parole proceedings. At times, the facility is used to hold inmates from other Counties and Federal prisoners when space is available. The primary responsibility of the facility is to provide an economically feasible, efficient, constitutionally responsive and proactive means for detaining, with the completion of our expansion project, of up to 473 inmates.

PROGRAM OBJECTIVES:

It is the responsibility of the County Sheriff to render housing, care and maintenance of all inmates in his custody in accordance with Corrections Law and minimum standards as set forth by New York’s State Commission of Corrections. This facility strives to maintain the safety, health and well being of all those individuals incarcerated until time of their departure. These goals are accomplished by providing inmates with food services, programs, medical treatment and other typical daily activities. The facility operates under direct supervision. In direct supervision, the officer is stationed in the housing unit in direct contact with the inmates for the duration of his or her shift. The officer moves about the pod, managing inmate behavior by using interactive supervision techniques. This management concept promotes a positive professional relationship between the inmates and staff. It avoids an approach based solely on punishment and encourages the inmate to accept responsibility for their conduct. It encourages them to choose between right and wrong and influences their understanding of personal contribution to their present status as well as encourages individual growth and development of attitudes while incarcerated. To achieve compliance with standards and goals, it is necessary to provide adequate equipment and training initiatives for approximately 182 sworn and civilian staff in such a manner as to ensure consistency and incentives for teamwork while decreasing the potential for liability.

The facility is on track to process approximately 2,718 new admissions in 2015. Inmates are admitted and classified pursuant to New York State Minimum Standards which requires initial medical screening/assessment, psychological evaluation and assignment to specific housing and programs based upon pre-designated factors which include charges, mental and physical health status, gender, age, etc. The facility provides each inmate daily, or within a reasonable amount of time, with the essentials as outlined under the minimum standards including, but not limited to, three (3) nutritionally adequate meals, availability of medical services, off unit recreation, outdoor exercise, opportunity of contact visitation with family and friends, unrestricted opportunity to attain, secure, and consult with legal representation, use of legal reference materials, and ability to partake in religious services of chosen denomination. The facility provides access to necessary personal hygiene and cleaning items so as to provide a sanitary and healthy living environment. The facility also provides barbering, dental, and laundry services, secure transportation of inmates and/or charged juveniles to various courts, institutions, facilities, and appointments as mandated or authorized by local, state or federal decree.

PROGRAM STATISTICS:

In the year 2014, the Rensselaer County Correctional Facility:

- Maintained a daily average population of 351.942 inmates per day and continued boarding in inmates from other jurisdictions averaging 114.71 boarders per day.
- Served 399,900 meals at an average cost of $1.84 per meal compared to: 465,363 meals at an average cost of $1.82 in 2013; 522,670 meals at an average cost of $1.62 in 2012; 465,778 meals at an average cost of $1.54 in 2011; 306,784 meals at an average cost of $1.50 in 2010; 308,578 meals at an average cost of $1.65 in 2007.
- Received, investigated, and answered 25 formal inmate grievances as compared to: 38 in 2013; 38 in 2012; 32 in 2011; 36 in 2010; 10 in 2009; 3 in 2008; 4 in 2007; 6 in 2006; and 8 in 2005.
A3150 JAIL (CONTINUED)

MANDATES:

Each County shall maintain a Jail as prescribed by law.

REVENUE APPLICABLE TO THIS PROGRAM: $2,580,000

- R1525 15251 Jail Telephone Commission $200,000
- R1589 15894 Social Security Admin. Incentive Payment 30,000
- R2260 22601 Police Services, Other Government 10,000
- R2260 22603 Jail Facilities, Other Governments 2,330,000
- R4389 43896 Alien Assistance Program 10,000

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Due to the expiration of the 2009-2012 SEARCO collective bargaining agreement, Personnel Services line items are budgeted with a 1.5% increase over 2014 year-end salary levels plus an additional 2%. Management personnel will receive a 2.3% salary increase over year-end 2015 levels. During July 2015, the New York State Commission on Corrections conducted a site visit for the purpose of reviewing facility staffing needs. Many factors not previously considered in staff utilization and post coverage are now being considered as they relate to appropriate coverage. Some of these daily staffing shortages are driven by military deployment, FMLA, disability, sick leave, workers’ compensation, 207c, transportation of inmates, outside hospital watches, one-to-one watches, etc. This comprehensive approach in the review of staffing levels is designed to better identify facility needs as they relate to constant staffing patterns on a daily basis. As a result, four (4) additional Correctional Officer positions have been budgeted. The department is requesting to add an additional Senior Account Clerk position. Assistance is necessary to help offset the work being done by the individual currently handling the Kronos payroll system as the overwhelming amount of work involved in the payroll preparation and scheduling has made it extremely difficult for this individual to complete those tasks as well as the other clerical functions assigned. It is essential to create this position at this level to have the ability to cross-train all the Sheriff’s Senior Account Clerks, which will provide the capability to rotate individuals in order to cover for vacations and other absences. To offset the request for this position, the Assistant for Public Relations/Public Affairs position will be eliminated.

In 2016, the “Furniture” budget reflects an appropriation for housing unit workstation and mandated post chairs that may need to be replaced during the year. Two (2) housing unit officer station lamps and two (2) paper shredders are budgeted within the “Office Equipment” line item. The “Automobile” request to purchase a transport van has been approved. Funding in “Other Equipment” is provided for replacement of the closed circuit camera system and various computer equipment.

Contractual accounts have been funded within fiscal limitations, based upon as analysis of prior and current year expenditures and projected needs.

DEPARTMENTAL FUNCTIONS:

The goal of the Sheriff’s Alternative to Incarceration Bureau is to provide all courts within Rensselaer County a viable sentencing option other than the incarceration of offenders. The results of this option are a reduction in jail overcrowding and the expense of farming out inmates to other counties. Selected non-violent offenders make reparation for their crimes through the performance of community service labor referred to as "work order". The offenders are directly supervised by the staff of the Alternatives Bureau at work sites within Rensselaer County.

PROGRAM OBJECTIVES:

The Sheriff staffs and directs the operation of the Alternatives Program seven days and four evenings per week. The program provides the Courts within Rensselaer County a sentencing option consistent with public safety.

PROGRAM STATISTICS:

In 2014, the Alternatives Bureau performed work at over 200 worksites within Rensselaer County including work at the Rensselaer County Public Safety Building, the Sheriff’s Highway Patrol substation, as well as other County owned buildings. This bureau also performed work at numerous sites operated by other government agencies and not for profit groups. A total of 229 offenders were sentenced to this program in 2014. The result of these offenders serving sentences with this bureau rather than incarceration was savings of over $1,000,000 in State and County housing costs, as well as countless savings to the work sites served by this bureau.

REVENUE APPLICABLE TO THIS PROGRAM:

R3310 33104 Alternatives to Incarceration $20,099

SUMMARY OF BUDGET OFFICER'S ACTIONS:

The salaries of the Alternatives to Incarceration Program Director and Supervisors reflect 2.3% increases in accordance with the 2014-2017 UPSEU collective bargaining agreement.

Equipment and contractual expenses reflect projected needs.

DEPARTMENTAL FUNCTIONS:

The Rensselaer County Sheriff's Jail Maintenance division is responsible for the necessary repairs and ongoing maintenance of the Public Safety Building and the one (1) Sheriff's Office Patrol substation. Functions performed include on-site inventory of spare parts for the numerous mechanical systems, evaluation of whether outside vendors are needed to effectuate repairs, and providing 24 hour a day on-call presence to effect emergency repairs.

PROGRAM OBJECTIVES:

The primary goal is to provide for the proper maintenance of the Rensselaer County Public Safety Building, along with the Sheriff's Patrol substations.

PROGRAM STATISTICS:

In 2014, the Sheriff's Maintenance Department completed 3,110 work orders as compared to 4,100 in 2013 and 3,947 in 2012. The Maintenance Department is responsible for repair and upkeep of the facility systems (electrical, plumbing, HVAC, security, etc). Additionally, the Maintenance Department is responsible for ensuring the upkeep of the grounds and snow removal.

As the original building becomes older it is apparent that major components will need to be updated and/or replaced. Compounded by the maximum capacity of our inmate population, routine preventative maintenance to housing units such as painting, floor resealing, etc. has been difficult at best.

Overall, our 2016 budget reflects an anticipated increase in repairs, parts, and workload as our facility expansion project has been completed. The facility's size has increased by approximately 104,000 square feet to a total of 250,000 square feet. Inmate housing can increase to a maximum capacity of 473 inmates. The resulting normal and preventive maintenance tasks may certainly increase.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

The salaries for jail maintenance personnel are budgeted for 2.3% salary increases in accordance with the 2014-2017 collective bargaining agreement with UPSEU.

The request for a utility truck was denied, in 2015, due to fiscal limitations. It is necessary for this purchase to take place in 2016. Chiller #1 is scheduled to be replaced due to it being past its useful life.

Contractual funding is provided to meet anticipated requirements in 2016.

A3315 STOP-DWI PROGRAM

DEPARTMENTAL FUNCTIONS:

The Stop-DWI program was established by the New York State Legislature in 1981. Since then, it has provided Rensselaer County with resources to increase efforts to combat impaired driving, thereby reducing the likelihood of alcohol-related vehicular deaths and injuries. Areas of programming include enforcement, adjudication, probation, rehabilitation, public information, and education. Working with the County's Traffic Safety Board, the Stop-DWI program is also involved in highway safety programs. The program also interfaces with community-based groups to address substance abuse issues.

The Stop-DWI program is financed through a combination of fines collected and periodic grants. Fines collected in village, town, city and county courts for convictions of DWI related charges are returned to the Stop-DWI program to fund the programming areas mentioned above.

PROGRAM OBJECTIVES:

The objective of the Stop-DWI program is to improve the quality of life for the residents of Rensselaer County by increasing public safety. A goal achieved by reducing alcohol and other drug-related injuries and fatalities by targeting alcohol and drug use through the creation and funding of programs relating to enforcement, prosecution, probation, rehabilitation, public information, and administration.

The Rensselaer County Stop-DWI program develops and coordinates a comprehensive DWI countermeasures program with the focus placed on deterrence. Functionally, on the enforcement side, the Rensselaer County Stop-DWI program enters into contracts with law enforcement agencies within the county to fund overtime money for extra DWI patrols and provides necessary tools including specialized breath testing equipment to police agencies. Stop-DWI also provides funding for positions within the Rensselaer County Department of Probation to oversee DWI offenders.

Information intended to educate the public about the dangers of drunk driving, including the amplified certainty of arrest and increased penalties if convicted, is frequently distributed through various local media outlets and presentations held throughout the County. These presentations focus on training vendors on their responsibilities under New York State Law and informing individuals about personal responsibility when it comes to the consumption of alcohol - all aimed at preventing drunk driving. The Stop-DWI program works with local middle and high school Students Against Drunk Driving (SADD) Chapters to conduct many of these outreach programs, focusing on community based education and awareness efforts. The Rensselaer County Stop-DWI program also contracts with Hudson Mohawk Recovery Center for the Probation Alcohol Treatment (PAT) program, aimed at repeat offenders currently on probation. Rensselaer County Stop-DWI will also offer a SAFE RIDE HOME program for St. Patrick’s Day and New Year’s Eve.

The Rensselaer County Stop-DWI program is the monitoring authority for individuals sentenced to ignition interlock devices. Individuals convicted of a DWI are mandated to have an ignition interlock device installed on their vehicle for a minimum of six months.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Revenue for the Stop-DWI program is based upon the anticipated collection of fines from DWI/DWAI convictions in Village, Town, City and County Courts. The more successful the program is in deterring individuals from driving while impaired, the less revenue available for this program.

The director’s salary is increased 2.3% from its 2015 year-end level. “Plus Transfers, Other Codes” represents the chargeback of a portion of the Confidential Assistant’s salary and related benefits with the Office of the County Executive (A1230) for the provision of clerical and support functions of the Stop-DWI program.
SUMMARY OF BUDGET OFFICER'S ACTIONS (CONTINUED):

Professional Services expense represents funding in the amount of $33,000 to local municipalities for DWI patrols and enforcement. In addition, the County Department of Probation (A3140) will receive $82,800 to further support an innovative and effective program which combines alcohol treatment and probation for recidivists. The Sheriff's Department (A3110) will receive $20,000 for DWI law enforcement duties, especially important in areas of the County lacking municipal police coverage. The remaining contractual codes are funded to meet anticipated needs and are based upon historical spending levels.

The Stop-DWI budget is subject to review by the State of New York.

DEPARTMENTAL FUNCTIONS:

1. Determine the cause and origin of all fires where they are dispatched and/or requested by fire departments and police;
2. If arson is determined to be the cause, evidence is submitted to the appropriate law enforcement agency;
3. Submit all findings to the insurance companies (unless the information is in the hands of the law enforcement agencies);
4. File detailed records and reports on all fires; and
5. Assist with a program for juvenile fire setters in the county that offers counseling to juveniles who have an association with fire. This is a proactive attempt to educate our youth and direct their future in a positive direction and away from our legal and corrections institutions.

PROGRAM OBJECTIVES:

The Fire Investigators Team is called to all types of fires. The determination of the cause and origin of every fire and explosion in New York State is mandated by the State General Municipal Law, Section 204-D. This team is made up of eleven (11) volunteers who have spent many hours training for their job. The Fire Chief or law enforcement personnel frequently request their services and expertise. The information is very important to both insurance companies and law enforcement. In addition, their findings provide an essential tool in training fire fighting personnel as well as the private citizen.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

“Other Equipment” is funded for the LaserJet multi-purpose printer for use at fire scenes.

Contractual codes are funded to meet anticipated needs and are based upon historical spending levels.

A3641 BUREAU OF PUBLIC SAFETY – AMBULANCE

DEPARTMENTAL FUNCTIONS:

1. Coordinate medical training;
2. Maintain training equipment and training facilities;
3. Maintain emergency medical coordinators and coordinating programs;
4. Maintain the Reduce Emergency Stress Team (R.E.S.T.);
5. Preparation of budgets, and acquisition and maintenance of specialized equipment;
6. Response to emergencies; and
7. Related work as required.

PROGRAM OBJECTIVES:

The Bureau of Public Safety is responsible for the oversight and coordination of training for all emergency medical providers in the county. This program includes continuing education as well as first-time certification. In addition, the county oversees training and response to Mass Casualty Incidents (MCI) and sheltering and response to large area incidents (i.e. tornadoes).

This Bureau also operates a very important and highly publicized program named Reduce Emergency Stress Team (R.E.S.T.). This program works to alleviate "critical incident stress", which can easily prevent a public safety provider from continuing to serve.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

“Other Equipment” is funded for the purchase of supplies and equipment for the EMS Coordinators.

“Uniforms/Tools” is funded to replace aging protective gear which has a life expectancy of ten years. Other contractual codes are funded to meet anticipated needs and are based upon historical spending levels.

A3650 DEMOLITION OF UNSAFE BUILDINGS

DEPARTMENT FUNCTIONS:

Rensselaer County is required to take title to tax delinquent properties through the in rem tax foreclosure process. Occasionally, there are structural or other issues with distressed and/or condemned buildings that pose a threat to public safety and could become liabilities to the County. Although the county would prefer that these problems were rectified by the former owners and local code enforcement before taking title, these issues are the County’s responsibility after the foreclosure. The requested appropriation will allow the County to efficiently address these problems by removing or stabilizing unsafe structures. If at all possible, County resources such as personnel and equipment will be used before hiring outside contractors. Contracts with outside vendors will be subject to normal county purchasing and legislative approval processes.

SUMMARY OF BUDGET OFFICER’S ACTIONS:

Contractual funding is provided at the level requested by the Bureau of Finance.

DEPARTMENTAL FUNCTIONS:

Public Health Administration is responsible for the overall development, implementation, and enforcement of Public Health Law and the County’s health policy and programs, supervision of personnel, collection of revenues, preparation of budgets, and maintenance of personnel, medical, and financial records. The chief administrative officer of the department is the Public Health Director.

PROGRAM OBJECTIVES:

The primary program objective is to enforce State and local laws, codes, rules and regulations relating to Public Health. The Public Health Director is an active participant in the County’s Human Services Cabinet, helping to identify service duplication and/or gaps in service and providing recommendations for growth. The health of our community is of primary importance and is affected by a wide variety of circumstances. The department strives for collaboration, not only between government and community agencies, but also the community members as a whole. Due to the current global awareness of potential threats to public safety and health, another focus area is that of Emergency Public Health Preparedness.

MANDATES:

The following programs are mandated by New York State Public Health Law and the New York State Sanitary Code: tuberculosis outbreak investigation and surveillance, immunization, communicable disease, STD, HIV, chronic disease, maternal and child health, health education and guidance, food service inspection and protection, resorts and recreation inspection, swimming pools and bathing beaches inspection, rabies control, lead poisoning control, migrant labor camps inspection, public health nuisance, public water supply supervision, realty subdivision plan approval, environmental assessment and review, technical assistance for individual water and sewage, clean indoor air act, public health preparedness, and jail medical services.

