4. Evaluating Progress Toward Measurable Goals MCM 1

Use this page to report on your progress and project plans toward achieving measurable goals identified in your Stormwater Management Program Plan (SWMPP), including requirements in Part III.C.1. Submit additional pages as needed.

A. Briefly summarize the Measurable Goal identified in the SWMPP in this reporting period.

Educating public and local officials varying message and scope. Goal has included public clean-up days, training local officials, planning and zoning boards and highway staff. Set up contractor training but had to cancel in-person training. Training was held on-line by multiple-county Soil & Water Conservation Districts. Pushed on-line education to communities/public when available.

B. Briefly summarize the observations that indicated the overall effectiveness of this Measurable Goal.

Due to shift of population homeward and to the rural areas for recreation, change in litter/floatables locations. Highway staff are automatically following BMPs. Contractor trainings were held on-line. Community group website is being maintained. Adopt-a-highway partnerships still increasing and clean-ups still continuing. Jointly held several hazardous waste clean-up days with county communities that were well attended.

C. How many times was this observation measured or evaluated in this reporting period?

5

(ex. samples/participants/events)

D. Has your MS4 made progress toward this Measurable Goal during this reporting period?

● Yes  ○ No

E. Is your MS4 on schedule to meet the deadline set forth in the SWMPP?

● Yes  ○ No

F. Briefly summarize the stormwater activities planned to meet the goals of this MCM during the next reporting cycle (including an implementation schedule).

Brochures, booklets and posters for certain land uses and POCs. New brochures for identified pollutants. Provide materials for Capital District Garden Show. More partnerships to help us reach our goals. Continue to improve web site for NOI communities. Include educational materials in curb cut permit materials. Print educational doorknob hangers for individual IDDE issues which include why the issue and how to prevent it.
