 - e) Other (please explain):

- 3) Is this expense or program mandated? Yes _____ No x _____

- 4) Length of expense or project (one time only, ongoing, etc.): one time

- 5) Justification for the appropriation/expenditure requested. Include any revenue this will produce or any expense that will be avoided: The department is requesting this expenditure to replace the existing 2014 F-250 currently being utilized. The current vehicle is 2WD and 2 doors with no interior truly weatherproof space. The department has expanded on its operations utilizing computers, tools and calibrated scales that require a safe means to transport. The vehicle needs to be 4WD as the department has increased its inspection list by 400 devices in 2 years while keeping the department at 1 employee. We need to be out each day and in all weather to complete the workload. The current vehicle shows signs of age and requires more frequent repairs, burdensome for a department that is inspecting each day.