REVENUE APPLICABLE TO THIS PROGRAM:

R3401  34011 State Aid - Public Health $873,631

SUMMARY OF BUDGET OFFICER’S ACTIONS:

Personnel Services funding is budgeted in accordance with the provisions of the 2014-2017 collective bargaining agreement between Rensselaer County and the United Public Service Employees Union (UPSEU). 2016 line items for bargaining unit positions reflect an increase of 2.3% over 2015 year-end salaries. This salary increase has also been extended to all management confidential employees. “Plus Transfer, Other Codes” represents the department’s share of the Human Services Liaison related to the assistance provided to the Human Services Cabinet in coordinating its efforts and to the administration of the County’s contract management system. The department’s requests to reclassify the existing Accounting Supervisor Grade B and Fiscal Coordinator positions were denied due to budgetary constraints.

Public Health revenue is based upon current New York State reimbursement methodology, with a base reimbursement of $650,000 plus an additional percentage of eligible expenses. The projected revenue reflects the continuation of reduced funding for State-designated “optional” programs.

- To promote wellness in children and to provide health guidance to expectant females and to the parents of infants and children. This essential service is done through maternal and child health services in the home setting as well as in the clinic.
- The goal of the Lead Program is to build upon successful strategies to empower parents or providers to provide safety for children by taking an active role in reducing lead risks in the child's environment. This program provides education regarding lead poisoning and prevention, conducting surveillance, and monitoring lead levels of children birth to 6 years of age. The department provides Nursing and Environmental assessments through home visits for all children identified with lead levels of 15ug/dL or greater.
- The HIV program provides anonymous and confidential counseling, testing, and education for the human immunodeficiency virus (HIV).
- The function of the sexually transmitted disease (STD) program is to control STD's within the county through education, identifying clients unlikely to seek needed services, diagnosis of infected persons and evaluation and treatment of their partner, and offering pre-exposure vaccination of persons at risk for vaccine preventable STD’s who present at county sponsored clinics.
- Public Health Law requires the department to investigate cases of suspected or confirmed communicable disease. The department is responsible for identifying contacts, collecting and submitting specimens, and implementing appropriate control measures regarding the reported communicable disease.
- The department, in collaboration with various partners, continues to promote/conduct educational and outreach activities to inform health care providers and the public about the benefits of immunizations. The department provides regularly scheduled clinics throughout the county to ensure the provision of this essential service. The department also provides international travelers with pre-travel advice in regard to current health information and offers vaccinations to these individuals.
- The department is responsible for rabies control. The department’s responsibility is to enforce laws and regulations that protect residents of the county and ensure safety. RCDOH educates the public, holds rabies clinics, follows up on all animal bite reports, and provides pre-exposure and post-exposure rabies treatment for identified at risk residents.
- The department is responsible to inform, educate, and empower residents about many health issues. The department provides education to schools, businesses, and private organizations and inter-office departments through presentations and by attending health fairs. The Health Educator assisted in the compiling of information and development of the RCDOH community health assessment and community health improvement plan 2014 – 2017.

**SUMMARY OF BUDGET OFFICER’S ACTIONS:**

Resolution G/533/14 authorized the acceptance of a grant award (WMD19) from the New York State Office of Homeland Security and Emergency Services for the State Homeland Security program. The total amount of that grant available to the Department of Health was $56,942 for the period of September 1, 2014 through August 31, 2016. Of the total grant award, $23,166 has been allocated for the period of January 1, 2016 through August 31, 2016, and such funding has been appropriated in this budget.

Personnel Services funding is budgeted in accordance with the provisions of the 2014-2017 collective bargaining agreement between Rensselaer County and the United Public Service Employees Union (UPSEU). 2016 line items for bargaining unit positions reflect an increase of 2.3% over 2015 year-end salaries. One Public Health Aide’s salary and benefits will be partially funded by the recently awarded WMD21 grant program. The salary and benefits of the Public Health Preparedness Coordinator are partially funded by the above-noted WMD19 grant program. The department’s request of a new Clinical Records Clerk position was approved in order to provide necessary, dedicated support staff for this unit. In addition, an existing Community Health Registered Nurse position and the currently vacant Epidemiology Coordinator position will be reclassified in order to allow various changes within the unit’s operation which are crucial to the department’s public health mission, while more closely aligning them with changes happening in health care today.

Many of the Department of Health’s contractual line items are budgeted based upon allocations within available grant funding. Remaining equipment and contractual items have been funded at the minimum levels necessary for the division’s continued operation, based upon historical analysis and anticipated need.

Revenue projections for the Nursing Division are based primarily on clinic attendance and the expected billing and follow-up to be performed by department personnel, along with anticipated grant funding.

During 2014, the department performed a total of 89 public water supply (PWS) inspections. There were 22 engineering plans reviewed and 5 complaints regarding PWS were investigated. Additionally, 5 water emergencies were investigated and 2 “boil water” orders were issued. There was additional sampling performed for communicable disease identification for the nursing division, including tests for E.Coli, campylobacteriosis, giardiasis, salmonellosis, and tuberculosis.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

This contractual code is funded at a minimum level reflective of historical data. Anticipated revenues for this program are incorporated into the projected Public Health State Aid reimbursement (see A4010, Administration).

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Personnel Services funding is budgeted in accordance with the provisions of the 2014-2017 collective bargaining agreement between Rensselaer County and the United Public Service Employees Union (UPSEU). 2016 line items for bargaining unit positions reflect an increase of 2.3% over 2015 year-end salaries. This salary increase has also been extended to all management confidential employees. The department’s request for an additional part-time ECIS Worker, which would help decrease the caseloads of the current full-time ECIS Workers and assist with the Health Home Program to be implemented during 2016 by New York State, has been approved.
SUMMARY OF BUDGET OFFICER'S ACTIONS (CONTINUED):

Funds necessary to pay for service expenses (04800) reflect current program procedures, by which Medicaid pays 50% of said expenses directly to service providers. The remainder of the Early Care Intervention Program is funded based upon an analysis of historical data and projected needs.

The Early Care Intervention Program is currently reimbursed at a rate of approximately 49% by the New York State Department of Health for transportation and center-based and related services. Reimbursement for this program is calculated based upon the aforementioned change in program methodology.

Early Intervention transportation and administration costs that are paid by the County are reimbursable by the State and Federal governments through New York State’s Automated Claiming System (ACS). Since the ACS is the only mechanism used to obtain funding for Medical Assistance programs, the Department of Social Services files the actual claim for these funds, based upon data supplied by the Department of Health.

A4230 MENTAL HEALTH – NARCOTIC ADDICTION PROGRAMS

DEPARTMENTAL FUNCTIONS:

Hudson Mohawk Recovery Center, Inc. (HMRC) receives funding from New York State Office of Alcoholism and Substance Abuse Services (OASAS) to provide a variety of services and programs, including the operation and management of the Troy and East Greenbush clinics, a structured intensive day treatment program, supportive living program, and supervision of Elizabeth House.

The Hudson Mohawk Recovery Center Inc., Supportive Living Program (HMRC-SL) is a comprehensive multi-faceted program designed to foster, support, and promote a continuum of recovery management, mental health, and community reentry services offered by Rensselaer County. HMRC-SL is a 17 capacity residential program with an anticipated length of stay of six to nine months. The program provides methodologies, i.e. peer to peer recovery supports, life skills management groups, individualized case management services, and facilitate referrals for all ancillary services. HMRC-SL fulfills three primary functions:

- Provide the environment, supports, and resources conducive to facilitating permanent change and self-efficacy.
- Facilitate successful transition back into the community
- Reduce recidivism by providing continued support services beyond the scope of detoxification and rehabilitation services.

Hudson Mohawk Recovery Center Inc. operates Elizabeth House, a 14 bed community residence for women age 18 and older who are seeking recovery from alcohol and other drugs. Residents stay at Elizabeth House for an average of 6-12 months in an effort to gain the independent living skills necessary to begin living a sober lifestyle.

The program seeks to promote recovery by endorsing a community atmosphere that encourages both individual and group responsibility with a variety of opportunities whereby residents help themselves and one another. Staff and other residents attempt to help transition from rehabilitation to independent living by providing a supportive, substance free environment. Encouragement and guidance are provided in the areas of vocation, education, employment, family relationships, daily living skills and social/recreational skills. Chemical Dependency is not a moral problem, but rather a disease that can be treated when individuals share concerns and lend and receive support from each other. Residents must be willing to participate in every activity of the program in order to demonstrate progress in identifying negative and unhealthy coping skills, to develop positive coping skills and to make the changes necessary to reach their recovery goals. In addition to providing chemical dependency treatment services, we also provide for the improvement of independent living skills through such groups as Nutrition, Budgeting and Spirituality. HMRC has been able to partner with community providers to bring these groups into the facility and provide them to the residents. HMRC has continued our focus on trauma informed care through programs such as trauma sensitive yoga therapy, as well as by developing a new partnership with Unity House to provide Trauma Recovery groups weekly at the residence. HMRC would like to continue to expand upon our ability to provide alternative, holistic approaches to wellness within the community. The Elizabeth House program is based on a 12 step philosophy and way of life that seeks to incorporate those principals into our daily lives.

PROGRAM OBJECTIVES:

The objective of the Hudson Mohawk Apartments program is for each resident to maintain abstinence from drug and/or alcohol use and establish an effective recovery program for on-going sobriety and living independently. Successful graduates will have their own apartment, maintain abstinence from drugs and/or alcohol, attend outpatient treatment, and be employed or in school.

DEPARTMENTAL FUNCTIONS:

As the Local Government Unit (LGU), mandated under the New York State Mental Hygiene Laws, Article 41 and 41.03, the Rensselaer County Department of Mental Health (RCDMH) has lead responsibility for planning and coordinating an integrated and comprehensive behavioral health services delivery system designed to address the needs of three disability groups—the mentally ill, developmentally disabled and chemically dependent persons. In this capacity, the Department is responsible for fiscal and programmatic oversight and monitoring of Rensselaer County’s programs funded by the NYS Office of Mental Health (OMH), NYS Office of Alcoholism and Substance Abuse Service (OASAS) and NYS Office of Persons with Developmental Disabilities (OPWDD) for the provision of services and treatment to the mentally ill, developmentally disabled and individuals with chemical addictions and all licensed programs providing these services in Rensselaer County.

The Mental Hygiene system in NYS is undergoing a high level of redesign moving from an institutionally based system to a community service based delivery system. Funding structures are shifting to support this redesign.

The department’s Mission Statement continues to guide us through these changes as follows:

“Rensselaer County Department of Mental Health, functioning as a Unified Services System, is committed to providing quality integrated treatment, prevention, and supportive services to our community with respect, compassion, and expertise, in order to empower and help all persons to improve their quality of life.”

The behavioral health care and developmental disability service delivery continuums in New York State continue to be in an extreme phase of redesign, as noted above. The governor's Medicaid Redesign Team (MRT) after undertaking information gathering since 2011, has set forth a plan to be implemented, solidified and launched, this restructuring will have an impact on Medicaid services provided.

In April, 2014, NYS Department of Health (DOH) announced the launch of the Delivery System Reform Incentive Payment (DSRIP) approved by the Federal Government – Center for Medicaid – Medicare Services. This will be a five year initiative with $8 billion federal savings resultant of NYS Medicaid Redesign efforts to be disseminated via NYS – DOH to lead entities for system reform with designated measured system performance criteria to bring about a greater emphasis upon community based services such as clinic treatment and population health efforts verses avoidable inpatient admissions. The DSRIP brings together safety net providers of all three disability serving systems in addition to physical health care providers. This Constellation of providers occurs with lead organizations and safety net providers as Performing Provider Systems (PPS). This initiative requires unprecedented levels of collaboration in a highly regionalized approach. RCDMH has been identified by NYS DOH as a safety net provider.

New York State has submitted an amendment to its current 1115 waiver demonstration to enable qualified Managed Care Organizations (MCO’s) throughout the state to comprehensively meet the needs of individuals with Behavioral Health needs. Effective October 1st, 2015, all adult recipients who are eligible for Medicaid Managed Care (excluding Medicare recipients and certain other populations) will have Behavior Health benefit coverage. Children’s Behavioral Health Services will be included in the Medicaid Managed Care benefit package in 2017.

Seriously mentally ill/substance use diagnoses will make clients eligible for Health and Recovery Plans (HARPS). All HARP enrollees are expected to have a Health Home Care Manager.

Outpatient Clinic Operations: Strategic planning and implementation over the past three years has led to the establishment of several satellite clinics in school settings and primary care practices. These locations have resulted in an increased penetration across the county allowing for greater access to mental health services.

In 2015, the Department briefly suspended operations at the Schodack Family Medical Practice, Miller Rd, Castleton, NY. Additional satellite locations are continuing to being in operated in primary care practices: Capital Care Family Practice in Averill Park; and Village Primary Care in Hoosick Falls. In 2015, we entered into agreement to provide clinical services located in School 2 in Troy, NY and have negotiated to continue these services into 2016. These locations have very limited hours of operation; yet provide the ability to intervene early in the emergence of behavioral health concerns through an integrated model of care.

In addition to the above clinic satellites, the department operates satellite clinics in the following school districts: Rensselaer, Hoosick Falls, Lansingburgh, and Troy. In 2013, the school satellite located at Troy Middle School was opened; and further expanded in 2014. The Rensselaer Jr/Sr High School site expanded hours of operation in 2014.
Productivity across the clinic operations has steadily increased. The Department’s 2014 Consolidated Fiscal Report (CFR), as submitted to NYS, reported a clinic productivity increase overall by 2.4%; when combined with the productivity since 2012; this reflects a productivity increase of 24.4% over 3 years. This continues to be as a direct result of: supervisors holding clinicians responsible for achievement of established productivity goals; centralized scheduling; development and enforcement of attendance contracts; increased referrals via satellite operations; advancements in the use of the Electronic Health Record to improve efficiencies; and turnover of staff allowing for a greater shift in the service delivery culture. Clinic Site Supervisors and the Director of Adult Services report current staff are nearing a point of maxing out in the number of clinical hours available for appointments. Consequently additional clinical staff is needed to provide care to those being referred. The department continues to work toward further increases in productivity by reducing appointment absenteeism.

In addition to operating its own mental health outpatient clinics in Troy, Rensselaer and a clinic satellite location in Hoosick Falls, the Department also provides forensic clinical services in the Rensselaer County Jail (RCJ) for inmates with mental health issues. The department receives $221,000 of funding in state aid to support this service. In addition, the department provides funding to the Rensselaer County Probation Department to provide a mental health credentialed probation officer for the supervision of probationers with mental health issues. This service strives to keep reduce days of incarceration and increasing community tenure of these probationers.

The RCDMH receives funding provided through the Rensselaer County Department of Social Services (DSS) to provide urine drug screens for recipients of services as requested. This interagency collaboration also includes DSS funding for the provision of a licensed mental health professional to provide evaluations and assessments for children and parents involved in Child Protective or foster care services. The long standing collaboration for a Substance Abuse Specialist to perform evaluations of persons in receipt of emergency and public assistance will continue in 2016.

NYS OMH continues to provide state aid to Rensselaer County to support both the forensic outpatient clinic services at RCJ as well as the court ordered evaluations of juveniles involved in Family Court. The Sherriff’s department has committed continued support for additional prescribing and clinical hours to meet the need of inmates housed for other entities (i.e. federal inmates).

The Department also contracts with nonprofits to assist with the planning, coordination and integration of services and resources that help client’s access treatment and services in the community and prevent costly hospitalizations and out-of-home placements. In this role, the county is charged with contract administration and management, oversight and monitoring of project activities funded by the County and administered and delivered by contract agencies.

In a new collaboration, launched in October 2014, RCDMH acts as a subcontractor for CEO Inc., providing mental health screening and assessment for children in the Head Start program. CEO has committed $60,000 to this initiative and has submitted a proposed contract to continue this venture into 2016. The amount of the increase will be determined via data collected and service needs during the period of 10/1/15 thru 9/30/16. Staff from the children’s outpatient therapy unit will be deployed to this initiative.

The Department’s Corporate Compliance Team is actively engaged in ongoing review and revision of policies associated with the operations of programs, assuring all are in compliance with federal, state, and county laws and regulations.

Department’s goals include the following:

- To expand clinical services in co-location opportunities i.e. schools and primary care practices.
- Continue the development of a HIPAA compliant electronic health record to include meaningful use components and ability to have remote access from satellite locations.
- To continue development of evidence based treatment approaches in the clinics.
- Ensure access to person-centered, medically necessary quality behavioral health services targeted at serving the mentally ill, developmentally disabled and chemically dependent residents of Rensselaer County;
DEPARTMENT OF MENTAL HEALTH

DEPARTMENTAL FUNCTIONS (CONTINUED):

Department’s goals include the following (Continued):

- Ensure individualized service planning for children and families and prioritize access for those individuals with multiple disabilities;
- Participate in the adult health home to be established in the county, contracting as a provider of care coordination; actively engaging and enrolling persons identified to be in need of health home services.
- Participate in the implementation of a children’s health home to include subcontracting for the provision of care coordination services.
- Maintain and develop collaborative working relationships across the health care system within the county and region.
- Maintain a commitment to staff development in evidence based treatment approaches, information technology, and cultural competency.
- The department is charged to be in compliance with the Governors Justice Center objectives of reporting any incidents that may occur in the department that may negatively impact a recipient of services. Our staff is now required to receive clearance to be employed in the department, including fingerprinting and a complete background check under the recently enacted Justice legislation.

PROGRAM OBJECTIVES:

The Department’s focus is to assure a robust, effective and efficient recovery oriented system of care to address the behavioral health needs of citizens in Rensselaer County. The Department continues to provide programs that meet recipient’s needs for behavioral health services. This is achieved by providing a professional, integrated, caring system, which depends on the direct participation and input of recipients and their families, and a collaborative planning process with inter/intra agency programs in all phases of program design and implementation.

The Department’s objectives include:

- Increase interdepartmental service agreements and service delivery.
- Be an active leader and participant in new service delivery models to integrate care regionally and within the county, for persons of all ages.
- Continue to foster a collaborative environment able to creatively implement system change, with timely response to new funding initiatives.
- Expand outreach/case management capacity through the Health Home structure and revenue.
- Provide administrative oversight of programs in the County and/or operate funded programs within the County to ensure they maintain quality focused on recovery; are recipient friendly and accessible and are an individualized system of cost efficient care.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Pursuant to the 2014-2017 collective bargaining agreement with United Public Service Employees Union (UPSEU), Personnel Services reflects a budgeted increase of 2.3% over 2015 year-end salaries for all positions other than those listed below.

The request to upgrade the Director of Clinical Administration to the Deputy Commissioner of Clinical Administration is approved. This promotion is in recognition of the expanded role and additional duties the Director has taken on as other directors have retired (Prevention Services and Adult Care Coordination). There is no tax levy increase associated with this change.

Due to additional administrative duties supporting the expansion of the Single Point of Access (SPOA) program for children and youth, the request to increase the salary of the Secretary to the Commissioner of Mental Health is approved. The department is receiving additional funding to support the expansion of the program; therefore no tax levy increase is associated with this change.

The request to upgrade two IT positions is approved. A Mental Health Information System Analyst to a Mental Health Information Analyst I and a Mental Health Information Processing Tech II upgraded to the Mental Health Information System Analyst. These upgrades are due to the department’s continued emphasis on IT development to keep pace with the mandates of electronic medical records (records keeping, prescribing, billing, and ICD 10/11 conversion). Much of the health care reform is predicated upon robust electronic health records with interoperability capacity, functional linkage to the Regional Health Information Organization; and ability to track quality and performance metrics by recipient and provider; and successfully achieving communication across all health care providers. The cost of these upgrades, approximately $6,300, is offset by the elimination of a vacant position in the department.

The request to increase the hours of a Staff Psychiatrist from 27 hours per week to 30.5 hours per week is approved. The additional hours are justified as the incumbent takes on additional duties as the Medical Director for the department and additional Corporate Compliance activities. The additional cost is offset by a reduction in the hours of a vacant Staff Psychiatrist position.

“Plus Transfer, Other Codes” represents the department’s share of the Human Services Liaison related to the assistance provided to the Human Services Cabinet and the administration of the county’s contract management system. “Transfers Out” represents the cost of a shared Mental Health Social Worker II position with the Department of Social Services ($42,223), the cost of psychological evaluations for CPS parents performed by the Staff Psychologist ($30,000), and a portion ($62,817) of the salary of the Deputy Commissioner of Mental Health (Admin), reflecting the time assigned to the triage unit, located at Flannigan Square, to assist in the important task of coordinating activities between the Departments of Social Services, Probation, Youth and Mental Health. This provides assistance to clients in critical need and streamlines operations.

“Other Equipment” is funded to purchase computers, mobile devices, scanners, and other technology to further streamline operations and ensure compliance with HIPAA and other mandated rules and regulations.

Contractual accounts are funded based upon historical expenditures, along with the anticipated needs of the department.

The programs funded in this code rely heavily on Federal and State Aid to continue services. Any decreases in State or Federal revenue from anticipated amounts would have a direct impact upon program funding levels.

DEPARTMENTAL FUNCTIONS:

This code has traditionally funded Community Support Services (CSS) programs that were intended to ensure that individuals with serious mental illness could remain in the community. Rensselaer County’s CSS program provides a variety of services including case management, on-site rehabilitation and wraparound services that assist individuals to live successfully in the community and avoid crisis visits and hospitalizations. In 2014 the On-Site Rehabilitation Unit, visited clients throughout Rensselaer County and provided 2,013 units of service.

In addition to serving persons covered by Medicaid, the Adult Care Coordination Program serves the severe and persistently mentally ill in need of these services, who are not covered by Medicaid. This funding underwrites the cost of care coordination services for this Non-Medicaid population. The program has the capacity to serve up to 60 persons meeting the criteria at any given time.

The Adult Home Care Coordination program generates revenue for care coordination services delivered to persons residing in adult homes who have a severe and persistent mental illness. In September 2014, by directive of NYS OMH, the program became a subcontractor of care coordination services within the Health Home structure through Capital Region Health Connections of Samaritan Hospital. Services will continue to be dedicated to this focus population located at the Adult Homes of Fawn Ridge and Troy Adult.

The On-Site Rehabilitation Unit (attached to the Adult Home Care Coordination program and funded 100% though OMH will continue to serve persons residing in Adult Homes within Rensselaer County, providing residents experiencing mental illness with activities which foster recovery and wellness.

The Adult Care Coordination program has been a subcontracted downstream provider for the Capital Region Health Connections Health Home, since May 2013. Medicaid revenues for this service demonstrate a steady increase over the months of operation. Per the Health Home’s contract with Rensselaer County (and all of the care coordination program’s serving the Health Home) 3% of the revenue is paid to the Health Home as an administrative fee. Steady referrals for this service are anticipated to continue, and will likely result in further need to expand. In the 2016 budget submission, the department is requesting seven more Care Coordinator positions to allow for expansion to meet the emerging need for this service. In April 2016 NYS Mandated Managed Care for many of the current fee for service Medicaid recipients will institute upstate the behavioral health benefit known as the Health and Recovery Plans (HARP). NYS DOH anticipates all HARP enrollees will have a Health Home Care Manager. The target criteria is: Serious mental Illness/Substance use disorder diagnoses.

In January 2016 the New York State Department of Health (NYS DOH) plans to implement Health Homes to serve children and youth with severe emotional disturbances. The County’s current targeted case management program, serving these youth, will then become a subcontractor of care coordination services for 1-3 health homes designated to serve the county. Medicaid reimbursement rates for this service have not yet been set by NYS. Originally slated to occur on January 1st, 2015, the conversion was delayed for C&Y by one year. The Care Coordination Positions for expansion noted above may also be made available to serve this population should the need be great.

PROGRAM OBJECTIVES:

- Deliver community based care coordination services to adults or youth who are seriously and persistently mentally ill or severely emotionally disturbed.
- Increasing community tenure and reduce recipient’s reliance on emergency services, avoidable inpatient admissions/readmissions, extended inpatient admissions; institutional placements; or incarceration.
- Provide care coordination services which integrate behavioral and physical health care through individualized care plans targeted to promoting preventative health care, and ongoing monitoring and treatment of chronic co-occurring physical and behavioral health conditions.
- Promote wellness and recovery by assisting individuals in coping with their disabilities and maximize functioning in areas of daily living, self-care coping, family relationships, employment and independent living.
- Decrease utilization of residential care for children by providing community supports for the child and family.
- Promote wellness and increase resiliency for children and youth experiencing severe emotional disturbance and needed physical health care via an integrated care plan.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Pursuant to the 2014-2017 collective bargaining agreement with United Public Service Employees Union (UPSEU), Personnel Services reflects a budgeted increase of 2.3% over 2015 year-end salaries for all positions.

Adult Care Coordination and Children and Youth Targeted Case Management program is a subcontracted service for the Capital Region Health Connections Health Home. This program serves the most high risk Rensselaer County behavioral health involved members of the Health Home with strong reimbursement rates. The Health Home continues to receive robust numbers of referrals and has an ongoing need for Care Coordination services. In an effort to position the both programs for expanded capacity based upon need, the request to add seven (7) new Care Coordinator positions, to be filled as need presents in either the adult or children’s care coordination services, is approved. The costs of the new positions will be reimbursed through fees and will not impact tax levy.

Contractual accounts are funded based upon historical expenditures, along with the anticipated needs of the department to meet its revenue projections.

The programs funded in this code rely heavily on Federal and State Aid to continue services. Any decreases in State or Federal revenue from anticipated amounts would have a direct impact upon program funding levels.

A4322 MENTAL HEALTH CONTRACTED SERVICES

DEPARTMENTAL FUNCTIONS:

As the Local Government Unit (LGU), the Department of Mental Health has lead responsibility for planning and coordinating an integrated and comprehensive behavioral health service delivery system to address the needs of three disability groups—the mentally ill, developmentally disabled and chemically dependent persons. Nonprofits are essential resources in the behavioral health services delivery system in Rensselaer County. They are community partners helping provide critical services and programs to individuals of the three disability groups. Through a network of community-based nonprofit agencies, recipients are linked to a wide range of services in convenient locations throughout Rensselaer County. With the shifting of state aid to Medicaid by New York State, the County LGU is still charged with the responsibility of providing fiduciary and programmatic oversight to several agencies operating programs that are no longer directly receiving funding through the county. These agencies include Northeast Career Planning, NYSARC – Rensselaer County Chapter and some services of Samaritan Hospital.

The Budget Code A4322 is used for direct contracts between the Department of Mental Health and nonprofit provider agencies. Nonprofit agencies collaborate closely with the county to identify needs while coordinating and providing comprehensive and integrated services and support to recipients with mental illness, developmental disabilities and persons with substance use disorders. Strategically, the Department uses a continuum of care approach for serving recipients. This approach centers on the use of prevention, education and intervention for the coordination of treatment and recovery programs offered to recipients.

The county passes through State funds to sub-grantee agencies. In this role, the county, as the LGU, is ultimately responsible and accountable for providing fiduciary, regulatory and programmatic oversight to contract agencies funded by the County with State and Federal dollars. Funding through NYS Office of Mental Health (OMH), NYS Office of People with Developmental Disabilities (OPWDD) and the NYS Office of Alcohol and Substance Abuse Services (OASAS), require pass through funding to flow through nonprofit agencies.

PROGRAM OBJECTIVES:

The Department of Mental Health contracts with area community-based, nonprofit agencies to provide comprehensive services countywide to the mentally ill, developmentally disabled and chemical abusing persons. A listing of the specific contract agencies, with brief service and program descriptions follow.

**Adult Home Court Ordered/Nursing Homes:** OMH awarded Rensselaer County $600,000 for Adult Home court ordered/Nursing Home community resettlement. The funding will be used to relocate mentally ill persons into community housing from adult homes. The county is awaiting direction from NYS OMH regarding resettlement plans. When the instructions are received, the funding will be issued through Request for Proposals from the various housing agencies operating in the region.

**820 River Street, Halfway House:** A 22-bed community residential facility, 820 River Street offers males 18 and over a safe, substance free environment while they receive intensive outpatient treatment services. The residence offers supervision 24 hours per day, seven days a week. 75% of the clients are from Rensselaer County. Average length of stay is 3 to 6 months and clients are referred back to their home county upon successful completion of treatment.

OASAS funds are used for personnel services and operational expenses necessary for providing case management services and round-the-clock supervision. Recipients may access case management services, engage in outpatient employment and vocational services, receive assistance in job and housing placements. The units of services projected for 2015 remain stable at 7,542.

Funding was amended by OASAS to reflect changes in the federal eligibility for the Supplemental Nutritional Assistance Program (SNAP).

**Association of Retarded Citizens, Inc. (ARC) Rensselaer County Chapter:** ARC is an association consisting of people with disabilities, parents, professionals, and community members dedicated to strengthening the community’s capacity for the successful and full integration of persons with disabilities into community life and workplace environments. Since 2011, the funding for all ARC programs has been converted by OPWDD to Medicaid payments. This agency is still required to report programmatically and fiscally to the County by OPWDD.

ARC has now entirely moved programmatically into the HCBS Waiver Pre Vocational Services from the former Sheltered Workshop Program Model. This program provides services and experience to participants with the goal of increasing participants work skills. The program teaches prevocational skills with work in task orientation, coordinator skills, adjusting to work conditions, and/or counseling. Teach individuals with intellectual disabilities prevocational skills, work experiences, work stamina, dealing with co-workers, attention to task, responding to supervisor instructions, and adjusting to work conditions. Clients will be allowed to move into retirement, some will be eligible to move into competitive employment and others will explore other options.
PROGRAM OBJECTIVES (CONTINUED):

Association of Retarded Citizens, Inc. (ARC) Rensselaer County Chapter (Continued): More individuals will be moved into other program models in 2016. This program funding through Medicaid is slated to end in 2020. As reported in the agencies 2014 Consolidated Fiscal Report (CFR), the agency provided 10,493 units of service.

In addition, ARC operates recreation and respite programs to provide recreation and transportation to and from for approximately 25 adolescents and adults. The Recreational program operates Monday through Thursday, with occasional Saturdays. Summer Camp runs for 7 weeks (July-August) for campers ages 5-21. In 2014, as reported on the agencies CFR, they provided 71,988 units of service.

Commission on Economic Opportunity (CEO) for the Greater Capital Region, Inc.: The Family Support Service program at CEO will employ two parent advocates to provide case management to the families of children exhibiting social, emotional, and behavioral concerns. There are numerous types of Family Peer Support that the program provides: Outreach and information, engagement, transition and bridging support, self-advocacy, self-efficacy, empowerment, community connections and natural supports, parent skill development, and promotion of effective Family-Driven practice.

The program will provide systems advocacy and also serve as a liaison between parents/caregivers and service providers, especially, but not limited to, the special education field. Case management will also include supportive services, referrals and linkage, working collaboratively to enhance the family capacity that will support the growth and development of all family members. The Family Peer Advocates attend a number of meetings in partnership with the families, such as CSE, school and probation meeting scheduled with the families. Family Support Services works to partner with the family assisting in fulfilling their responsibility to maintain a positive environment for their children, including internal and external referral and linkage, as well as transportation. The program will also convene Wit’s End support groups for parents/caregivers and work to coordinate the support services necessary to remove the barriers to attendance; these may include, but are not limited to, child care, transportation, and food. The Parent Advocates will provide consumer representation on committees related to the mental health network (such as SPOA). Staff will lend assistance at the Rensselaer County Mental Health Clinic, providing advocacy, linkage, and services: as well as assistance in the completion of satisfaction surveys on site. 2016 Units of service is projected at the same level as 2015 at 3,293.

Joseph House and Shelter Inc.:

Supported Housing Program: The Lansing and Hill Street Inns provide an affordable and stable housing option for people who are reluctant or unable to participate in structured programs or more restrictive environments. Residents pay rent equal to 30% of their income (primarily SSI). Tenants at the Inns are seriously, persistently mentally ill men and women with histories of chronic homelessness. Most Inn tenants are dually diagnosed with active alcohol and/or substance abuse problems. On-site support services are provided to ensure that problems can be anticipated and identified quickly, intervention strategies can be pre-planned, and participants can develop skills for daily living and increased independence. Core services provided by the Inns include outreach, coordinated care management, entitlement advocacy, and basic life skills assistance, as well as referral to treatment programs, health care, and legal services.

Supported Housing funding will be used to deliver case management and supportive services to a minimum of 20 persons with a serious and persistent mental illness, 14 chronically homeless adults with co-occurring disorders residing at the Lansing Inn located at 596 Second Avenue and 5 eligible persons residing in scattered sites. Units of service for 2016 are projected to be 10,534.

Homeless Mentally Ill Chemical Abusers (MICA) Case Management funding will be used to deliver case management, care coordination, supported and wrap around services to tenants of the Lansing and Hill Street Inns who are dually diagnosed with a severe and persistent mental illness and substance abuse and have histories of chronic homelessness. Safe, supported and subsidized housing that is staffed 24/7 is available to the residents. Units of service for 2016 remain consistent with the program goal of 6,000.

The Homeless Outreach program provides identification, support and housing for homeless and chronically homeless adults with disabilities who are living in places not intended for human habitation or have no permanent address or are living in substandard and unsafe housing throughout the county. Additionally this program provides identification and provision of legal services to adults and families with children who are homeless and/or at high risk of homelessness. Outreach legal services can include eviction prevention, SSI/SSD determinations and applications, DSS fair hearings, etc. Legal Services are provided through a sub-contract with the Legal Aid Society of NENY. Units of service in 2016 are forecast to be 2,900, based upon OMH funding guidelines.
**Mental Health Empowerment Project (MHEP):** MHEP is a not-for-profit peer run organization that promotes self-help, peer support, advocacy and recovery for recipients of mental health services. OMH funds the Empowerment Exchange operation for activities held on behalf of recipients and related services. The Exchange operates a Peer Support Line, offers individual and systems advocacy services, as well as provides self-advocacy skill building.

**MICA Contract Program:** This program is funded by OMH and provides support for people with dual diagnosis by providing 1:1 peer support and through developing and sustaining dual recovery self-help groups in the community and in the Samaritan Inpatient Unit. Units of service in 2015 remain the same as reported in 2013 at 246 units.

**Advocacy Contract:** MHEP provides one to one advocacy, self-advocacy, housing advocacy, and community/systems advocacy helping recipients learn their rights and responsibilities in the Mental Health system, organize tenants associations at housing complexes, and bring a peer perspective into policy making and development of new projects. Projected units of service for 2015 remain stable at 1,213 units.

**Drop In Center:** MHEP’s Empowerment Exchange offers skill building activities and education to health professionals and people in recovery on the concept of self-help, mutual support, and recovery. Here they seek to help individuals connect with their personal power and develop and strengthen their own identities. In 2015, MHEP expanded the means of providing peer-to-peer support through participation in the Probation Department’s peer initiative. This new effort will continue in 2016. Units are projected to increase to 8,633 units from 7,135 in 2015.

**New York State Bureau of Patient Resources:** This code reflects Rensselaer County’s projected local share of the total daily cost for maintaining forensic involved county residents who do not have the capacity to stand trial as patients within State operated OMH or OPWDD facilities. The average daily cost ranges from $750 to $1,800 per day. Rensselaer County is required to pay 50 percent (50%) of the average daily cost as a result of the elimination of the Unified Services funding formula. The department through collaborative work with the District Attorney’s Office, the Public Defender’s Office, and the judicial system has been highly successful in the diversion of the placement of persons into the state OMH/OPWDD. The RCDMH Director of Forensic Services has reported the potential of two inmates in need of this service in 2016.

**Northeast Career Planning (NCP) – The Workshop:** NCP receives funding from NYS OMH, OPWDD and OASAS to provide a variety of vocational, sheltered, supported and integrated employment programs and services to adult and young adult mentally ill, developmentally disabled persons, and MICA recipients by helping them live more independently through obtaining and retaining employment. NCP provides necessary supports for individuals to engage in successful work experiences and succeed in educational settings. OPWDD has been in the process of converting state aid to Medicaid funding to cover the cost of services. This is reflected in the reduced state aid funding to this program. Due to the loss of Unified Services funding to the county several years ago the county is required to match 50% for the OPWDD funding. A brief description of the funded programs follows.

**Long Term Sheltered Employment (LTSE) of NCP:** This program offers participants who have never worked before, or have had unsuccessful work histories, the opportunity to learn valuable work skills in a safe and nurturing environment. While in program, staff assists and trains individuals in the areas of adapting to a work routine, following directions, conflict resolution and appropriate work habits needed to be successful in employment. The sheltered workshop provides them an opportunity to earn a paycheck and to feel good about their accomplishment. When individuals have met their vocational goals, and feel ready to accept the challenge of competitive employment, staff supports them in achieving this goal. Units of services generated in 2014 were 1,981 and are projected to remain stable in 2016 under the new unit definition established by OPWDD.

**Innovative Vocational Expansion Program of NCP:** Program participants are young adults ages 14-21 with a severe emotional disturbance or psychiatric disability. The program is designed to expose young adults to the world of work and to provide them with integrated employment, further training, education and access to community resources that will assist them in their transition to the adult world. NCP expects to maintain the same level of services in 2016 at 288.

**Vocational Program of NCP:** This program, funded by OASAS and VERSA, provides a full array of vocational services to consumers enrolled in addiction treatment, including assessment, career exploration, job seeking skills development, job placement, retention, and follow up services. The program also provides linkages with other appropriate services (VESID, EOC, BOCES, etc.) on an as needed basis. All consumers must be enrolled in an addiction treatment program and actively addressing their addiction in order to receive services.
PROGRAM OBJECTIVES (CONTINUED):

Supported Education of NCP: The supported education program is geared towards individuals diagnosed with severe and persistent mental illness. While the program serves consumers 18 and older the majority fall in the 30 to 45 year-old range and many carry a diagnosis of schizophrenia or schizoaffective disorder. Supported Education assists participants to develop the skills, resources and supports necessary to be successful in their academic environment. The program expects that 90 percent of students will be enrolled at an educational institution and will participate in one or more services or organizations outside the classroom. A total of 25-30 consumers are expected to receive supported education services per year. Projected units for 2016 remain the same at 2,324.

In 2012, NCP converted some of their OMH funding to a licensed limited PROS model and will be reimbursed through Medicaid funding for vocational programs. Supported education programs continue to be funded through the county as pass-through funding.

Capital Region Child and Adolescent Mobile Team operated by Parsons Child and Family Center: CRCAMT services are designed to provide emotional, psychiatric and behavioral crisis interventions with children/youth and their families in a range of community settings. Funded with OMH reimbursement funding, this unit works to keep children in the community and to avoid more expensive hospitalization. The goal is to accomplish crisis resolution expeditiously and with the least disruption to the child and family as possible. When clinically appropriate, the team strives to avoid admission to a higher level of care. CRCAMT provides telephone and/or mobile response to families in the three counties it services, Monday through Friday from 11:00 AM to 9:30 PM. In 2013 RCDMH acquired additional funding for CRCAMT to have an embedded crisis evaluator at the RCDMH County operated outpatient clinic in order to improve diversion of avoidable Emergency Department (ED) crisis evaluations. CRCAMT emphasizes the use of ecological, strengths-based family approach to assessment and intervention. The team focuses on prioritizing the most pressing needs and on improving communication and problem solving skills. This program provides linkages to other, more or less intensive services in the community including access to a new crisis respite bed service. This new crisis bed service is adjunct to CRCAMT and has been developed with new 2015 NYS OMH funding received by Rensselaer County on behalf of three counties (Rensselaer, Saratoga and Schenectady). These beds are utilized to divert children and youth from high cost avoidable inpatient psychiatric admissions.

In 2014, Rensselaer County, in collaboration with Saratoga, Schenectady and Warren-Washington Counties, was able to secure new funding through NYS – OMH to provide a regional Adult Mobile Unit for high risk adults who are: recently discharged from state operated psychiatric centers, forensic state prison release and/or under Assisted Outpatient Treatment (AOT) order. The thrust of this service is to divert avoidable emergency department crisis evaluations; divert avoidable psychiatric inpatient admission/readmission and assist providers in maintaining persons in community settings. The introduction of a Mobile Crisis response to the service continuum is intended to make a positive impact in the reduction of unnecessary ED evaluations and the resultant avoidable inpatient admissions for both Article 28 and 31 hospitals. In addition, the team is to be mobilized for priority response to persons discharged from State Psychiatric Centers and Acute psychiatric inpatient admission and assist providers in working to reduce their respective state psychiatric center census. Discussions among the participating counties indicate both adult behavioral health providers and community stakeholders have identified the need for this service. Recent criminal justice system sequential mapping exercises conducted in both Rensselaer and Schenectady counties has identified adult mobile crisis response as a gap in the system of care. In addition, all five counties are active participants (some as sub-contracted providers of care coordination services) in the health home networks of care which includes a commitment to decrease avoidable ED evaluations and inpatient admissions. Rensselaer County volunteered to be the lead county in this project and has received the funding for the entire project to manage.

Rehabilitation Support Services, Inc (RSS): In 2014, Rensselaer County Department of Mental Health issued a request for proposal with new funding from NYS OMH and RSS was identified as the successful provider to our request. The agency agreed to provide support and services for 7 supported housing beds in collaboration with the RCDMH housing Single Point of Access (SPOA); whom will determine eligibility for these beds. RSS provides a minimum one hour per week of face to face services with staff being accessible by phone, text and e-mail at other times. RSS provides assistance to clients to enroll into Health Home Care Management if they are eligible. RSS has apartments throughout Rensselaer County and will be eligible to clients based on affordability and located where the individuals desire to reside. Funding is new in 2015 and the agency is expected to meet the OMH spending plan guidelines for providing Supported Housing Services moving forward.

St. Anne Institute (SAI): St. Anne Institute/Rensselaer County Department of Mental Health (RCDMH) Specialized Treatment Program is collaboration between SAI and RCDMH funded by the Commissioner’s performance monies from New York State Office of Mental Health. The SAI/RCDMH Specialized Treatment Program provides services to families with children and adolescents who have engaged in sexually abusive, coercive, and/or sexually inappropriate behavior. Best practice recommends
A4322 MENTAL HEALTH CONTRACTED SERVICES

PROGRAM OBJECTIVES (CONTINUED):

St. Anne Institute (SAI) (Continued): youth with sexual behavior problems should be served in community based services. Because of the sexual nature of their behavior these youth are frequently excluded from traditional child welfare or juvenile justice services.

Referrals for families with children and adolescents who are experiencing sexual behavior problems can come from anywhere in Rensselaer County. The most frequent source of referrals is Rensselaer County Family Court and Rensselaer County Juvenile Probation. Referrals are also received from Rensselaer County Mental Health, START Children’s Services, town courts, schools and families sometimes self-refer.

St. Catherine’s Center for Children: RCDMH contracts with St. Catherine’s for the provision of family support services and the coordinated children services initiative. The department refers families to St. Catherine’s Family Support Services to provide the family with respite services for relief from the intense demands of raising a child with social, emotional and/or behavioral disabilities through therapeutically based supervised contact. These respite services are available during the day, evenings, or weekends. This program links families to critical services and treatment in less restrictive settings, which prevents costly out-of-home placements. Projected units of service for 2016 remain the same as reported in St. Catherine’s 2014 cost report at 1,901 units of service.

Through the Coordinated Children Services Initiative (CCSI), St. Catherine’s supports families whose children have special emotional, behavioral, or mental health needs by using strengths based, individualized care approach. Services will be delivered using an approach that offers respite care and skill building in a community based setting so that recipients may remain at home with their families.

Unity House of Troy, Inc.: Rensselaer County funds Unity House for programs that provide service coordination, promote self-sufficiency and prevent costly hospitalizations and out-of-home placements of persons with mental illnesses, developmental disabilities and chemical addictions. Specific programs are listed below.

Unity House Children and Youth Services offer a continuum of programs and services for children and youth from birth to 13 through their Sunshine Preschool. The Special Needs Preschool Program specifically serves children ages 18 months to five years old. Funded by OPWDD, this program provides quality affordable daycare and speech, language and hearing evaluations to children with special developmental and educational needs. OPWDD has been in the process of converting state aid to Medicaid funding to cover the cost of services. This is reflected in the reduced state aid funding to this program and the elimination of Unified Services funding requiring a 50/50 match to receive funding.

In its activities center, Unity House provides Employment and Training Services (ACE, ENCLAVE, & OISE) to assist adults with serious psychiatric illnesses and/or very limited employment skills and experience to find and maintain employment. Their illnesses create significant challenges in finding employment. Services provided include readiness training and skills assessment, the development of individual employment goals, and help finding and retaining both competitive employment and employment in a supportive environment such as the Unique Boutique, a Unity House work crew or with employers in the community who work with the agency. Units for these services in 2016 are projected to remain the same at 6,569. The agency has applied for a limited PROS license (targeted start date of October 1, 2015), in the event OMH accepts that application, funding for these programs will be changed to 100% Medicaid and no longer passed through the county. The county will continue to have oversight responsibilities for the program.

Advocacy Services case management is provided to young adult consumers who were not living in a Unity House residential program but who need support and advocacy. Services provided include: assessment, service coordination, referrals, assistance with daily living and independent living skills, housing assistance, employment assistance, crisis intervention, and emergency assistance which are intended to prevent crisis and expensive hospitalizations. Projected units for 2016 remain stable at 3,360.

Mentally Ill Chemically Addicted Services (MICA) case management services are provided for MICA consumers who are not living in a Unity House residential program but who need support and advocacy. Services provided include: assessment, service coordination, referrals, assistance with daily living and independent living skills, housing assistance, employment assistance, crisis intervention, and emergency assistance. Projected units for 2016 remain stable at 1,439.

In 2014, funding was reallocated partially from Unity House’s transportation program to fund a Nursing program. In 2015, the allocation was increased from $30,000 to $60,000 which will allow Unity House Inc. to be able to offer to eligible Health Home and/or MRT Supported Housing Clients; Nursing services to assist them to remain in the community and avoid more costly emergency room treatment and/or hospitalization.

PROGRAM OBJECTIVES (CONTINUED):

Unity House of Troy, Inc. (Continued):  Unity House’s Supported Housing/Housing Stipend Programs offers a variety of Supported Housing Services, with a combination of rental assistance and case management services provided to people living at their Community Residences (42 beds) and in scattered sites (72 beds) throughout the community.

Permanent housing assistance includes rental assistance and support services provided to adults with mental illness, people living with HIV/AIDS and people who are homeless or at risk of homelessness. Services are delivered based on consumer choice, allowing them to define their needs and receive flexible, individualized services. Consumers choose the location and frequency of meetings with their case managers and define their own goals. Consumer services include eviction prevention, budgeting management, daily living skills training and management of illness symptoms. Projected units of service for 2016 remain stable at 27,570. In addition the agency is projecting 792 units for Supported Housing Community Services supportive services.

Through the Respite Care Program, a situational crisis bed is available that serves as an alternative to hospitalization of a mentally ill person that could otherwise be supported in a community setting. Projected units of service for 2016 remains the same at 242.

Unity House also received funds to provide housing to individuals discharge ready from OMH psychiatric centers. The County will continue to provide funding for these beds in its 2016 Budget with OMH funds.

These housing programs are designed to help adults, with severe mental illness and/or individuals with a co-occurring disorder of mental illness and chemical dependence, receive services in community settings and permit them to live independently and remain in their communities.

Health Home Non-Medicaid Care Management & Health Home Care Management Service Dollars provides a comprehensive care management to help consumers with high end needs to navigate their psychiatric and physical service needs. Services are designed to increase communication between mental health and/or medical providers to ensure effective communication and care. This program assists consumers to link with services and providers to maintain preventive health services and reduce emergency room utilization and inpatient hospital stays.

YWCA of the Greater Capital Region, Inc.: OMH funds help cover the cost for a supported housing case manager that assists seven residents with serious and persistent mental health issues, with activities of daily living and social functioning, community linkages, case coordination, crisis intervention, advocacy and overall promotion of health and wellness. Funding also helps provide the Y’s Women in Transition Program with Peer Advocate staff that provides oversight of the programs 14 women and children recipients who are homeless. These 14 women are also supported by all YWCA staff and there is an afterhour’s emergency plan in place including a YWCA Housing staff member on call. The projected units for 2016 remain equal to 2014 at 5,980.

The YWCA Woman in Transition (WIT) program provides a structured learning environment with oversight provided by the peer counseling staff. There is a mandatory weekly meeting for all program participants, a curfew and daily chores. Participants are also required to maintain two community resource connections which can include employment, substance abuse treatment, mental health treatment, parenting classes, parole, probation, Roarke Center Re-entry Program and more.

Potential WIT residents are generally referred to the YWCA-GCR by a number of agencies and providers such as: homeless shelters, transitional shelters, substance abuse treatment facilities, mental health treatment facilities, NYS Prison system, County Jail, parole, probation, agency or self-referral.

Youth Department – Rensselaer County Unified Family Services: The Rough Riders program was initiated in 1995 in response to a need seen in Rensselaer County to provide young people with a work experience along with job training. The program is open to youth aged 14 through 18 and runs for four to six weeks during the summer. The goal of the Rough Riders is to give youth a positive first work and community service experience with enough training and skills building to successfully attain other jobs in the future. Recipients divide their time equally between work on conservation projects and vocational training. Conservation projects might include gardening, landscaping, trail building, bridge building and carpentry. Training includes job skills development, resume writing, team building, leadership development, tool and work safety, first aid training and environmental education. Youth are involved 100% in each project, from the initial planning process to selecting proper tools and methods to successfully carrying out each project. Participating in the Rough Riders program gives youth a sense of community, personal accomplishment and confidence, knowledge of their local environment and their relationship to it, and respect for themselves and others.

PROGRAM OBJECTIVES (CONTINUED):

Youth Department – Rensselaer County Unified Family Services (Continued): The Rough Riders Program takes place on-site at the Dyken Pond Environmental Education Center. The Center is a Rensselaer County owned and operated public park in Grafton, New York. This 500-acre park is an environmental study site as well as a recreational area. There are six miles of hiking trails along with a 200-acre lake for fishing and boating. The Center serves over 5,000 children and families each year in educational programs and has a yearly visitation of 15,000.

The Rough Riders is funded primarily by Rensselaer County along with the Friends of the Dyken Pond Center, a separate, not-for-profit organization. Through the Office of Mental Health, under Youth vocational funding, The Department of Mental Health is able to provide funding in the amount of $21,675 to this program operated by this department.

Drug Prevention – Roman Catholic Diocese of Albany (RCDA): In Rensselaer County the Catholic School Office is planning to work in five schools St. Augustine, St. Jude, Sacred Heart, and Catholic Central High for the school year 2015/16. Within those five schools Too Good for Drugs and Violence will be taught in about 26 classrooms ranging from kindergarten through 9th grade, for a total of about 461 students. All Rensselaer Catholic schools (five listed above as well as St. Mary’s Academy) will also receive training in the RULER Approach, an emotional literacy program supported by Yale. Creating a space that a child feels safe, respected, and cared for diminishes maladaptive behavior and enhances academic performance among students. This is an evidence based systemic program will be used to address emotional health needs of students, teachers, and families.

REVENUE APPLICABLE TO THIS PROGRAM: $5,518,029

Revenues are estimated based upon recent funding letters provided to the department from OMH, OPWDD and OASAS. These agencies also allow the Commissioner of Mental Health some flexibility in the reallocating of any unspent funding by a program, prior to year-end in the event a program is underperforming.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Contract agencies are budgeted based upon anticipated State Aid funding levels. If any of these were to decrease, it would impact directly on the program funding levels. Contracted arrangements exist with the various agencies listed above for the provision of services and are annually evaluated and modified to reflect funding changes and service needs.

DEPARTMENTAL FUNCTIONS:

The Substance Abuse Prevention Services provides both school based prevention education and counseling; and community prevention services.

The Student Assistance Program (school based prevention) provides Masters Degree level prevention counselors to schools for substance abuse/mental health prevention and intervention activities. The program is funded by the NYS Office of Alcoholism and Substance Abuse Services (OASAS) and individual school districts.

During the 2015 – 2016 school year, seven full-time counselors will be based in area elementary, middle and high schools including, Averill Park, Berlin, East Greenbush, Lansingburgh, and Troy. Assessments, short-term individual, group and family counseling, crisis intervention, referrals and educational presentations are provided.

Evidence based model programs presented in the 2014-2015 school year included Project Alert, PATHS, Project Success, Second Step, Too Good For Violence and Too Good For Drugs. Listed below is a brief description of each program. These programs will continue in the 2015-2016 school year.

- **Project Alert** - This Substance Abuse and Mental Health Services Administration (SAMHSA) Substance Abuse Prevention Curriculum Model Program is available in the Averill Park and East Greenbush school districts. The program motivates young people to avoid using drugs and teaches them skills and strategies required for resisting pro-drug social influences.

- **PATHS** - A SAMHSA model elementary school program is offered at Turnpike Elementary and Troy elementary schools. PATHS, improves a students’ self-control; understanding and recognition of emotions, increases their ability to tolerate frustration, and helps children use effective conflict-resolution strategies.

- **Project Success** – Targeting the high school population, Project Success is offered in the Berlin, Averill Park, Troy and Columbia high schools. It is a science-based substance abuse prevention program that provides classroom education, assessments and small group discussions.

- **Second Step**- Second Step is a classroom-based social-skills program for children 4 to 14 years of age that teaches social emotional skills aimed at reducing impulsive and aggressive behavior while increasing social competence

- **Too Good For Violence** – TGFV is a universal violence prevention and character education program using social and emotional learning to develop skills for conflict resolution, anger management, and respect for self and others. There are lessons students complete with their parents.

- **Too Good For Drugs**- TGFD is a universal prevention program designed to mitigate the risk factors and enhance protective factors related to alcohol, tobacco, and other drug (ATOD) use. The program introduces and develops social and emotional skills for making healthy choices, building positive friendships, communicating effectively, and resisting peer pressure.

Approximately 1,800 classroom presentations were given in the 2014 – 2015 school year.

The evidence-based family/parenting programs provided by the Substance Abuse Department include:

- **Guiding Good Choices** – A SAMHSA parenting program that teaches parents of preteens and younger adolescent’s skills to improve family communication and family bonding with the goal of preventing substance abuse among teens.

- **Active Parenting Now** - Helps parents of children ages 5 to 12 raise responsible, cooperative children who are able to resist negative peer pressure and thrive in the 21st century. Using this program, parents are provided with skills that will help them develop cooperation, responsibility and self-esteem in their children. The parents also learn positive, non-violent discipline techniques so they can avoid power struggles.

- **Active Parenting Teen** – Helps parents of teens age 11-14 by providing training and support for families experiencing dynamic changes during teenage development. It gives parents confidence and courage to meet the challenges (and savor the joys) of their children's teen years.

- **Strengthening Families (10-14)** - This program is for families with youth ages 10-14. Its skills-building curriculum is aimed at preventing teen substance abuse and other behavior problems, strengthening parenting skills and building family strengths.
In addition to the research-based programming, there were over 600 youth who received clinical services in the 2014-2015 school year. All youth received assessments. Based on the assessments, program participants were seen for individual, group or family counseling or referred for other services. Approximately 1,800 counseling sessions occurred with the staff dealing with 350 crisis situations.

In the summer months, program staff provides prevention services in local camp programs: Grafton, Stephentown, Nassau, Sunnyside – Troy, Troy Boys and Girls Club and Brunswick.

The Student Assistance program anticipates the same or more services to be delivered in the 2015-2016 school year.

Community Prevention continues to be a major focus of the Substance Abuse Prevention Services. Many community prevention initiatives continue via the NYS OASAS prevention funding. The Department employs a half time Community Prevention Specialist who is designated to work with area community coalitions, provide community evidence-based family/parenting programs and OASAS prevention gambling information awareness. The other half of the Community Prevention Specialist position is funded by the Troy Drug Free Coalition and is responsible for the coordination of its activities, with a focus on increasing membership. In the past year this specialist has organized/supported activities such as: focus groups; a Drug Take Back event; Rensselaer County Youth Summit; mentoring program for North central Troy youth: National Night Out and Earth Day and the ongoing development of a Youth Court.

In March 2014 the Prevention Needs Survey was given to all 6th, 8th, 10th and 12th graders in the county. Data was compared to that of past years and prevention programming was driven by that data. In March 2016 the Prevention Needs Survey will be offered again and administered to all 6th, 8th 10th and 12th graders in the county. The results will be compared to that of past years. Local coalitions, schools and county administrators received information on the risk and protective factors in their respective areas of the county. This bi-annual prevention survey will again be issued in 2016.

The program sends various representatives to attend regional meetings supporting and promoting community coalition development. Via these monthly meetings, action plans are developed and implemented. Participation in the Statewide Environmental Task Force meetings continues with a focus on laws and policies. The NENY Prevention Cooperative, made up of prevention staff from the 15 counties is a productive group concentrating on regional initiatives and trainings.

In addition to the Troy Coalition Rensselaer County has two other community coalitions. The Berlin (TRACS) coalition meets monthly and has an active youth component. The focus continues to change social norms and provide positive alternatives to using drugs. Averill Park School’s community coalition, Rage Against Alcohol and Drugs (RAAD), also has met regularly this year. The group continues to raise awareness on the dangers of underage drinking and drugging by holding several community events. The Student Assistance Specialist for the respective school district and the Student Assistance Supervisor have consistently attended TRACS and RAAD. The department has been instrumental in providing consultation, technical assistance and maintaining the connection to the county and other coalitions.

In January 2015, the leadership design of the county prevention program changed due to the retirement of the Department’s Director of Substance Abuse services. Administrative functions folded into the job duties of the Director of Clinical Administration and the new Student Assistant Specialist Supervisor. The Student Assistant Supervisor covers supervisory needs part time, and will be deployed in the fall of 2015 to dedicate the remainder of the time to further community coalition development in areas of the county where no coalition currently exists.

**PROGRAM OBJECTIVES:**

School based prevention goals for 2016 are:

1. Explore funding avenues and opportunities to allow evidence based programming to continue; including Heroin prevention and problem gambling prevention/education.
2. To provide science-based prevention programming to schools, families and communities in as many areas of the county as possible.
3. Provide clinical prevention/intervention services within the participating school districts. Coordinate activities with community coalitions to increase protective factors and decrease risk factors in the communities.
4. Continue moving toward healthier community norms; which is a direction supported by NYS OASAS.
5. Work with various school districts to develop new opportunities for expansion.
6. Increase the number of students admitted to prevention counseling services.
PROGRAM OBJECTIVES (CONTINUED):

Community Prevention goals for 2016 are:

1. Assist Berlin (TRACS) and Averill Park (RAAD) in their efforts.
2. Continue the major focus in Troy/Lansingburgh and coordinating the mentoring grant’s activities.
3. Continue our focus on prescription drug abuse, specifically opiates.
4. Explore receiving additional monies to expand community prevention effort to increase suicide prevention, mental health and physical wellness.
5. Assist the City of Rensselaer in their efforts in community coalition building.

In 2015 the Director of Substance Abuse Services position was eliminated. The management tasks for the prevention program were assumed by the Director of Clinical Administration and the new Student Assistant Specialist Supervisor. The department is working with the various school districts to develop new revenue sources. In the 2015-16 School year the Department increased the schools contractual contributions to offset Cost of Living Adjustments.

REVENUE APPLICABLE TO THIS PROGRAM:  $876,285

R1630 16301 Student Assistance Programs - Schools $294,223
R3496 34961 Student Assistance Programs - OASAS  582,062

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Personnel Services reflects a budgeted increase of 2.3% over 2015 year-end salaries for all positions.

“Professional Services” is funded to undertake a bi-annual Prevention Needs Assessment through the school districts in Rensselaer County. This tool will be used by the county to analyze the extent of the drug and alcohol problem within Rensselaer County and to develop evidence based planning to rectify the problem. Anticipated tax levy would be $14,000 to continue undertaking this vital needs assessment, especially in consideration of the recent disclosures by the various local and national news media of the dramatic rise in heroin use in the community. The remaining contractual accounts are funded based upon historical expenditures, along with the anticipated needs of the department.

The programs funded in this code rely heavily on Federal and State Aid to continue services. Any decreases in State or Federal revenue from anticipated amounts would have a direct impact upon program funding levels.

A5630 BUS OPERATIONS

DEPARTMENTAL FUNCTIONS:

Program functions include the provision of bus service to the urban, suburban and rural areas of Rensselaer County. Additional services include the STAR paratransit service and the Guaranteed Ride Home. Service for Hoosick Falls and Route 7 residents into both Albany and Bennington, VT is also provided. Service providers in 2015 are the Capital District Transportation Authority (CDTA) and Yankee Trails, Inc.

PROGRAM OBJECTIVES:

The program objective is to provide public transportation to the residents, visitors and workers of Rensselaer County. This enables those unable or unwilling to drive access to jobs, medical care and other services, and provides independence to the elderly, handicapped and youth.

The public transportation system provides alternatives for commuters and shoppers. It brings relief from traffic congestion and takes cars off the road during peak-hour traffic. Public transportation allows both employers and riders relief from parking requirements and fluctuating gas prices, and also helps reduce greenhouse gases and conserves fuel.

PROGRAM STATISTICS:

From April 2014 to March 2015, CDTA provided 3,828,513 rides, and, in 2014, Yankee Trails carried 5,135 passengers on its Hoosick Falls run. A new handicapped-accessible bus, which brought the run into compliance with the Federal Americans with Disabilities Act, came on line in March 2011. The number of riders on CDTA is still increasing although gas prices have recently fallen.

MANDATES:

The County is mandated to contribute to the Capital District Transportation Authority (CDTA). CDTA provides public transportation to the residents of the County.

REVENUE APPLICABLE TO THIS PROGRAM: $113,400

| R3589 35891 | State Aid - Bus Companies | $53,400 |
| R3589 35892 | Section 5311 Rural Transportation | 60,000 |

SUMMARY OF BUDGET OFFICER’S ACTIONS:

Funds for CDTA have been budgeted as per State mandate. Appropriations for the Private Bus Service (account 04703) are partially funded by State Aid, and the Section 5311 Rural Transportation program is 100% State funded.

REVENUE APPLICABLE TO THIS PROGRAM:

Included under organization code A6010.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

As required by the United Public Service Employees Union (UPSEU) 2014-2017 collective bargaining agreement, all bargaining unit positions are budgeted with a 2.3% increase over 2015 year-end salary levels. Due to a retirement, an Account Clerk position has been downgraded to a Clerk position.
DEPARTMENTAL FUNCTIONS:

Our employment workers do an in depth assessment of our new clients education and work skills and develop a work plan. Educational deficiencies are identified and staff will refer and place clients in basic education training and GED programs. Staff also refer and place clients in CNA programs and other job placement programs. Clients with employable skills are placed on job sites and are required to job search. Staff performs almost all functions in the WTW CMS sub-system and carries a high caseload. Staff work toward the goal of a high client participation rate and toward the ultimate goal of client self-sufficiency and closing public assistance cases.

PROGRAM OBJECTIVES:

The purpose of the Employment program is to encourage, assist and require applicants for and recipients of Family Assistance to fulfill their responsibilities to support their children by preparing for, accepting and retaining employment. The goal of the program is the avoidance of long term welfare dependency through the provision of work activities and employment opportunities.

REVENUE APPLICABLE TO THIS PROGRAM:

Employment is included in our FFFS allocation plan and therefore the revenue is reflected in revenue code 46151 A R4615 under organization code A6109.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

A 2.3% salary increase, based upon the provisions of the 2014-2017 UPSEU collective bargaining agreement, has been budgeted for all Personnel Services line items. The United States Department of Agriculture (USDA) limits an able-bodied adult without dependents (ABAWD) to three months of Supplemental Nutrition Assistance Program (SNAP) benefits in a 36-month period unless the individual is working or participating in certain employment and training activities. Federal statute authorizes the ABAWD requirements to be waived in states or areas within a state which are determined to meet or exceed certain unemployment rates. New York State was approved for a statewide ABAWD waiver through December 31, 2015. However, New York State does not meet the requirements to qualify for a statewide ABAWD waiver beginning January 1, 2016. All districts are required to determine the work registrant and ABAWD status of each SNAP recipient. Effective January 1, 2016, districts who do not quality for an ABAWD waiver are also required to monitor and track each ABAWD’s participation in qualifying work assignments and to timely discontinue or deny benefits to ABAWDs who have received SNAP benefits for three months in a 36-month period and are not complying with the ABAWD work requirement. Based on the ABAWD waiver request that New York State Office of Temporary and Disability Assistance (OTDA) has submitted to USDA for approval, it appears Rensselaer County is not eligible for an ABAWD waiver beginning January 1, 2016 through December 31, 2016. Rensselaer County must implement ABAWD requirements effective January 1, 2016, with April 1, 2016 being the first month that ABAWDs may not be eligible for SNAP benefits due to ABAWD time limits. Initially, Project Hire caseload may increase by up to 2,000 cases with the changes to the employment requirement for SNAP recipients. There will be a need for extensive tracking; dates letters mailed, dates of appointments, no-shows, how many job searches, work sites, etc., in the Welfare Management System (WMS), Welfare to Work (WTW) as well as in case records. The Department is requesting two (2) additional Senior Social Welfare Examiners to handle the additional casework, as well as a Clerk for the data entry and tracking duties.

A6055 SOCIAL SERVICES – DAY CARE

DEPARTMENTAL FUNCTIONS:

Functions include eligibility determination, assessment of community-based availability of care, authorization of services and general follow-up relating to the appropriateness and effectiveness of the programs.

PROGRAM OBJECTIVES:

This major code provides indirect/direct payments for childcare under the New York State Child Care Development Block Grant. These services are provided in accordance with the regulations for the Block Grant. Categories include family assistance day care (clients currently receiving public assistance), low-income day care/diversion (mandated for families < 160% of the state income standard, optional up to 200%), and transitional (guaranteed child care for up to 12 months following the date in which their public assistance case closes). Day care is only provided if the parent/caregiver is employed or involved in an approved work activity. The high cost of child care is an obstacle for parents coming off of public assistance, by providing them with day care they are more likely to continue working and hopefully remain off of public assistance.

REVENUE APPLICABLE TO THIS PROGRAM: $4,612,839

R1855 18551 Repayments Day Care $ 8,500

Functions include eligibility determination, assessment of community-based availability of care, authorization of services and general follow-up relating to the appropriateness and effectiveness of the programs.

PROGRAM OBJECTIVES:

This code provides for mandated contractual purchase of services related to Title XIX, Title XX and specific foster care clients. Preventive services are crucial to the population DSS serves. By taking a proactive role early in a child's life we hope to minimize the probability of institutional care. Institutional care can cost the county upwards of $100,000 a year for one child - and without any guarantee of "success". Services include mandated preventive/protective day care, psychological evaluations, detention prevention, intensive aftercare and prevention, firesetter program, post adoption services, and wrap-around services. Adult clients are able to avoid nursing home placements by providing them with homemaker/home care services.

REVENUE APPLICABLE TO THIS PROGRAM: $3,093,416

A6102 SOCIAL SERVICES – MEDICAL ASSISTANCE - M.M.I.S.

DEPARTMENTAL FUNCTIONS:

This code reflects the County's 2016 Medicaid obligation as per the Medicaid CAP legislation.

PROGRAM OBJECTIVES:

The enacted 2012-2013 New York State Budget began phasing down the current law’s three percent (3%) annual increase paid by counties to the State for Medicaid costs. Under the enacted budget, the scheduled payment increase by counties to the State in the first year of the takeover would be reduced from $183 million to $148 million ($35 million lower than the current law annual increase). For 2015 and thereafter, the payment would be the same as it was in 2014. The Governor estimated the enacted budget would lower payments made by counties to the state for Medicaid by $1.2 billion over five years.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

The State of New York’s 2015-2016 budget continues to phase down the three percent (3%) annual increase paid by counties to the State for Medicaid costs. In 2016, a county’s payment will be based upon their 2014 total Medicaid payments. The new 2016 Medicaid CAP obligation is reflected in “Program Expenditures”. The “IGT Offset” line item represents fifty percent (50%) or the estimated Van Rensselaer Manor’s Upper Payment Limit (UPL) payment, for which the County is responsible.

The homes are certified by the New York State Office of Children and Family Services through its Bureau of Adult Services.

These are payments to residents and operators of adult homes mandated under chapter 759 of the laws of 1987. This code is one hundred percent (100%) funded with no county share.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

At the request of the department, beginning in 2016, this function is being accounted for within the Department of Social Services – Safety Net budget (A6140).

Local functions consist of direct payment of the County share to the New York State Office of Children and Family Services for state training schools. These court-ordered placements are maintained in a state facility. Mandated under the Family Court Act, this cost only represents county share of total costs.

PROGRAM OBJECTIVES:

The enacted 2015-2016 New York State Budget caps the amount that can be billed to local departments of social services (LDSS), including New York City (NYC), for the cost of care of youth placed in New York State (NYS) Office of Children and Family Services’ (OCFS) juvenile facilities. SUMMARY OF BUDGET OFFICER'S ACTIONS:

The State of New York’s 2015-2016 budget caps the amount that can be billed for the cost of care of youth placed in NYSOCFS juvenile facilities. Section 529 of the Executive Law requires OCFS to charge LDSS fifty percent (50%) of the non-federal share of the cost of care of youth placed in OCFS facilities. Bills are generated to charge each LDSS its share of the cost per child based on applicable rates and care days applied to each youth for which the LDSS is responsible. Chapter 50 of the Laws of 2015 caps the mandated costs imposed on LDSS at $55 million from CY 2015 and, thereafter, for the operation of the OCFS juvenile facilities. LDSS should anticipate receiving the next chargeback billing in January 2016. This initiative provides significant fiscal relief to LDSS for 2015 and the out years. In addition, it provides LDSS with the ability to better plan and budget for these expenses due to the predictability of the annual billing amount.

A6140 SOCIAL SERVICES – SAFETY NET

DEPARTMENTAL FUNCTIONS:

Local functions include eligibility determination, recertification, screening, investigation, authorization of services, and monitoring of caseloads.

PROGRAM OBJECTIVES:

Mandated by the State of New York, Safety Net provides assistance to individuals and families who are ineligible for family assistance. The program is comprised of cash and non-cash assistance. There is a 24-month lifetime limit on cash safety net assistance. Non-cash benefits must be paid in the following manner - shelter assistance (direct payment to landlords), utility assistance, personal needs allowance, and other assistance. Level II congregate care and burials comprise over twenty percent (20%) of the total budget. Historically, the State shared 50/50 with the local districts the cost of safety net. However, in the SFY11-12 budget, State reimbursement was reduced to 29%.

A6141 SOCIAL SERVICES – ENERGY CRISIS ASSISTANCE PROGRAMS

DEPARTMENTAL FUNCTIONS:

Local functions include income eligibility determinations, authorization of payments and the direct payment to vendors for energy service.

Beginning with the 2007-2008 heating season, fuel vendors outside of New York City received state payments directly through the Office of the State Comptroller’s central accounting system. The new centralized payment process expedited vendor receipt of HEAP payments, thus increasing the amount of fuel purchased with the HEAP benefit by avoiding late payments and interest charges.

PROGRAM OBJECTIVES:

Mandated by state and federal regulation, the objectives are to assure energy assistance to income-eligible clients.

PROGRAM STATISTICS:

2014 Total Program: $4,185,992

Payments made by DSS 67,209
Payments made by OSC 4,118,783

R1841 18411 HEAP Repayments $100,000
R4641 46411 Energy Assistance Program (46,550)

SUMMARY OF BUDGET OFFICER'S ACTIONS:

The 2016 budget is based upon two-party check payments that cannot be paid directly through the Office of the State Comptroller’s central accounting system. The HEAP program is one hundred percent (100%) funded.

A6310 COMMUNITY PROGRAM GRANTS

DEPARTMENTAL FUNCTIONS:

Appropriations set aside in this cost center are used to contract with organizations and agencies that provide unique and specific community programs, which benefit the citizens of Rensselaer County as a whole.

SUMMARY OF BUDGET OFFICER’S ACTIONS:

In 1997, Rensselaer County chose to abolish the Community Program Fund (G/581/97) procedures for awarding and disbursing appropriations to certain community organizations. The new legislation requires the County Executive to “include such line item appropriations in the Tentative Budget as, in his/her judgment, are prudent and available to support such agencies, and the County Legislature shall act to review and approve said appropriations and authorize any related contracts.”

Overall community program grants have been funded at approximately the same level as 2015.

A6411 TOURISM PROGRAM

DEPARTMENTAL FUNCTIONS:

The Tourism Program was established through the New York State Tourism Matching Funds Program. In place since 1992, it provides private sector interests in the County with a means of using their advertising budgets to attract more individuals to County events, accommodations, and attractions.

As established by New York State’s Department of Economic Development, within this program the State will match advertising dollars generated on the local level for the purchase of recognized media advertising, which may include television, radio, magazines, internet and newsprint. All advertising must promote the county as a whole, and all advertising purchased with funds under this program shall follow central conceptual themes used by the department in its advertising for State tourism promotion.

REVENUE APPLICABLE TO THIS PROGRAM:

R2372  23725  Planning Fees – IDA  $37,836

SUMMARY OF BUDGET OFFICER'S ACTIONS:

In 2012 the Rensselaer County IDA was named the County’s Tourism Promotion Agent (TPA) for the I Love New York Matching Funds Program. County staff continues to perform the day-to-day tasks associated with our tourism activities, but the change in TPA allows the County to react to advertising opportunities more quickly and ensure that our tourism venues and their promotion will be well received by the desired media outlets. This change in the structure of the Tourism Program continues to be reflected in their operating budget.

DEPARTMENTAL FUNCTIONS:

The Veterans Service Agency provides services to veterans of Rensselaer County and their families. Information is provided regarding available benefits and eligibility standards. In addition, qualifying veterans are given assistance with the completion of necessary paperwork.

The office provides counseling to veterans and their families for entitlement to pensions, compensations, insurance, hospitalization, loans, burials, grave markers, educational benefits, annual VA questionnaires, and any other benefits provided by the Federal and State governments. The Agency also helps provide for the placement of grave markers provided for by the United States Government and transportation to/from the Albany Stratton VA Medical Center via the Veteran’s medical transportation vans.

PROGRAM OBJECTIVES:

- To assist the veterans of Rensselaer County with all their needs and questions on any military related benefits to which they are eligible;
- To maintain a positive relationship with the veteran community so that they know and feel that we are here to assist them with everything that we possibly can; and
- To make sure that all veterans receive the medical attention that they are eligible for and receive transportation to/from those VA medical appointments.

PROGRAM STATISTICS:

The Rensselaer County Veterans Agency served a total of 13,561 veterans/dependents in 2014. This is an average of 1,130 veterans/dependents per month.

REVENUE APPLICABLE TO THIS PROGRAM: $17,093

- R2705 27056 Veterans Donations $3,000
- R3710 37101 State Aid – Veterans Services 12,793
- R3710 37102 State Veterans Counselor Telephone 1,300

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Personnel Services reflects a budgeted increase of 2.3% over 2015 year-end salaries for all positions. “Plus Transfers Other Codes” reflects the sharing of Relief Drivers from the Aging Department (A6773). This sharing of resources is planned in lieu of hiring additional drivers strictly for the Veterans Service Agency and ensures that no Veteran will miss an appointment due to a driver absence.

The request to purchase a 12 passenger/2 wheelchair bus under the “Automobile” code for $60,000 has been approved. The new bus replaces a 2008 bus with high mileage.

The remaining contractual codes are funded to meet anticipated needs and are based upon historical spending levels.

DEPARTMENTAL FUNCTIONS:

The Rensselaer County Unified Family Services Department for the Aging has been in existence since 1973 (its predecessor, a model project, began in 1969) and serves the 31,155 residents of Rensselaer County who are 60 years of age and older. The primary goal is to provide a network of supportive and preventative services, which enable the County’s elderly to maintain themselves productively and independently within the community.

The programs delivered by the department are funded by the Federal Older American’s Act, the New York State Community Services for the Elderly and Expanded In-Home Services for the Elderly programs, and the County of Rensselaer. The Older American’s Act divides the areas of service delivery as follows:

- Services (A6772) which includes access, legal and home care;
- Nutrition (A6773) - including congregate and home delivered meals;
- Counseling (A6774) - Counseling for health insurance, pharmaceutical and Long Term Care Insurance.
- Community Services for the Elderly and Caregiver Support (A6775) provides assistance to allow seniors to remain at home and support services for caregivers; and
- Expanded In-Home Services for the Elderly Program (A6777) provides Homemaking/Personal Care, Housekeeping/Chore and Lifeline services.

The Department works in partnership with Rensselaer Organization United for Senior Endeavors (ROUSE) and ROUSE Rural Preservation Corp (RPC) to target its resources to meet the needs of the elderly. Working closely with these partners allows for us to be advocates for the elderly and act as their liaison with local governments.

The Central Office of UFS-Aging provides:

- Planning and coordination of senior programs and services;
- Overall personnel management of Departmental needs;
- Stimulation of interest and action toward the expansion and creation of new programs;
- Pooling of untapped resources to provide services to the elderly; and
- Provision of information and education to the general public to make them more aware of the programs and services potentially available to the elderly.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Pursuant with the provisions of the 2014-2017 collective bargaining agreement between Rensselaer County and the United Public Service Employees Union (UPSEU), 2016 Personnel Services line items reflect an increase of 2.3% over 2015 year-end salaries. This salary increase has been extended to all management confidential employees.

The request to increase the salary of the Deputy Commissioner above the contract raise is approved. The increase is justified due to additional duties managing the nutrition program, which has experienced an 11% growth in the number of meals. In addition, the Deputy Commissioner has been given responsibility for the execution of all departmental contracts and assisting with state and federal revenue claims. Finally, this increase brings her compensation in line with other deputies within the County.

“Plus Transfer, Other Codes” represents the department’s share of the Human Services Liaison related to the assistance provide to the Human Services Cabinet in coordinating its efforts and for the administration of the County’s contract management system.

Contractual codes are funded to meet anticipated needs and are based upon historical spending levels.

A6772 UNIFIED FAMILY SERVICES – AGING DIRECT SERVICES

DEPARTMENTAL FUNCTIONS:

The Unified Family Services Department for the Aging directly provides a wide range of services to the county’s senior citizens, with an emphasis on serving those most in need. The type of service provided include: maintenance of five multi-purpose senior citizen centers and sites, recruitment, training and placement in volunteer activities, screening and placement for employment opportunities, health clinics, recreation, and arts and crafts programs.

In order to adequately serve the needs of the entire county, the department has divided the county into three catchment areas, the Northern, Middle and Southern Tiers. Each tier has senior centers, which relate directly to the communities, the individual senior citizen clubs and the elderly residents in that area. Through this structure, the services offered through the centers are made accessible with fewer barriers.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Pursuant with the provisions of the 2014-2017 collective bargaining agreement between Rensselaer County and the United Public Service Employees Union (UPSEU), 2016 Personnel Services line items reflect an increase of 2.3% over 2015 year-end salaries for all positions.

The vacant Aging Services Center Director I position has been eliminated in order to create a new Coordinator of Aging Services position for the Troy Senior Center. The new title is necessary due to the unique population (low income/high need) that is served out of the Troy Center. The Coordinator of Aging Services will be responsible for coordinating services for those seniors who utilize the Troy Center. The added cost is offset by savings in A6773.

Due to budgetary constraints the vacant Assistant Site Manager position for the Schodack Center will remain unfilled and is put into Personnel Services Savings. In addition, the requests to make the Assistant Aging Services Center Director and the Aging Services Center Director I full time are denied.

Contractual codes are funded to meet anticipated needs and are based upon historical spending levels.

A6773 UNIFIED FAMILY SERVICES – AGING NUTRITION SERVICES

DEPARTMENTAL FUNCTIONS:

The Nutrition Program provides senior citizens with noontime meals, Monday through Friday, which supply at least one-third of the Federal Recommended Daily Nutrition Allowance. Meals are served at five sites throughout the County. The congregate meal serves to break the loneliness, isolation and poor nutrition cycle by giving the elderly the opportunity to socialize with their peers. Operations of the Nutrition Program include supportive services such as Transportation, Escort Service, Information and Referral, Health and Welfare Counseling, Shopping Assistance and Outreach. In addition, Leisure and Recreational Programs are also provided. The Service is targeted to those who are low income, minority, isolated, frail, handicapped or homebound.

Home-delivered meals are provided to the frail and homebound elderly unable to participate in the congregate meal. Payment for both home-delivered and congregate meals is voluntary, with a contribution requested. No one is denied a meal due to his or her inability to pay.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Personnel Services funding is budgeted in accordance with the provisions of the 2014-2017 collective bargaining agreement between Rensselaer County and the United Public Service Employees Union (UPSEU). 2016 line items reflect an increase of 2.3% over 2015 year-end salaries. This salary increase has been extended to all management confidential employees. Due to budgetary constraints, a vacant Aging Services Aide position will remain unfilled in 2016.

The vacant full time Aging Services Specialist (due to a promotion to Coordinator of Aging Services in A6772) position will be downgraded to two (2) part time Information Processing Specialists. Total net savings in Aging is $4,565.

Increases in Relief Personnel and Food (04580) are due to growth in the number of meals being home delivered. The number of meals served in through September 2015 increased 11% from 2014. The remaining contractual codes are funded to meet anticipated needs and are based upon historical spending levels.

DEPARTMENTAL FUNCTIONS:

The Community Services Bill, signed by the Governor in May 1979, provided the first State funding for the provision of services to the older residents of the State. The objective of the program is to assist elderly persons to be able to remain in their home and to participate in family and community life. State funds are provided to assist the county in improving the cooperation and coordination among the providers of community services, who serve the needy elderly. Services will be determined locally, but must:

- Increase the capacity of recipients to remain in their homes and community as long as possible;
- Assist recipients to return to their homes from more acute care facilities; and
- Include activities to advocate that recipients receive other services available to assist them.

On July 1, 2001 a new program was created "National Family Caregiver Support Program" Title IIIE. This program offers supportive services to those caring for elderly persons. Some of the services include:

- Respite Services - Adult Day Care, Homemaking/Personal Care, Housekeeping/Chore, Home Health Aides, and Overnight Respite Care at Residential Facilities;
- Support Groups - Caregivers and Grandparents Raising Grandchildren;
- Home delivered meals; and
- Lifeline

Through the array of services offered under the program, the goal is to give the caregiver a break from the caregiver role. This is important in keeping the loved one home as long as possible.

“Transfers Out” reflects seventy-three percent (73%) of the Aging Services Specialist and is transferred to the Aging Insurance Counseling Budget (A6774). Due to the end of the Title VII Ombudsman Program and all related funding, the position of Ombudsman Coordinator is eliminated. A 12 hour per week Relief Personnel position is being funded in A6773.

DEPARTMENTAL FUNCTIONS:

In 1986, New York State established the Expanded In-home Services for the Elderly Program (EISEP). This program enables many frail elderly to remain in their homes. Recipients can access a well-planned, coordinated package of in-home and other supportive services designed to supplement informal care from their families. EISEP is a uniform statewide program of non-medical in-home, case management, non-institutional respite and ancillary services for functionally impaired elderly (aged 60 years and older) who are in need of community based long term care and are not eligible for similar services under Medicaid or other entitlement programs. Participants whose incomes are above 150% of poverty share in the cost of the services, according to a sliding scale.

EISEP is not an entitlement program and, thus, does not serve all older individuals in need. This program operates under a fixed, capped budget and requires client cost-sharing. Although targeted to low income elderly, clients who are financially able may receive needed services, provided they pay for the services.

PROGRAM OBJECTIVES:

1. Improve access to and availability of appropriate and cost-effective non-medical support services for functionally-impaired, non-Medicaid elderly;
2. Enhance the ability of family members or other informal caregivers to care for an older person in a home environment;
3. Improve the planning, accessibility and management of home care services at the community and client levels; and
4. Expand the availability of non-medical home care services as a cost-effective alternative to more intensive and costly forms of care.

PROGRAM STATISTICS:

129 EISEP clients were served in 2014.

REVENUE APPLICABLE TO THIS PROGRAM: $426,929

R1972 19724 EISEP Contribution $1,000
R3773 37732 EISEP 425,929

### TOTALS

- **Unified Family Services - Youth Services**: 522,966.58
- **Culture and Recreation**: 522,966.58
DEPARTMENTAL FUNCTIONS:

The Bureau of Economic Development and Planning provides assistance and planning to municipalities, private developers, entrepreneurs, farmers and businesses in order to promote commercial and economic growth. The Rensselaer County Industrial Development Agency (IDA), located within this office, markets the attributes of Rensselaer County. The agency also provides financial assistance to attract businesses into the County while helping retain and expand existing employers.

Technical assistance is provided to municipalities in their implementation of planning, land use and community development strategies. Within this office, studies on county-wide trends in land use, growth and development are performed. The Bureau of Economic Development and Planning assists municipalities in updating their Comprehensive Plans and zoning regulations as well as with plans, studies and local laws. The department continues to help coordinate the local communities that fall under federal and state Municipal Stormwater Separate Sewer System (MS4) regulations and completes the County’s annual report for this program. This office is responsible for mandated review of local zoning actions taken under General Municipal Law Section 239, reviewing the County’s six (6) Agricultural Districts, providing transportation and transit planning services, coordinating the update of the County’s Agricultural and Farmland Protection Plan, and working with the County’s snowmobile trail clubs who maintain and operate over 100 miles of snowmobile trails.

The Rensselaer County Water and Sewer Authority, which operates out of this office, is currently overseeing the completion of a $14.6 million bond-financed water and sewer improvement project for the joint water system that serves the Town of East Greenbush and the City of Rensselaer. The Authority is assisting the Town in meeting the requirements of the Department of Environmental Conservation’s sewer treatment consent order. While all of the water system projects have been completed, approximately $700,000 in sewer bond proceeds remain unspent and will be used for sewer pump station upgrades and infiltration and inflow reduction projects in accordance with the Town’s order. The Authority also owns a number of small sewer infrastructure projects that were donated to the Authority over time. It is the mission of the Rensselaer County Water and Sewer Authority to foster public health and well-being and to promote economic development through financing, management and operation of public water and sewer utilities for Rensselaer County and its local governments. In doing so, the Authority strives to provide such services in a cost-efficient manner.

The Bureau of Economic Development and Planning researches and prepares grant applications to address local or public facility deficiencies. The department also assists in the administration of successful grants on behalf of the County and local municipalities, including a homeownership assistance program to provide down payment and closing costs for low-to-moderate income families.

PROGRAM OBJECTIVES:

The Bureau of Economic Development and Planning will continue to promote job growth and retention to broaden the tax base and provide economic stability within the County. The Job Development Program assists in providing financing to new and existing businesses by combining with banks and SBA lenders to provide up to 90% of financing for land, buildings, machinery and equipment. This is accomplished through a revolving loan fund and requires no tax dollars for funding.

Agricultural district and zoning reviews will continue, as well as assistance to municipalities with planning, zoning and infrastructure issues. The Bureau of Economic Development and Planning will continue to assist the County’s communities in fulfilling their MS4 mandates and to assist localities with their land use and development needs. The County’s snowmobile trail clubs will also be served with sponsorship provided through the New York State Snowmobile Trails program.

MANDATES:

The only mandated function in this department is the management of the Bus Operations program.

COMMUNITY DEVELOPMENT FUND
APPROPRIATIONS
CB6400 JOB DEVELOPMENT PROGRAM

DEPARTMENTAL FUNCTIONS:

The primary function of the Job Development Program (JDP) is to provide financing to new or existing businesses which intend to create new jobs in Rensselaer County. JDP combines with conventional financing institutions (bank, SBA lenders) and private lenders to provide up to 90% of financing for land, buildings, machinery, and equipment. An important foundation for providing financial assistance through the JDP revolving loan fund is the realistic ability of the applicant to create new employment opportunities. The minimum level in job creation is one job per $25,000 loaned. In addition to job creation, at least 51% of newly created jobs must be made available to individuals of low-to-moderate income. Loans range between $50,000 and $250,000. Interest rates are usually fixed at the prime rate with repayment terms not to exceed the useful life of assets acquired with loan proceeds.

PROGRAM OBJECTIVES:

The Job Development Program will continue to provide supplemental financing which results in the retention or creation of employment for businesses in Rensselaer County. Loans, funded strictly through a revolving loan fund, are used to assist existing and prospective businesses in expanding or locating within Rensselaer County.

PROGRAM STATISTICS:

The Rensselaer County Job Development Program Revolving Loan Fund was initiated in 1986. Rensselaer County received its eighth round of Homeownership funding to provide assistance to low and moderate income home purchasers for areas outside the City of Troy. Rensselaer County Housing Resources is the subrecipient for program funding, and the program is administered by the Bureau of Economic Development and Planning. This program assists families in preparing for the purchase of a new home, purchasing the home, and homeownership.

PROGRAM OBJECTIVES:

To assist low and moderate income families with training, counseling, down payment and closing costs. Rent payments are often in the same range as a mortgage payment, but for low and moderate income families it is a hardship to save for down payment and closing costs. A twenty percent down payment puts owning a home out of reach for most low and moderate income families. Fifteen families were proposed to be assisted in this round of funding.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

The majority of the activity within this program is expected to take place in 2015, and, as such, any funds which may remain at the end of 2015 will be brought forward into the 2016 budget by legislative resolution.

CS1810 HEALTH PROGRAM

DEPARTMENTAL FUNCTIONS:

The Bureau of Human Resources has the responsibility for benefits administration for County employees and retirees. Staff allocated within this budget code is responsible for coordinating a comprehensive benefits package for all County employees who are eligible and elect to participate in these programs. The medical benefits programs include health, prescription drug, dental and vision programs. Other benefits include the New York State retirement system, deferred compensation and dependent childcare. Specifically, staff enrolls participants, verify claims for accuracy, and collect premiums from medically insured retirees and former employees who continue coverage under the COBRA law.

In addition, staff utilizes the benefits administration system in the PeopleSoft database to enter, update and maintain records for all employees. They also maintain records for retirees who convert sick leave usage into insurance premium coverage. Key responsibilities for staff are service-related in answering numerous questions, facilitating issue resolution between carrier and participant, and generally, assuring employees and retirees know and understand their benefit coverage during and after annual open enrollment periods.

PROGRAM OBJECTIVES:

- Utilization of HRMS system for enhanced benefits administration;
- Continuous monitoring of health benefits costs to assess opportunities for savings, measures have included moving to HMO's in addition to the PPO;
- Monitoring vision and dental programs to assess utilization; and
- Providing relevant benefits information and education to all employees and retirees, as appropriate, for effective benefits utilization.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

The salary for the Human Resource Specialist is funded with a 2.3% increase over the 2015 year-end level. Currently, the position is filled with a part-time employee; Personnel Service Savings represents the savings. It is anticipated that the position will remain part-time for 2016.

“Contractual Agency” funding represents a contract with Capital Benefits Consulting, Inc. for the provision of benefits administration. Included in the “Professional Services” line item is $4,000 for the yearly deferred compensation audit and $8,800 for actuarial services to calculate non-pension post-employment benefit costs to comply with GASB 45. This actuarial study must be completed every other year.

CS9060 MEDICAL INSURANCE

DEPARTMENTAL FUNCTIONS:

The Bureau of Human Resources has the responsibility for benefits administration for County employees and retirees. The Bureau is responsible for coordinating a comprehensive benefits package for all County employees who are eligible and elect to participate in these programs. The medical benefits program includes health, prescription drug, dental, and vision programs. Other benefits include the NYS retirement system, deferred compensation, flexible medical spending and dependent childcare. Specifically, staff enrolls participants, verify claims for accuracy, and collect premiums from medically insured retirees and former employees who continue coverage under the COBRA law. In addition, staff maintains records of retirees who convert sick leave into insurance premium coverage. Key responsibilities include that of customer service, acting as a liaison between the participant and the carrier, answering questions, and generally, assuring that employees and retirees know and understand their benefit coverage.

PROGRAM OBJECTIVES:

- Continuous monitoring of health benefit costs to assess opportunities for savings;
- Tracking of vision care and dental programs to assess utilization;
- Providing relevant benefits information and education to employees and retirees for effective benefits utilization; and
- Utilization of the HRMS system for enhanced benefits administration.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

The revenue for the employee share of the Health program is based upon current enrollments. The employee share of health insurance premiums is contractually set at twenty percent (20%) or twenty-five percent (25%), dependent on the employees date of hire and union membership, of the actual cost paid by Rensselaer County pursuant to the provisions of the various Collective Bargaining Agreements.

D FUND - HIGHWAY DEPARTMENT ROAD FUND

DEPARTMENTAL FUNCTIONS/OBJECTIVES:

The Highway Department’s primary functions and objectives are centered around the basic principle of ensuring the safety of persons traveling on the county highway system. Such functions are performed in accordance with NYCRR 17 Transportation (B), Uniform Traffic Control Devices, the NYS Vehicle and Traffic Law, and other appropriate guidelines. The Highway Department is administered and supervised by the County Engineer.

The Highway Department’s traffic control responsibilities are carried out by installing and maintaining regulatory, warning, and guide signs along the county road system. They also provide signage for highway work zones and construction projects, as necessary, as well as maintaining proper pavement striping. As part of a cooperative program funded by NYSDOT, the department is also collecting field data relating to traffic volume on County highways.

Routine maintenance and repair of the county highway system performed by the department include: sweeping, mowing, brush cutting, and tree removal; pothole patching, shoulder repair, and crack sealing; ditch cleaning, culvert and catch basin cleaning, repair, and replacement; removal of debris from county roads; and repair and replacement of guide rails.

Some of the rehabilitation and repair of selected roads and bridges on the 338 mile county highway system is classified as capital construction and will meet the requirements for aid under the NYS Highway Assistance (CHIPS Capital Aid) program. The objectives of that program include rehabilitation of county roads as part of an overall highway system maintenance and improvement strategy, and some of the functions performed include: bridge rehabilitation and reconstruction, placing stabilized shoulders, resurfacing, roadbed construction, culvert and guide rail installation, roadway realignment and widening, vertical and horizontal realignment, chip sealing, and improving drainage systems. CHIPS Program objectives are achieved through the use of county work force together with private sub-contractors, which provides the most cost-effective means to achieve the stated goals.

The Highway Department is responsible for the maintenance and repair of all County-owned bridges and culverts larger than five feet in diameter. This includes 60 bridges greater than 20 feet in length, as well as approximately 220 culverts and short bridges ranging from 5 to 20 feet in span. It is the long-term objective of the department to remove all bridges from the NYSDOT Deficient Bridge List.

Finally, the department is responsible for the removal of snow and ice from county roads to improve driving conditions during winter months. Specific winter road maintenance activities include plowing roads to remove snow, and spreading salt and abrasives to improve traction and to prevent icing. The Highway Department contracts with several towns and the City of Troy for snow removal on approximately 20 miles of county roads.

REVENUE APPLICABLE TO THIS PROGRAM: $9,840,218

D FUND - HIGHWAY DEPARTMENT ROAD FUND

SUMMARY OF BUDGET OFFICER’S ACTIONS:

Personnel Services funding is budgeted in accordance with the provisions of the 2014-2017 collective bargaining agreement between Rensselaer County and the United Public Service Employees Union (UPSEU). 2016 line items for bargaining unit positions reflect an increase of 2.3% over 2015 year-end salaries. This salary increase has also been extended to all management confidential employees.

The salaries of the personnel on the road maintenance crew are paid directly out of organization code D5110. Charges are then made to the appropriate personnel codes (within D3310, D5112, and D5142) for work done by the road crew other than maintenance of roads. Personnel Service Savings continue to be budgeted in order to afford the Highway Department the necessary flexibility for movement between titles should circumstances dictate. Highway Department personnel continue to work at keeping overtime costs at a manageable level as part of an overall plan to meet departmental responsibilities, although the trend of recently harsh winters has necessitated an increase in both overtime and temporary services funding.

Funding for the CHIPS program is based upon the Highway Assistance (CHIPS Capital Aid) funding anticipated for 2016. Other contractual funding for the Highway Department was approved as per department request where possible, but in all cases was based upon an evaluation and consideration of current fiscal constraints. The contractual agency line item in D5142 supports payments under contracts with other municipalities for snow and ice control services on county highways. Interfund revenue is budgeted in anticipation of projects for other County departments which would be completed by Highway staff.

Most bridge replacement projects are funded through the Locally Administered Federal Aid Program, by which 80% of the cost of design and construction is Federally funded. In addition, New York State will reimburse 15% of the cost through the Marchiselli Program, leaving the County’s cost of such projects at 5% of the total expense.

The department expects to be able to fund a portion of the Deputy County Engineer’s salary expense through various revenue sources in relation to dedicated bridge engineering work. A percentage of his salary will again be transferred to the road fund from the Department of Engineering (A1440) to reflect duties performed specific to bridge projects.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Personnel Services funding is budgeted in accordance with the provisions of the 2014-2017 collective bargaining agreement between Rensselaer County and the United Public Service Employees Union (UPSEU). 2016 line items for bargaining unit positions reflect an increase of 2.3% over 2015 year-end salaries.

As part of their ongoing vehicle and equipment replacement program, funding has been approved within the department’s operating budget for the purchase of two pickup trucks to be outfitted with plow packages. Contractual funding for the Highway Department was approved as per department request where possible, but in all cases was based upon an evaluation and consideration of current fiscal constraints.

HOSPITAL FUND
APPROPRIATIONS
Van Rensselaer Manor is a Skilled Nursing Facility providing all necessary services aimed at maintaining residents at a level of care commensurate with their needs. In order to better meet the needs of the members of our community, the Manor has been actively promoting its short term rehabilitation program. This program provides intensive short term rehabilitation services to community members who have short term acute episodes, with the intent of returning them back to their homes in the community after a brief stay at the Manor. Not only does the provision of this service respond to community need, to the extent that this service is typically paid for by Medicare or a third party private insurer, this service reduces the Manor's reliance on Medicaid funding as well as any possible Rensselaer County General Fund subsidy.

Rensselaer County has had a long and illustrious history of providing for its citizens in need of help, including the chronically ill and frail elderly. This commitment was demonstrated as far back as the 1800’s dealing with various social problems including the cholera epidemic and concern for the poor in need of housing, to the early 1900’s and the tuberculosis epidemic.

As the needs of its people changed so did the emphasis of the County government. Through all of these years Rensselaer County has made a genuine commitment to meet the needs of its citizens, especially, the needs of the most needy, the chronically ill and frail elderly.

The new facility, which opened in 1996, has 362 beds and was constructed as a replacement facility; therefore no new beds were added. This facility was constructed to meet the future potential need for residents in need of long term care. To accommodate the growing number of patients admitted with impaired cognitive skill, there is an 80 bed unit dedicated to this type of resident. There are nine isolation rooms that can accommodate future needs such as tuberculosis or infectious diseases. Piped-in medical gases are provided to 42 beds in one unit, for residents in need of respiratory assistance.

It is the philosophy of the facility to center on the concept of restoring all individuals to their highest level of physical, psychological, and social competency consistent with the individual’s medical condition and individual abilities and needs. This includes measures that prevent physical deterioration and that allow the resident to participate in activities to their optimum, while maintaining the dignity and self-esteem of each individual.

This facility is completely code compliant with regard to existing standards and will allow for the care of our residents in a more appropriate setting. It will continue the progressive nature of County government relative to care for the chronically ill and frail elderly.

SUMMARY OF BUDGET OFFICER'S ACTIONS:

Pursuant with the provisions of the 2014-2017 collective bargaining agreement between Rensselaer County and the United Public Service Employees Union (UPSEU), 2016 Personnel Services line items reflect an increase of 2.3% over 2015 year-end salaries. This salary increase has been extended to all management confidential employees.

Two drivers were moved from Security into the newly created Transportation Department. This will simplify tracking for billing to Medicare/Medicaid. The Activity Department has been merged into the Recreation Department. This allows more operational flexibility, sharing of staff, and ultimately expense savings. In addition the request to add a Full-Time Leisure Time Activities Aide is also approved. Two part-time Leisure Time Activities Aide positions have been eliminated to offset the cost.

The budgeted 2016 expense (EH8391.52) for the State mandated cash receipts assessment is increasing by $1,929,800. In prior years, the budget showed the “net” cash receipts assessment expense, netting the expense against revenues received under this program. In order to better disclose program activity, the 2016 budget request shows both the revenue and expense attributable to the State mandated cash receipts assessment program. This is a budget change only and is not increasing actual expenses.

For 2016, standard, recurring purchases are planned within the Van Rensselaer Manor operating budget. These items include: Updates to computer hardware and software to meet mandated changes ($68,075), kitchen equipment ($25,200), resident furniture, office furniture and dining room chairs ($52,840), electronic equipment and security cameras ($14,000), resident unit appliances including washers and dryers ($30,500), and medical equipment ($52,975).

Contractual codes are funded based upon the department’s request and historical spending levels.

DEPARTMENTAL FUNCTIONS:

The Sewer District facilities were constructed in the early 1970's and began treating raw wastewater in 1976. The District provides services to residents living in the Cities of Troy and Rensselaer, the Towns of North Greenbush, Brunswick, Sand Lake and Schaghticoke. The primary function of the Rensselaer County Sewer District is to protect the waters of the Hudson River by providing effective, efficient secondary wastewater treatment to the wastewater that enters the facility on a daily basis. The secondary treatment at a minimum removes 85% percent of both carbonaceous biochemical oxygen demand (CBOD) and total suspended solids (TSS) from the raw wastewater. Our secondary function is to bill individual users (residential, industrial and commercial) for the use of the District's system. The revenue that is generated is used to pay for annual operation and maintenance of the wastewater treatment plant and pay off any outstanding debt.

Customer bills are generated semi-annually (January and July). Those customers connected to a public water supply are billed based on water usage. For those customers that have a private water supply, bills are based on a cost per unit. All bills are developed at the District's administrative offices located at the Foot of Water Street in South Troy New York. Billing questions and general inquiries can be addressed by contacting District offices at 283-2235 Monday through Friday from 8 am to 4 pm.

PROGRAM OBJECTIVES:

The overall objective of the Rensselaer County Sewer District is to treat the major sources of wastewater that enters the facility. The individual homes, businesses and industrial users, on average, generate 17 million gallons of raw wastewater on a daily basis. The collected wastewater enters the District's interceptors at various locations within the County and is transported via several District owned pumping stations which delivers the wastewater to the treatment plant.

The wastewater treatment plant is staffed 24 hours a day, 7 days a week, 365 day a year. The Sewer District's wastewater treatment plant provides an important environmental and public health function by removing common pollutants that would have been in the past, discharged directly to the Hudson River. New York State Department of Environmental Conservation (NYSDEC) and the United States Department of Environmental Protection (USEPA) regulate all district operations. These two agencies also issue permits, which dictate monitoring requirements and standards that have to be met on a daily basis.

The overall management of the facility is the responsibility of the Administrative Director (AD). The AD is accountable to the Board of Commissioners which is appointed by the County Legislature.

REVENUE APPLICABLE TO THIS PROGRAM: $9,764,465

SUMMARY OF BUDGET OFFICER'S ACTIONS:

The Sewer District’s 2016 revenue projections, as submitted by the department and the Rensselaer County Legislature, include an increase. These anticipated amounts may be achieved by adding new customers, an increase in usage among existing customers, and/or a sewer rate increase. If that is not realized, a reduction of expenditures will be necessary.

Pursuant to the 2014-2017 United Public Service Employees Union (UPSEU) collective bargaining agreement, 2016 personnel services line items reflect a 2.3% increase from corresponding 2015 year-end salary levels. The salaries of the Administrative Director and the Director of Operations and Maintenance have also been increased 2.3% over 2015 year-end salaries. The salaries of the Legal Counsel, Commissioners, and the Chairman of Commissioners remain unchanged from 2015 year-end.
SUMMARY OF BUDGET OFFICER'S ACTIONS (CONTINUED):

“Personnel Service Savings” in G8110 represents the salary of an Account Clerk Typist and a reduction in hours of the Principal Account Clerk. In G8130, “Personnel Service Savings” represents the salary for two (2) Senior Maintenance mechanic positions, two (2) Waste Water Plant Operators, and two (2) Laborer positions. Due to budgetary constraints, all of these positions will remain vacant in 2016. In addition, the position of Principal Store Clerk will be eliminated.

“Office Equipment” has been funded at $3,000 to replace outdated computers.

Contractual codes have been funded based on the department’s request and historical spending levels.

The balance of the required funding in the amount of $200,000 is provided by an appropriation of the anticipated available fund balance.

Rensselaer County established a self-insured workers’ compensation pool in the 1980’s. Self-insurance delivers savings in the form of costs that otherwise would be paid to insurance companies to cover their profit margin, administrative costs, marketing and other expenses not directly related to benefit payments. Any taxing authority within Rensselaer County is eligible to participate. Presently, the pool is comprised of the County, Hudson Valley Community College, Rensselaer County IDA, Soil & Water Conservation, nine (9) towns, one (1) village, seventeen (17) fire districts and ten (10) rescue and ambulance squads. Collectively over 3,500 municipal employees and 700 volunteers are covered by the plan.

Working with our consultant, Capital Benefits Consulting, Inc., an aggressive case management program has resulted in reduction of claims paid out and potential long-term exposure. Steps include accident recording, investigation, and claims processing. In addition, we provide information to taxing authorities interested in joining our pool, and assist them in taking the actions necessary to become members.

**PROGRAM OBJECTIVES:**

- Continue to work with Capital Benefits Consulting, Inc. in aggressive case management with the goals of minimizing claim exposure thereby reducing costs;
- Continue to utilize the services of a County-designated physician as a first stop for analysis of the extent of disability;
- Implement an accommodated return to work program in appropriate departments with the goal of returning employees to work and reducing overall claims costs;
- Implement a safety awareness-training program for target departments that would incorporate accident prevention, investigation, and procedures to reduce work-related accident and injury; and
- Continue intensive case management of workers’ compensation cases in an effort to reduce costs.

**SUMMARY OF BUDGET OFFICER’S ACTIONS:**

“Professional Services” reflects $15,000 for an actuarial study of the pool, and $107,000 in funding to Capital Benefits Consulting, Inc. for the administering of claims and certain program costs.

*THE CONTRACTS AND LEASES LISTED ABOVE HAVE BEEN CLEARLY IDENTIFIED AND DISCLOSED IN THIS BUDGET.*

* THIS DISCLOSURE INCLUDES VENDOR, REVENUE SOURCE, PURPOSE AND MAXIMUM CONTRACT AMOUNT.

* FURTHER, THESE CONTRACTS AND LEASES WILL BE ENTERED INTO FOLLOWING STANDARD COUNTY PURCHASING PROCEDURES.*

**ADOPTION OF THIS BUDGET SHALL CONSTITUTE AUTHORIZATION OF SAID CONTRACTS PURSUANT TO SECTION 3.03C OF THE RENSSELAER COUNTY CHARTER.**

(Note: Some contracts, which are listed here, are funded within two different budget codes. The remainder of these contracts are indicated by italics. The total amount of those contracts are over $5,000.)
Appendix B

PROPOSED CAPITAL PROJECTS PROGRAM
The following six-year Capital Projects Program has been prepared in accordance with Sections 5.04 and 5.05 of the Rensselaer County Charter.

It is the intent of the Capital Projects Program to identify all projects to be initiated and/or completed over the next six years, to state how the project is to be funded, and to indicate where the budgetary appropriation is to be included. For the purpose of this program, a capital improvement is defined as follows:

- purchase of land
- construction of new buildings
- reconstruction of existing buildings
- purchase of large machinery or equipment
- major improvements to large machinery or equipment
- any acquisition in which gross cost exceeds $10,000
- any studies or surveys preliminary to the above noted projects

Approved projects are then budgeted in either the Capital Fund (H) or the Operating Fund, based upon the following criteria:

- **Capital Fund**
  - Major, non-recurring projects with costs in excess of $50,000, and those which require bonding. Useful life must be in excess of ten (10) years.
- **Operating Fund**
  - Smaller, recurring, routine projects with a gross cost in excess of $10,000 will be budgeted in the requesting department’s operating fund.

The 2016 Capital Projects Program continues the County’s commitment to providing for capital improvements. Whenever possible, ongoing annual capital program appropriations will be funded within operating funds. Normally the issuance of debt will be limited to large projects with relatively long useful lives.

All anticipated projects are identified in the accompanying chart. The total cost for each project over the next six years has been identified, as has the method of funding. The following key supports those funding methods:

- Tax Levy (a)
- Bonds (b)
- Federal Aid (f)
- State Aid (s)
- Operations (o)
- Other (p)

**BUILDINGS/ENGINEERING** - The Court Facilities Renovation involves restoration of portions of the building’s exterior (windows, roof, and masonry), historic preservation and restoration of important elements of the structures, and completion of needed site and utility work.

The County’s Facility Master Plan prioritizes capital spending for the preservation of County buildings and for required modifications needed for energy conservation, accessibility, and life-safety code compliance.

With a goal of improving the energy efficiency of County buildings, an energy performance contract was awarded in 2009 and phase 1 of the facility upgrades, which focused on the County Office Building, was completed in 2011. The funding in the current capital projects program includes maintenance and necessary upgrades, which, in addition to the County Office Building, will focus on several other County facilities.

**COUNTY CLERK** - The office intends to overhaul the Department of Motor Vehicles (DMV), particularly the counter and lobby area. The overhaul would include the construction of a new counter, which would meet DMV design specifications, as well as provide additional workspace for employees while allowing adequate room to conduct transactions. A new lobby area would allow for adequate and comfortable waiting space for customers. A new entrance would be handicapped accessible and would provide ingress and egress only to DMV, allowing the office to open additional nights and weekends. The County will have to review the best way to pursue this request.
2016 CAPITAL PROJECTS PROGRAM

**DISTRICT ATTORNEY** - The department is requesting that the carpeting within the office be replaced, as it can’t be cleaned or repaired. Also, the office needs to be completely repainted. Due to fiscal constraints, this capital request has been deferred until 2017. These requests will be brought to the attention of the County Engineer.

**FINANCE** - The Bureau of Finance would like to purchase and implement a new Financial, Payroll and Human Resources software package to replace the County’s outdated PeopleSoft software. The project will, hopefully, begin during the fourth quarter of 2015 and continue into 2016.

**HEALTH** - The department’s computer replacement program, which would allow for replacement of up to eight (8) computers per year, is funded in 2016.

**HIGHWAY** - The Highway Department’s capital program reflects the County’s continued commitment to funding highway and bridge projects involving repairs, rehabilitation, and reconstruction. The County will continue its efforts to undertake general road resurfacing and reconstruction projects, bridge rehabilitation and replacement, and plans to make further roadside safety improvements as necessary. This overall commitment will again be augmented in 2016 with State Highway Assistance (CHIPS Capital Aid) funding. Funding of bridge projects includes a combination of Federal and State assistance. The department’s plan for the replacement and upgrade of heavy equipment, which should result in lower overall costs of future equipment maintenance and improved productivity, is funded in 2016.

The Highway Department has presented a plan to address needed capital improvements throughout several of their facilities. Those improvements include, but are not limited to: construction of a replacement garage in Grafton, construction of a salt shed in Berlin, replacement of the roofs at the main and Schodack garages, and installation of DEC-required floor drains at various garage locations.

Finally, as part of a 10 year Strategic Highway Improvement Plan drawn up by the department, plans to address significant road maintenance and reconstruction projects throughout the County Highway System have been presented.

**HUDSON VALLEY COMMUNITY COLLEGE (HVCC)** - At the request of the County’s bond rating agencies, Rensselaer County includes Hudson Valley Community College’s capital program proposals within its six-year plan.

Capital projects for the college are generally financed fifty percent (50%) by the State of New York and fifty percent (50%) by county-backed general obligation bonds. Debt service, for bonds issued prior to 2001, is funded entirely by the college’s capital chargeback account. Subsequent debt issues are primarily for the College’s first Facilities Master Plan, which is being funded equally by student parking fees and special levy property tax chargebacks.

HVCC is upgrading its athletic facilities at a cost of $3,500,000. The college has received state funding for this project. Matching funds will be provided by the faculty student association. This project is currently underway and scheduled for completion in August 2016.

**LEGISLATURE** - The estimated balance of unexpended funds ($701,952) within Capital Project H1106 is allocated for repairs and improvements to the Legislative Chambers.

**MENTAL HEALTH** - Office automation has enabled the department to combine billing, client scheduling, client progress notes and treatment plans while improving efficiencies. This ongoing six year plan to update the computers used both in the office and in the field along with the software upgrades will allow the department to automate the client records and the billing process to further improve efficiencies and remain in compliance with mandates for electronic health records. Desktop computers that are more than five (5) years old will be replaced with laptops and other mobile computing devices.
MENTAL HEALTH (continued) - The department intends to continue its vehicle replacement program for vehicles that have reached the end of their useful life.

To allow their employees in the field to connect to County shared drives efficiently over Wi-Fi, the department is purchasing VMware software, licensing, and all needed hardware (servers). This is the recommended solution from BRIS and is estimated to cost $82,500.

Financing for all Mental Health projects is estimated at one hundred percent (100%) State Aid.

PROBATION - The department’s computer replacement program, which would allow for replacement of up to four (4) computers per year, is funded in 2016. The department’s vehicle replacement program has one vehicle scheduled for replacement in each of the next five years.

PUBLIC SAFETY - The Bureau of Public Safety will purchase a new burn facility at a cost of $85,000. This is used by all Rensselaer County Fire Departments for mandated training. The existing tower is no longer safe for live burn exercises. The existing tower will continue to be utilized for climbing and other non-burn related training.

SEWER DISTRICT - The District is planning on making repairs and upgrades to the sewer collection system, including inspection, repair and cleaning of district interceptors to maintain compliance with Department of Environmental Conservation Consent Orders. This is estimated to cost $175,000 in 2016 and is funded in code 04900 G 8120.

The Sewer District is replacing the aging grit and aeration equipment at an estimated cost of $10 million. This project will improve efficiency, add energy savings, and help maintain compliance with Department of Environmental Conservation Consent Orders.

SHERIFF/JAIL - The department plans on a replacement and upgrading program for computer hardware and software for the ensuing six-year period.

The parking lot at the Public Safety Building needs to be resurfaced and/or repaved, which the department would like the cost to be bonded for in 2016. The County will have to review the best way to pursue this request.

In 2016, the office will purchase four (4) vehicles. In future years, it intends to continue its ongoing vehicle replacement program by replacing approximately six (6) vehicles per year.

Chiller #1 and the closed circuit camera system will be replaced in 2016. The department will review the necessity of replacing other vital equipment within the facility.

The request to replace the Avaya server is scheduled to take place in 2017.

Due to fiscal constraints, the request to replace the server room doors has been deferred until 2017. This request will also be brought to the attention of the County Engineer.

SOCIAL SERVICES - Computer, office furniture and vehicle replacements are projected for the ensuing six-year period.

UNIFIED FAMILY SERVICES – AGING - The department will continue to utilize Capital Project funds to repair and upgrade the County’s various senior centers. In addition, the department will replace one 12-passenger van in 2016.
2016 CAPITAL PROJECTS PROGRAM

UNIFIED FAMILY SERVICES – VETERANS SERVICE AGENCY - The department is replacing a wheelchair bus for $60,000. The bus is used to transport Veterans to and from medical appointments and/or Adult Day Care Facilities.

VAN RENSSELAER MANOR - For 2016, standard, recurring purchases are planned within the Van Rensselaer Manor operating budget. These items include: updates to computer hardware and software to meet mandated changes ($68,075), kitchen equipment ($25,200), resident furniture, office furniture, and dining room chairs ($52,840), electronic equipment and security cameras ($14,000), resident unit appliances including washers and dryers ($30,500), and medical equipment ($52,975).

Other Van Rensselaer Manor projects earmarked for 2016 include repairs to the Courtyard fencing ($16,000) and replacing damaged tile in the first floor units ($265,000).
